

DARROW CONFERS WITH UNIONISTS

Chief Attorneys for McNamara Meet With Labor Leaders in Frisco.

(United Press Leased Wire.) San Francisco, June 1.—An important conference which lasted until early this morning was held by Clarence Darrow, chief counsel for the McNamara brothers, charged with having dynamited the Los Angeles Times plant, with prominent San Francisco labor leaders and witnesses in the case.

Darrow will leave tomorrow for Chicago and expects to return to Los Angeles in about two weeks. The conference was called upon the arrival of Darrow at 9:30 o'clock last night. He was accompanied by Job Harriman, associate counsel, and E. N. Neckles, secretary of the Chicago Federation of Labor.

Darrow and Harriman went to the headquarters of the State Building Trades Council where they met O. A. Tveitmo, secretary-treasurer, and Anton Johannsen, state organizer of that organization. For more than two hours Darrow questioned Tveitmo, Johannsen, Mrs. Johannsen, Jacob Lofthouse and E. B. Mortan, all regarded as important witnesses in the dynamiting case.

Lofthouse and Mortan both personally knew M. F. Schmidt, one of the alleged principals in the dynamite case. Darrow said he wanted to familiarize himself with the San Francisco end of the case. Harriman planned to leave for Los Angeles today.

PUSH CLUB MEMBERS DISCUSS MEASURES

At a meeting of the North Albina Push club held Monday evening matters pertaining to the voters in the coming election were discussed and disposed of to the satisfaction of the members. The "No seat, no ride" measure was vehemently denounced by the majority of the members. Opening of Kerby street through the Montgomery tract was strongly favored and the club went on record as guaranteeing support to the proposition.

The local public service initiative measure was upheld, and the following resolution was adopted: "We commend the initiative providing for a local public service commission and urge the local clubs to use all honorable means to secure its passage on June 5."

COUNTRY EDITORS TO BE SHOWN GOOD TIME

County editors will be given a taste of high life when they come to the Rose Festival next week. The Portland Press club members will take them under their wings and see that they purchase no shiny jewelry, or bet on horse races in Oshkosh, and they will be entertained during their stay at the club rooms.

Besides the visiting courtesies that will be extended to their brothers from the tall and uncut, the members of the club will on Friday night of Festival week put on an entertainment in honor of the country newspapermen; they will be shown something they never before dreamed of.

During the week the Press club rooms will be fittingly decorated with the Festival regalia—roses—and roses. Open house will be kept and the latch string will be hanging low for the brothers from anywhere, and there will be no password.

Paisley's business men will meet June 2 to organize a commercial club.

SIDE OF MOUNTAIN BLOWN OUT FOR ROAD

(Special Dispatch to The Journal.) Marshfield, Or., June 1.—Road improvement requiring difficult work is being done on the wagon road from Allegany to Loon lake, which is a part of the new Coos Bay-Drain overland route. A few miles out of Allegany the road goes over a mountain known as Jackson's bluff. This grade will be cut out and a new road is being built around the side of the mountain. To make the road it is necessary to blast out the side of the mountain. The rock which falls from the cliff is crushed and used to make the bed of the new roadway at the bottom of the mountain. The improvement is expensive; however, when it is finished it will make a roadway which can be used at any time of the year. The auto will go over the new road to Loon lake and from there to Drain.

Falling Tree Kills Logger.

(Special Dispatch to The Journal.) Marshfield, Or., June 1.—Charles Sands, a logger employed at the Coos City camp of the Smith-Powers company, was instantly killed when a falling tree struck him on the head. Sands was about 40 years old and leaves a sister here and a wife and children in Finland.

LADY DUDLEY'S AUTO CAUGHT BETWEEN CARS

(United Press Leased Wire.) Melbourne, June 1.—An automobile accident which occurred in the streets of Sydney nearly cost the life of Lady Dudley, the wife of the governor. Her ladyship was motoring to Bondi in a big 50 horse power car when the chauffeur in a narrow part of Oxford street tried to dash between two oncoming electric cars. The motor men of the trams which were coming from opposite directions saw the automobile as it turned rapidly in an attempt to pass between them. They applied their brakes with all their force but were unable to check the speed of the car which caught the automobile and crushed it like an egg shell. Only the center of the vehicle was left intact.

Rural Carriers Organize.

(Special Dispatch to The Journal.) Hillsboro, Or., June 1.—The Washington County Rural Mail Carriers' association was reorganized at a meeting held in Hillsboro Tuesday afternoon. Carriers from all parts of the county participated and State President Franz Kraxburger of Aurora was present. The cooperative plan of buying supplies used by the carriers was discussed and it was the sense of the meeting that any plan of this kind adopted should include articles of household use as well. Officers elected were: W. M. Tipton of Hillsboro, president; O. L. Curtis of Forest Grove, vice president; W. H. Boyd of Beaverton, secretary-treasurer.

"WARDEN" IS IMPOSTER SAYS STATE FORESTER

State forestry officials are very anxious today to find the present whereabouts of one "Charles Kramer," a steekily built man about 42 years old, who is parading about the state falsely representing himself as the "chief fire warden of Oregon."

According to Forester T. A. Elliott, the man is an imposter. It has been ascertained also that the Portland address, "room 14, Princess hotel," which Kramer gave to a chance acquaintance he met on the Astoria & Columbia River train while enroute to Astoria Saturday, May 30, is fictitious. Inquiry made at the Princess hotel discloses the fact that no such person is known there; and that furthermore, there is no "room 14" in that hotel.

What motive the mysterious person may have for falsely representing himself as chief fire warden of the state, is thus far unexplained. The man's apparently sincere manner of introducing himself to numbers of persons at Astoria led to the general belief there that he was truly a state official. In conversation with individuals in that city, he said that he was appointed by Governor West, and that he had five years' experience as a deputy. He showed familiarity with the forestry conditions of the state. While in Astoria he declared he was working for a bill which would place the deputies under a salary basis. He is said to have appointed a man named Larkin as deputy at Astoria. Kramer declared that he was going to address the Chamber of Commerce in Astoria in support of the proposed bill.

When last seen he was headed for Gearhart where he said he was to make another appointment as deputy fire warden. He said that his wife and family lived in the country four miles back of Astoria.

MURRAY TO RELIEVE CARTER AT SAN ANTONIO

(United Press Leased Wire.) Washington, June 1.—Major General Arthur Murray will relieve Major General William H. Carter in command of the maneuver division at San Antonio, Texas, July 1, according to an announcement made today by the war department. This is in accordance with plans made some time ago to rotate the several major generalis as commanding officers of the division now at San Antonio. Major General Fred D. Grant will follow General Murray.

Wife Heirless, But He's "Broke."

(United Press Leased Wire.) Los Angeles, June 1.—Despite the fact that his wife is heirless to several millions left by her father, E. J. Baldwin, Harry R. Stocker today declared he does not possess \$2000, and says that in February 1910, he did not have a dollar. Stocker's statements were made in answer to a suit filed by William Anderson, an attorney, for \$4000 in fees.

IN SEATTLE IN HOUR THREE DIE BY SUICIDE

(United Press Leased Wire.) Seattle, Wash., June 1.—Three men are dead today following an hour's suicide record. Two shot themselves at the St. James hotel in rooms just across from one another and within 15 minutes. Ernest Eisenhardt, in room 32, first tried to end his life with a bullet to the heart but missed the vital organ, and to make death certain and quick sent a bullet through his brain. In room 31, Jack Smith sent a bullet into his brain.

Each was about 35 years old. Eisenhardt, a recent immigrant, had entered a saloon shortly before and announced to the bartender that he was going to commit suicide. The bartender thought he was jesting. "Well," added Eisenhardt, "I must; if I don't shoot myself somebody will shoot me." Smith had returned only recently from Alaska. The third suicide was T. N. Holden, a realty dealer of East Seattle. He walked out on a float at the foot of Spring street, sent a bullet into his brain and toppled over into the water. He left a note explaining that he had met financial reverses.

Driver Badly Hurt in Runaway. Freewater, Or., June 1.—Robert Fowler, a driver on the Rezer ranch, was injured so badly in a runaway accident last Sunday that he is now lying in St. Mary's hospital, Walla Walla, in a very critical condition. His spine was injured and he was also hurt internally.

BRILLIANT PYROTECHNIC DISPLAY AT "THE OAKS"

The most brilliant and spectacular displays of fireworks ever seen in Portland will be staged at the Oaks Monday and Friday nights of next week as part of the Rose Festival program, according to John F. Cordray, manager of the park. W. H. Willson of Los Angeles, who put on the pyrotechnic displays at the Lewis and Clark exposition and the Alaska-Yukon-Pacific exposition, has arrived to handle the displays.

In all, 48 shells will be fired at each performance, the program lasting for more than an hour. Two scoops, one 150 feet in length, are now being placed in the river opposite the Oaks to accommodate the set pieces, the principal one of which is entitled, "Aerial Warfare" and the mortars.

Monday night the illuminated flotilla of water craft, which will proceed down the river with bands playing and rockets soaring overhead, will terminate at the Oaks. Manager Cordray has arranged his pyrotechnic display as a reception for the flotilla. As soon as it arrives his program will be commenced. It will be repeated Friday night, so that those who fail to visit the park and witness it Monday night may have an opportunity of doing so then.

Arthur P. Gorman Jr., son of the late United States Senator Arthur P. Gorman, has given his friends to understand that he will be a candidate for the Democratic gubernatorial nomination in Maryland this summer.

26 NURSES TO GET DIPLOMAS TONIGHT

Diplomas will be awarded to 26 nurses tonight, who will graduate at the Good Samaritan hospital. Rev. Charles W. Robinson and Dr. R. J. Marsh will deliver addresses. The diplomas will be presented by Bishop Scadding. Exercises will be given in the chapel and a reception will be given to the graduates afterward in the Nurses' home.

The graduates are: Mary Moffet, May Shaver, Verna Farrell, Eva Sinclair, Minta Melcum, Ellen Nolan, Alma Johnson, Edna McLoughlin, Laura Lambert, Jeanette Styles, Bessie Lathrop, Marguerite Thomas, Bernandine Klingon, Lelpha Hawley, Myrtle Stevens, Cora Dunap, Ola Miller, Amelia Fitchner, Iva Cooper, Jennie Whitcomb, Alice Joseph, Arizona England, Marie Kinzel, Lillie Jenkins, Jane Tenbaum and Lilian Pellette.

An electric searchlight to be attached to the barrel of a gun to aid a hunter to see game at night is a German invention.

It Directly Affects You

The politicians who prepared the ordinance proposing heavily to increase the already enormous taxes now paid by this company have stated that it will tend to lower your own taxes by compelling others to provide the money.

As a matter of fact, YOU KNOW BETTER.

YOU KNOW IT WILL NOT MAKE ONE CENT'S DIFFERENCE IN YOUR TAXES.

On the other hand, it will PREVENT THE EXPENDITURE OF A LARGE SUM OF MONEY IN THE IMPROVEMENT OF THIS COMPANY'S SERVICE AND FACILITIES. This will be no advantage to you. It will be a detriment.

You have a right to know in what respect the voting of this tax will be a detriment. Here are the facts:

When this company issues bonds for improvement and betterment work, it is distinctly provided that 75 per cent of that amount may be raised by the sale of the bonds, while the balance, 25 per cent, must be appropriated from the earnings of the company. If the earnings of the company are reduced by having to pay more taxes it makes it that much more difficult to comply with the rule regarding the raising of money by the sale of bonds. In other words, EVERY DOLLAR TAKEN FROM THE EARNINGS OF THIS COMPANY ABSOLUTELY PREVENTS THIS COMPANY FROM BORROWING THREE DOLLARS; THUS, FOUR DOLLARS OF IMPROVEMENT WORK MUST BE ABANDONED FOR EVERY DOLLAR THAT IS DEDUCTED FROM EARNINGS IN THE NATURE OF ADDED TAX.

The abandonment of improvement work is a serious matter in a city that is growing by such prodigious leaps and bounds as Portland is.

Another thought.

We have shown that it is the policy of this company to REINVEST SUBSTANTIALLY ALL OF ITS EARNINGS in the betterment of the service. To the extent that you impose a restriction upon its earnings, to that extent do you ACTUALLY HANDICAP THE WORK OF IMPROVEMENT.

To vote in favor of increasing the already huge taxes of this company, therefore, would injure the service, the city, AND YOURSELF. That's the way it affects you.

WE ONLY ASK A SQUARE DEAL—NOTHING MORE.

VOTE 131—NO!
