Being treated in a satisfactory manner by your present doctor? Is he carrying out his promises? Has he cured you in a reasonable time, and lived up to his guarantees? Are you paying him exorbitant prices for medicine? Does he employ thoroughly up-to-date and scientific methods, which would be approved by the regular family doctor? If you cannot answer these questions favorably to yourself, come and have a confidential talk with me about your case. It will cost you nothing.

Cured in Five Days

I cure such disorders as Varicose Veins, Hydrocele, Piles, Specific Blood Poison, etc., completely and permanently, often with only a single treatment. No severe operations employed, nor detention from business. I especially solicit stubborn and long standing cases that other doctors have failed to cure.

Jasper G. Stevens, president of a number of eastern Oregon banks, well known as one of the leading residents of the Grand Ronde valley, and a member of the first graduating class at the University of Oregon, died suddenly this morning at his home, 783 Irving street, in this city. Mr. Stevens had been in excellent health save for a slight attack of tonsilitis, and his death was entirely unexpected.

Mr. Stevens entered the first class at the University of Oregen and studied pharmacy For twenty-six years he was a drug-ist and postmaster at Cove, Or., and during his long residence in the Grand Ronde valley he became the owner of a large amount of farm and other proprty in eastern Oregon and was instrumental in starting a number of banks there. At the time of his death was president of the State bank of Cove, and of the Stockgrowers and Farmers bank of Wallula and vice-president of the Union bank at Union.
