

\$100,000 DAMAGE IN HANOVER FIRE; MAY BE REBUILT

Origin of Blaze Is Yet Undetermined—No Fatalities Reported; Many Tenants Lose Effects—Thieves Active.

Until the insurance is adjusted and other matters arranged, it will not be known whether the Hanover apartment house, which was almost totally destroyed last night by fire, will be rebuilt. Mr. Morgan, a director in the Hanover Building company, owner of the building, is in New York and will not return for a few days. Upon his return the matter of building on the old site will be taken up. It is believed, without a thorough examination having been made, that the Hanover, if rebuilt, will necessarily have to be a new building complete, as the fire did very effective work and the skeleton of the building is thought to be without value in its present form.

The origin of the fire that destroyed the Hanover apartment house, partially burned the Kings Hill apartments and caused considerable loss by smoke and water to the Wayne apartments, the Weaver apartments and the St. Clair apartments, all in the block surrounded by Washington, King, St. Clair and Wayne streets, is yet unknown.

The total loss has been estimated at \$100,000. Mr. Boyce, of Morgan, Fliedner & Boyce, the holding company that controls the Hanover Building company, stated today that that figure is approximately correct. The loss to the Hanover company will amount to about \$40,000, with a loss of \$15,000 on the furniture. In the Hanover there were 13 apartments whose renters owned their own furniture. Most of this was destroyed.

The loss to the Kings Hill apartments, owned by Mrs. Frank Spencer, will be about \$20,000. In this apartment the upper floor and roof was burned. The building loss was covered by insurance. The Wayne apartments, also owned by Mrs. Spencer, suffered damage to the upper floor by fire, water and smoke. The loss is estimated at \$15,000.

The loss to the Weaver and St. Clair apartments by smoke and water was slight, though a great number of the occupants lost considerable wearing apparel by removing it to the street where it was damaged by smoke and water and the feet of the crowds that surged around the burning block.

No Fatalities. Most of the tenants of the Hanover were down town when the conflagration broke out. Mrs. J. Blake, an aged woman, who was on the fourth floor of the building, was carried to the ground by J. E. Montague, another tenant. He had considerable difficulty in carrying her down the blazing stairs.

Several women fainted in adjoining apartments when the flames crept near. Mrs. Penfield, who occupied rooms on the top floor of the Hanover apartments carried her pet cat as far as the second floor when it broke away and ran back to the rooms. The woman had to be restrained by force from dashing back up the stairs after the feline. The cat lost its life.

All the apartments in this block are fashionable ones and many thousands of dollars worth of handsome gowns were carried to the street and were scattered in the dust and many were ruined.

Thieves Are Active. A number of thieves were extremely active and the police were necessitated to fire their revolvers in the air in order to keep the pilferers back.

Patrolmen Niles and Lyons were the first on the scene when the fire alarm sounded and they rushed to all the rooms, knocking at the doors in the Hanover and other apartments to rouse any of the occupants who may have been sleeping.

The fire alarm sounded at 9:25 and the fire was under control within an hour. Captain Bailey, who had charge of the police force during the parade, which was then in progress, summoned a squad of men and dashed to the scene of the fire when the alarm sounded.

There are about 50 families without homes today as a result of the fire. After the conflagration tenants in nearby apartments loaned the homeless ones bed clothing and when possible shared their rooms with them. They are today seeking rooms in nearby houses. Most of them will be taken care of before night, it is believed.

CONTINUED SHOCKS ROCK GAY CAPITAL DECKED FOR HERO

(Continued From Page One.)

City are down and no details have yet been received. The heaviest shock occurred just before daylight. Wires were prostrated and the city lighting plant put out of commission.

In the confusion of the darkness of the early morning hours the terrified populace—men, women and children—rushed frantically into the streets.

In the general wreckage of the city

Rose Festival Program

Thursday—2 P. M., equestrian parade; 4 P. M., get posted on the West Stayton Irrigated Farms. See Mr. Camp at Hartman & Thompson Bank, Fourth and Stark; 8 P. M., military pageant.

Saturday—2 P. M., races; 3:30 P. M., electric parade; 8 A. M. to 2 P. M., drop in and see Mr. Camp at Hartman & Thompson's Bank about West Stayton's wonderful opportunities.

ENTRANCE TO PASEO, CITY OF MEXICO

city had been crowded with guests waiting today's celebration. In these places confusion reigned. Guests scantily at red rushed to the streets, fearing the collapse of the buildings in which they had slept.

Widow Mourns Circled. Shortly after the first and most severe shock, a rumor that insurgents displeased with Madero's leadership and plotting against him had attacked the city and blown up the powder magazine at the barracks, was widely circulated. The continuation of the shocks, which lasted for several minutes, soon put an end to this story.

The garrison at the barracks was caught under a collapsing roof. At the Belem prison, one of the heavy walls fell inward, crashing into the jury room and the main corridor of the jail, where the prisoners were confined.

Many of the largest buildings in the city were heavily damaged. The streets were strewn with wreckage. Pavements were ripped up by the force of the shock and the water mains put out of commission.

New York, June 7.—The cable department of the Western Union Telegraph company has just received a report that from 50 to 75 persons were killed in an earthquake in Mexico City this morning. The shock occurred about 4 a. m.

Washington, June 7.—The house today adopted the Clayton resolution calling upon the attorney general for information regarding the proposed criminal prosecution of the officers of the American tobacco trust.

REWARD OF \$20,000 PLACED ON HEAD OF MADERIST GOVERNOR

(United Press Leased Wire.) El Paso, Texas, June 7.—Abram Gonzales, whom Madero selected as governor of Chihuahua, stated today that he had received a private telegram from Chihuahua that a reward of \$20,000 has been offered to anyone who would kill him. Gonzales declared he was going to Chihuahua to assume the office.

Madero's confidential agents here have been notified that Adolfo Galan has been arrested at Ciudad Porfirio Diaz in connection with the De Villars plot against Madero. Galan is said to be an associate of Rosendo Pinenda, the congressman accused of having fathered the plot.

Those in Juarez still loyal to the old federal government are awaiting the next move of General Bernardo Reyes.

The Mexican consul at El Paso is making arrangements with the Southern Pacific company to transport 1100 soldiers, who are being ordered to Lower California to drive out the Liberals there.

No Socialist Party. (United Press Leased Wire.) Washington, June 7.—"There is no Socialist party in Mexico," declared Representative Victor Berger today. He denied that the insurgents in Lower California are Socialists.

"The marauders in Lower California may be anything or everything to Madero," he said, "but they are certainly not Socialists. If marauding makes Socialists, Rainsell is a first class member of the party."

Needle Shaken Off Sheet.

(United Press Leased Wire.) Seattle, June 7.—The needle of the seismograph at the University of Washington observatory was shaken off the recording sheet by the violence of an

earthquake shock occurring at 4:07 o'clock this morning. The direction was from south to north, and it was estimated that the distance was over 4000 miles, probably in the vicinity of the southern coast of Mexico.

WHEN FATHER DIES CHILDREN KEEP LIGHT

(United Press Leased Wire.) Paris, June 7.—As a recognition of faithfulness to duty which may have saved many lives, the government will probably reward two children, aged 7 and 10, who kept the light in the Kerolons lighthouse moving all night recently, after the mechanism had failed, during a terrible storm. Matelot, the lighthouse keeper, had been taken suddenly ill, but remained at his post until he died.

PROGRESSIVES TO NAME NOMINEE SAYS WHITE

(United Press Leased Wire.) Denver, Colo., June 7.—That the progressives will name the presidential nominee of one of the "old parties" is the belief of William Allen White, Kansas editor and magazine writer, here today en route to Boulder, where he

CHARITIES CONFERENCE IS OPENED AT BOSTON

(United Press Leased Wire.) Boston, June 7.—The national conference of Charities and Corrections opened its thirty-eighth annual national convention here today. The sessions will extend over a week. About 2500 members and delegates are expected to attend. Among the features will be a daily demonstration of the possibilities of the moving picture machine for popular education. Films showing the house fly as a carrier of disease and illustrating various phases of the campaign for pure milk and the war on tuberculosis will be shown.

SPANISH GALLEON IS UNCOVERED IN CANAL

Colon, June 7.—A Spanish galleon, more than 100 feet in length, lies partly exposed today in the Panama canal excavation near Nombre Dios. A silver treasure was unearthed about a year ago near the same place. The first discovery was in a very poor state of preservation, but the one just dug up is an almost perfect specimen of the boats used by the "Conquistadores." A two old cannon, a figure head made of brass and some pewter utensils were taken from the ship.

MORRISON AT SEVENTH Tull & Gibbs, Inc. STORE OPENS AT 8 O'CLOCK

Wonderful, Money-Saving Opportunities of Our Closing-Out Sale. It Will End July 1

Thousands of Thrifty Buyers Continue to Take Advantage of the Offerings of Every Section of the Store. 'Tis Well, Then, That You Take advantage of the Final Offerings Now—the Assortment and Range of Prices is More Complete Than It Will Be a Few Days Hence
