

FINAL O. A. C. WEEK BEGINS TOMORROW

Degrees Will Be Conferred June 13 on 131; Many Alumni Expected.

(Special Dispatch to The Journal.) Oregon Agricultural College, Corvallis, Or., June 6.—A week of festivities, beginning the evening of June 7, will close the college year and mark the graduation of the class of 1911.

The program will be opened immediately upon the close of examinations tomorrow, with the graduation recital of the school of music. The next day the cadet regiment will journey to Portland to take part in the Rose Festival parade and to give an exhibition of military maneuvers on Multnomah field.

Friday night the senior class will present "Barbara Froelich," Clyde Fitch's stirring war time drama. The junior promenade will be held in the college gymnasium Saturday evening. This is the principal social event of the college year.

Sunday morning graduates and their friends will gather at the Presbyterian church and listen to the baccalaureate sermon, delivered by Bishop R. G. Waterhouse of San Antonio, Texas. In the evening the Corvallis churches will meet in the college gymnasium in union service and will again be addressed by Bishop Waterhouse.

The alumni, who are expected in large numbers, will have charge of the exercises Monday. The "old grads" will meet in business session at 3:30 o'clock in the morning. Following this the graduating class of 1911 will hold class exercises under the Trestling Tree on the college campus.

At noon the alumni will meet in the college armory for an informal luncheon. The principal event of the afternoon will be the dedication of the new college armory. The cadet regiment has petitioned the regents for the privilege of dedicating this new building to Major MacAlexander, who is retiring after four years of service as commandant of the regiment.

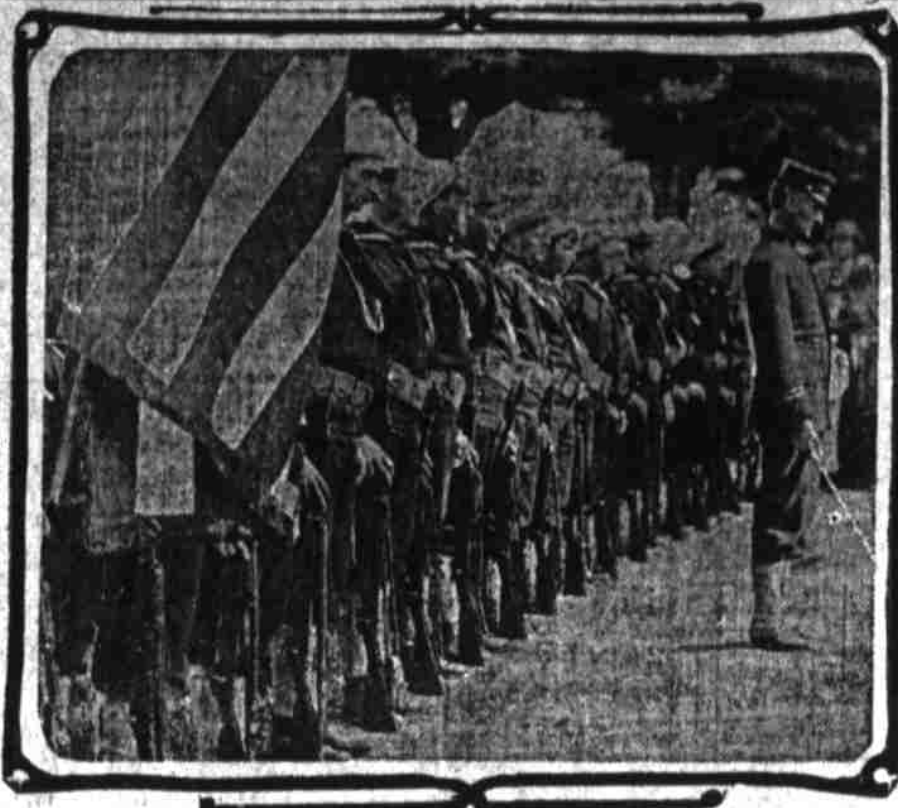

The students have secured a large brass plate containing the words of dedication and will have it placed on the front of the armory. Following these exercises the alumni will repair to the various homes throughout the city for the purpose of holding class reunions.

In the evening there will be a musical program and informal entertainment. The regular commencement exercises will be held Tuesday afternoon. The commencement address will be delivered by Dr. C. H. Chapman of Portland. Degrees will be conferred by President W. J. Kerr on 131 young men and women.

This will be followed by presentation of military commissions by Major MacAlexander, commandant of the cadet regiment.

Visitors are already flocking to the campus to enjoy the commencement program.

COOS BAY NAVAL MILITIA

Division appearing first time with new naval rifles.

(Special Dispatch to The Journal.) Marshfield, Or., June 6.—The members of the two Coos Bay divisions of the Oregon Naval Militia have received their Springfield rifles and appeared with the guns for the first time on Decoration day, when with the Naval Militia band of this city they took part

in the exercises with the members of the G. A. R. The officers are giving the members instructions in the use of the guns and a rifle range will be secured and the divisions will have regular rifle practice. Up to this time the men were drilled without guns, but have been well instructed in marching and also have been taking a course in navigation. The rifles complete the equipment of the divisions and the members will soon be in good training for their cruise on the Boston.

LANE ASSET LINE TO SIUSLAW BEGUN

First Camp Is Established One Mile West of Eugene City Limits.

(Special Dispatch to The Journal.) Eugene, Or., June 6.—Construction work on the electric line to be built between Eugene and the Siuslaw country was begun today on the Conger farm, a mile west of the city limits. Contractor George Perry established his camp there Monday and began throwing dirt bright and early this morning. He has 15 or 20 teams and twice that many men. The country between Eugene and Elmira is comparatively level and construction will be easy. When Elmira is reached, two or three lumber companies which have large tracts of timber in the burned district in the Coast mountains will take up the work and extend the line on into the timber.

It was planned to begin work at Fifth and Blair streets, inside the city limits, but the right of way over a few stretches of property inside the city had not been secured.

The Lane County Asset company has a joint franchise with the Oregon Electric Railway company over Fifth street as an entrance to the city, but inasmuch as there is a probability that the Hill company will not build to Eugene this year, the local company will construct its track on that thoroughfare and when the Oregon Electric reaches Eugene with its track, will use the track already built.

Miss Ella Clark's Body Found.

(Special Dispatch to The Journal.) Eugene, Or., June 6.—The body of Miss Ella Clark, who was drowned in the Willametta river near Coburg, Friday, was found yesterday about noon by four men on a gravel bar six miles below where the drowning occurred. The funeral was held today.

CONVICT DURNEY WEARS AN OREGON BOOT NOW

(Salem Bureau of The Journal.) Salem, Or., June 6.—"The Oregon Boot" was slipped onto Paul Durney, a 15-year term convict at the state penitentiary Sunday after he had been laid out by Guard Walter Johnson, whom he assaulted. Durney was out by the laundry building during recreation hours pulling a pet coyote's tail and in other ways punishing the animal when a fellow convict objected. A quarrel ensued and Guard Johnson interfered. Durney responded angrily and when Johnson ordered him to fall in line, struck at him with a cane. Johnson laid the prisoner out. Durney, a few days ago, was found with a piece of lead pipe up his sleeve, the prison officials say. He was sent up from Klamath county for an attempt at robbery.

PLOTTER AGAINST MADERO MAKES GOOD HIS ESCAPE

New York, June 6.—Overjoyed at having gotten out of Mexico alive, Rosendo Pineda, former president of the chamber of deputies under Diaz, who has been accused of all manner of plots against the life of Francisco Madero, arrived in New York aboard the Ward liner Moro Castle.

MAN SEES FIRST TRAIN IN 18 YEARS; MOTHER OF 8 HAS NEVER SEEN ONE

(Special Dispatch to The Journal.) Wenatchee, Wash., June 6.—His first sight of a railroad train in 18 years was secured by Jack Johnson Sunday on his arrival on the down river boat from Okanogan county. In the fall of 1892 he lost all he had during the panic while residing at Snohomish. He decided to get out of civilization and take up a homestead, which he did, locating 10 miles northeast of Condon county. He had not been there long until he met a young woman who had driven into that neighborhood from Idaho. She had never seen a railroad train at all, and that experience is reserved for her yet, although she is now the mother of eight children.

REX-TIGARD ROAD PROJECT HAS FOES

Western Washington County Residents Want Yamhill to Reciprocate.

(Special Dispatch to The Journal.) Hillsboro, Or., June 6.—Thomas Connell and J. A. Imbrie, who are viewers on the rebuilding of the Taylor Ferry road from Tigardville to Rex, completed the work Saturday and will report to the June term of the county court, which meets Wednesday. This is the road which Portland automobilists are raising money to improve. Notwithstanding statements by them at public meetings that property owners along the road would donate what land was necessary, the viewers encountered much opposition. It is not likely Washington county will do more than has been promised, which was to expend \$1000 in case the promised subscriptions were made. The court is receiving protests from the west end of the county from taxpayers who hold that no money should be spent to make access to Yamhill county easy until that county takes steps to improve the road through Moughlin gap. This road is the one used by Washington county people and is said to be in much worse condition than the one the automobilists wish built.

Dakota's Golden Jubilee.

(Special Dispatch to The Journal.) Pierre, S. D., June 6.—The territory of Dakota was created 50 years ago today, and in celebration of the semi-centennial anniversary flags were displayed on all public buildings.

TREATY CANDIDATE DEFEATED IN IOWA

Voters Elect Green, Republican, to Congress; He's Opposed to Reciprocity.

(United Press Leased Wire.) Council Bluffs, Iowa, June 6.—Complete returns today from yesterday's special congressional election in the Ninth Iowa district show that Judge W. R. Green, progressive Republican, was elected over W. F. Cleveland, Democrat, by a plurality of 1192 votes. This is 700 votes less than the plurality of Walter I. Smith, standpatter, in the regular election last year. Smith recently was appointed United States district judge by President Taft. The Ninth district is normally 4000 Republican.

Only about 50 per cent of the voters went to the polls yesterday. Although Judge Green had opposed reciprocity with Canada, he was endorsed by President Taft. Cleveland was an avowed advocate of the proposed treaty. It is believed many Democratic farmers voted for Green, and that many standpatters remained away from the polls, preferring to take advantage of the fine plowing weather.

PLAN IS TO MAKE CONEY THE CITY'S PLAYGROUND

(United Press Leased Wire.) New York, June 6.—A proposition is on foot for New York City to acquire Coney Island and make it into a municipal pleasure and recreation resort.

Alexander S. Drexler, chairman of the aldermanic committee on parks, proposes to introduce a resolution at today's session of the board of aldermen, providing for the purchase of the area recently burned over. He estimates that it will not cost in excess of \$1,000,000.

Spring Valley Wine Co.

244 Yamhill St., Bet. 2nd and 3rd Portland, Or.

LORIMER INVESTIGATING COMMITTEE IS NAMED

(United Press Leased Wire.) Washington, June 6.—A subcommittee to conduct the investigation into the methods employed in the election of Senator Lorimer of Illinois, has been named unanimously by the senate committee on privileges and elections. The subcommittee consists of Senators Dillingham, Jones, Johnston, Fletcher, Kern, Lea or Kenyon. Jones was substituted for Clapp. The senate will be asked to give the subcommittee full powers to summon witnesses and conduct hearings. The probe will begin at once.

Iowa Eagles at Capital.

(Special Dispatch to The Journal.) Des Moines, Iowa, June 6.—For the first time since the organizing convention in 1904 the Eagles of this state are gathered in this city for their annual state convention. About 2000 delegates, representing aeries in all parts of the state are in attendance. The convention, which is scheduled to continue for three days, opened today at the large hall of the Des Moines Hotel No. 109. An interesting program has been arranged by the local Eagles, including a contest for the exemplification of the ritual, to be held at the Coliseum. Twenty teams will compete for the large silver loving cup, the prize offered by the local lodge. It is expected that Sam Swift of Dubuque, will be elected president to succeed Lee Evans of Council Bluffs.

Hermiston Pulpit Filled.

(Special Dispatch to The Journal.) Milton, Or., June 6.—Rev. Ira Crooka, who recently severed his connection with the Grangeville Methodist church and since then has been residing in Milton, has accepted the pastorate of the church at Hermiston, Or., left vacant by the minister going to Europa.
