The charges made by Harold Pope against Joseph M. Pope, shaking in every limb from the effects of a drug, called at the district attorney's office yesterday and asked that warrants be issued for the arrest of the drug store proprietors, and the arrest was made. Judge Taxwell, however, ruled that the unsupported word of Pope was not sufficient to convict. Pope gave himself up to Patrolman Helms last night and asked to be held at the city jail with a view of helping him conquer the drug habit. In court this morning he cried as he faced Judge Taxwell and assured him that he would fight to become a man again. He has a wife and child. Judge Taxwell continued the case against Pope.

TWO WOMEN SERIOUSLY INJURED  
WHEN AUTO COLLIDES  
WITH POLE;  
DRIVER OF CAR ESCAPES INJURY

Two women giving their names as Mrs. R. J. Allen and Mrs. B. R. Brown, both residents of the Orlando apartments at Twentieth and Washington streets, are in the Good Samaritan hospital suffering from serious injuries sustained at an early hour this morning, when an automobile driven by Frank E. Harmar of the Frank E. Harmar company, an electrical fixture concern, crashed into an eight-inch telephone pole near the United Railway company's barns on the Linnton road, throwing all the occupants out, completely demolishing the auto and breaking the telephone pole off at the ground. Mr. Allen, aged 38 years, has sustained a broken leg and is very badly bruised, while Mrs. Brown lost one eye and sustained a broken ankle. According to the report of the accident, the trio had been spending much time during the evening at the various roadhouses. The party started out at 7 o'clock from the Orlando, and at 2 o'clock landed at the hospital in an automobile that Harmar pressed into service after his machine was wrecked. Harmar was not injured beyond a few scratches and bruises and was able to appear at his office in the Bldg. building. Every possible effort was made to keep the matter secret, and to that end, Harmar took the license tag off his machine when he loaded the injured women into the automobile and started for the city. The first report received at police headquarters was that one woman had been killed and Sergeant Wanless was sent to investigate, but when he arrived there, nothing but the demolished remains of the auto were to be seen. Mr. Allen, who is noted for her beauty, has resided at the Orlando since last Sunday and it is understood that her husband is a traveling salesman. Mrs. Allen is known as Mrs. Jennie Allen. Dr. Sanford Whiting is attending the women.

(Salem Bureau of The Journal.)  
Salem, Or., June 6.—A certificate is issued to the Umpqua Valley bank of Roseburg, that city of 4728 population will have five banks, which will make Roseburg second in the state in its number of banks. A certificate was granted today by Will Wright, superintendent of banks, to the First Trust and Savings Bank of Roseburg. Had these two banks not filed articles of incorporation before May 20, neither would have been permitted to open, for on that date the new banking law limiting the number of banks according to population went into effect. In the race from Roseburg to Salem, however, John W. Throno, for the Umpqua Valley, and W. L. Spaulding, for the First Trust and Savings, reached the secretary of state's office on the evening of May 18 and filed articles, and the certificates must be issued under the old law. Only one more bank in the state is now left to be issued certificates under the old law, the North Plains Commercial bank of North Platte, a new town in Washington county. COMMERCIAL CLUB IS  
TAXED TO CAPACITY

The Portland Commercial club has been compelled to deny a number of applications for dinners and banquets for the week owing to lack of space to accommodate them all. Everything has been done to comply with the requests but they came in so thick and fast that President Harvey Foskwith found it beyond all possibility to grant half of them. "This week offers a practical illustration of the need of the Commercial club for additional space," said President Foskwith this morning. "There have been numerous applications for luncheons and dinner parties for almost every day this week and most of them we have been compelled to refuse, as much as we desired to grant them. The capacity of the dining rooms is being taken up by our own members and their families to such an extent that we have to set tables in the hallway. The regular weekly meeting and luncheon of the board of governors to be held today was postponed so that the dining room set aside for that purpose could be turned over to the ladies, and the board will not meet this week unless something very important comes up and then in some other room and not at the lunch hour. The club also needs a larger kitchen to give the cooks and their assistants a chance to work. A banquet will be given at the club this evening by the wholesale and jobbing jewelers and opticians of Portland to the delegates to the Oregon Retail Jewelers' association which is now holding its annual convention here. The Portland Northwest Music Teachers' association will hold a banquet at the club. These events were arranged for several weeks in advance.
