He will review the great military and fraternal parade on Grand avenue at 8 o'clock tonight. He will give his kingly favor to the (Continued on Page Thirteen.)

TREASURE SEEKERS REPORTED SUCCESSFUL

(United Press Leased Wire.) San Diego, Cal., June 8.—Ensenada is greatly excited over the reported success of the treasure ship Eureka that has been seeking the \$15,000,000 buried treasure of the Honduras coast, according to passengers arriving on the steamer San Diego today. When the San Diego left Ensenada last night residents of that town were standing in excited groups, discussing the report from Salina Cruz that the Eureka was bound north with the treasure. The report here was that the treasure boat would transfer the valuable cargo at Ensenada, putting it on another vessel.

THREE HUNDRED AUTOMOBILES DECKED WITH MYRIADS OF CHOICE BLOOMS FORMED GORGEOUS FLORAL PAGEANT

At upper left hand corner is shown winner of grand prize in automobile parade, O. K. Jeffery, owner of car; at right is J. E. Maxon's handsomely decorated car; below is street scene in front of grand stand at postoffice.

JEFFERY WINNER OF GRAND PRIZE IN AUTO PARADE

Millions of Roses Used in Decorating Machines; Handsome Spectacle Brings Out Unstinted Applause.

Such a blaze of royal magnificence was the decorated automobile parade yesterday afternoon, of such distinctive beauty was each of the entries, that the judges, J. C. English, Mrs. Jay Smith and Professor Robert Krohn, deliberated until late in the afternoon before they completed the following list of awards:

Grand Prize, O. K. Jeffery, Car No. 1.
Cadeby (all roses)..... C. E. Fields
Honorable mention..... E. S. Higgins

Class A, Electric Vehicles.
First cup..... Mrs. Will Bushong, No. 2
Second cup..... Mrs. Charles Venable, No. 1

Class B, Runabout and Roadsters.
First cup..... Mrs. W. M. Cook, No. 11
Second cup..... J. L. Hartman, No. 12
Honorable mention..... F. W. Smith, No. 15

Class C, Touring Cars.
First cup..... Pacific Hardware & Steel Co.
Second cup..... Mrs. L. Corbett, No. 2
Third cup..... Miss Gouid
Honorable mention..... Lester Brix

Class D, Clubs and Organizations.
First cup..... Rotary Club
Second cup..... Portland Light & Power Co.
Third cup..... Olds, Wortman & King
Honorable mention.....

Class E, Auto Trucks.
First cup..... Pacific Hardware & Steel Co.
Second cup..... Miss Schulderman, No. 2
Honorable mention..... Miss O'Brien, No. 27

Schools and Colleges.
Washington High School
Millions of roses were used in adding to the graceful beauty of the motor cars. The unique representations kept the people applauding along the crowded seven-mile-long line of march. The splendidly decorated car of O. K. Jeffery, chairman of the parade committee, was without a peer and none questioned the decision of the judges in giving him the grand prize.

Great Revolving Wheel.
The Packard Motor Car company's exhibit was the facsimile of a gunboat; a great revolving wheel typified the rotary club; a great locomotive and tender covered with roses shown by the E-M-F. company brought attention and compelled applause. Each of the high school exhibits had its own beauty, though Washington high was considered best by the judges. Nothing to equal the parade of yesterday had ever been before seen by any of the spectators, and all felt that each should have won a prize.

One instance illustrates the number of roses required for the decoration of a single car. The Portland Railway, Light & Power company had 11 automobiles in the parade. The first was covered with 12,000 red roses. The rest were decorated with the bright yellow of Scotch broom and they were occupied by F. L. Fuller, F. W. Hill and other officers of the company.

AGED MILLIONAIRE BRIDEGROOM SHOT DOWN BY 2 GIRLS

In Mysterious Affray in Fashionable Apartments, Actress and Artists' Model Dangerously Wound Hotel Man.

(United Press Leased Wire.) New York, June 8.—Lillian Graham, 22, actress, and Ethel Conrad, 18, artists' model, who shot and three times wounded W. E. D. Stokes, millionaire hotel proprietor and sporting man, in their apartments, are held without bail today, awaiting the outcome of their victim's injuries.

Stokes, 65, with three bullets in his legs, lies in Roosevelt hospital, while his young bride, formerly Helen Elnorwood of Denver, and his son by a former marriage, E. D. Stokes, are in constant attendance on him.

Three Japanese, who were arranging for a dinner in apartments adjoining those of the Graham girl and who took a hand in the affray, severely beating Stokes, believing he had attacked the girls, are being held as witnesses.

Mystery Shrouds Affair.
The whole affair is shrouded in mystery and a tangle of contradictory assertions made by the principals in the affray.

According to Miss Graham and Miss Conrad, Stokes entered their apartment and attacked them. They allege that the shots were fired in self-defense.

OREGON POSTMASTERS SPEAK IN FAVOR OF POSTAL SAVINGS BANK

The presidential postmasters of Oregon in convention assembled this morning spoke strongly in favor of the government postal savings bank and urged that every postoffice be authorized to act as depository. W. T. Cavanaugh, postmaster at Olympia, Wash., instructor in how to conduct the postal banks, was one of the leaders in the discussion.

F. J. Carney, postmaster at Astoria, read a report showing that since the postal savings bank was opened in connection with his office on May 1, \$11,170 have been deposited, 185 individual accounts having been opened. Mr. Carney called attention to the fact that the money that flowed into the office was not drawn from the banks, but was taken from the "ash barrel or the stocking" and that hence it meant just that much additional money in circulation.

Should Raise Limit.
"I believe, however," said Mr. Carney, "that the limit should be raised, or multiplied by five, so that instead of limiting a depositor to \$100 a month, it should be \$500, with a total deposit of \$2500 instead of \$500. Of course, it is possible to convert every \$500 deposit into savings bonds, so that one is not deprived from depositing more than \$500, but I think business would be very much facilitated were the limit raised to, say \$2500, with a limit of \$500 on monthly deposits. But, at any rate, the system is a good one and should have been adopted 25 years ago."

Others spoke very strongly in favor of the savings bank and resolutions will probably be passed to that effect.

One of the features of the morning session of the convention which is being held in the assembly room of the Portland Commercial club was a visit from a committee of postmasters from the state of Washington.

Among them were: George F. Russell, Seattle; Frank L. Stocking, Tacoma; D. W. Bush, Chehalis; W. T. Cavanaugh, Olympia; Daniel Crowley, Vancouver; W. F. Edris, Spokane.

Others Speak.
The chief purpose of the visit is to make arrangements for a joint convention next year.

Other speakers at the session this morning on the subject of the postal savings bank were: R. A. Emmitt of Klamath Falls; G. M. Richley, La Grande; I. McCall, Gresham; W. W. Smead, Heppner; M. E. Merwin, Independence; and W. M. Brown, Lebanon. Postmaster Charles B. Merrick of Portland also expressed himself strongly in favor of a postal savings bank department.

This evening the delegates will attend a banquet at the Commercial club, and tomorrow the convention will come to a close. Postmaster Charles B. Merrick will be toastmaster at the banquet. The speakers and their topics will be: B. W. Johnson, Corvallis, "The Value of Our Association"; F. W. Vaille, superintendent Thirteenth division railway mail service, Seattle, "Our Duties to the Department"; George Russell, postmaster of Seattle, "How I Made My Reputation as a First Class Postmaster"; Edgar Hostetler, postmaster, The Dalles, "The Social Side of Our Work"; James O'Connell, inspector in charge, Spokane, "The Real Meaning of Economy"; J. S. Van Winkle, postmaster, Albany, "The Duty of a First Class Secretary"; W. E. Williamson, assistant postmaster, Portland, "Postal Reciprocity"; W. F. Edris, postmaster, Spokane, "How We Get Big Conventions in Our State."

ROOT AMENDMENT TO BE SUBMITTED WITHOUT OPINION

Committee Agrees to Report Reciprocity Agreement, With the Anti-Taft Clauses Unrecommended.

(United Press Leased Wire.) Washington, June 8.—The senate finance committee today agreed to report Tuesday the reciprocity agreement with the Root amendment without recommendation. The Root amendment, which is opposed by President Taft, provides that the pulp paper, and the print paper clause shall become effective when all Canadian provinces agree to free exportation of these products.

The original agreement provides that reciprocity in this respect shall become immediately effective with such provinces as now permit exportation. The backers of reciprocity say that the amendment would effectually block the agreement as far as print and pulp paper go, because, it is asserted, Quebec province would never accept unrestricted exportation of pulp wood.

Senators Lodge, La Follette, Smoot, Dallingier, Clark of Wyoming, Heyburn, Simons and Bailey favored the Root amendment in committee. Senators Penrose, McCumber, Cullom, Stone, Williams and Kern opposed it. Johnson of Maine was absent. The vote on Lodge's motion to report the bill favorably was seven to seven. Failing to pass on Heyburn's motion to report unfavorably the vote was similar. The committee then decided to report without recommendation.

UNION LABOR ASKS FOR POPULAR LEGISLATION

(United Press Leased Wire.) Springfield, Ill., June 8.—Governor Dineen has been petitioned by union labor to include the initiative and referendum in his call for a special session of the legislature, soon to be issued, as matter to come before that body.

WAR BREAKS OUT AFRESH IN FORMOSA; JAPANESE FORCE IS ANNIHILATED

(United Press Leased Wire.) Victoria, B. C., June 8.—News was brought by the samur Kamakura Maru of the annihilation of a Japanese force in Formosa by the rebels against whom the Japanese have been campaigning for the past three years.

It seems that three tribes who made peace were incited to fresh rebellion by two tribes which remained obdurate and a force of four companies of infantry, with six guns, divided into three columns, marched against the Formosans from different directions. The column from Shinchiku south-

OLD CAPITOL ELEVATOR IS AT REST AT LAST

(Salem Bureau of The Journal.) Salem, Or., June 8.—Crashing down the shaft from the second floor of the state house at 4 o'clock this morning the old capitol elevator lies at the foot of the shaft today, a more complete wreck than was the fate of the "Deacon's wonderful one horse shay." Night Watchman Charles Hilstrom had just stepped out of the elevator and had started to walk toward the chambers of the house of representatives when something went wrong in the elevator machinery and the drop occurred. The hardwood was crushed and splintered, the mirrors torn loose, and heavy iron bars bent. The cage must be taken out in piecemeal. A supply of cigars was saved from the wreck.

After the breakdown of a few weeks ago repairs were made and the elevator was considered safe again, but new trouble occurred in the safety valve of the brake. Every official in the state house rode in the elevator yesterday and many had friends and families up during the day.

LIST YOUR VACANT ROOMS FOR AID OF THE FESTIVAL GUESTS

The Rose Festival is not over. Visitors will remain several days. Many of them still want to rent rooms.

If you have a room notify the Y. M. C. A., Y. W. C. A., Rose Festival association, or Portland, Oregon, Imperial, Cornucopia, Perkins or other of the leading hotels.

This is as much for maintaining the standard of hospitality in Portland as for profit.

If you want a room telephone any of the places enumerated for information.

GARY ADMITS GRIP OF STEEL TRUST ON COUNTRY'S TRADE

Chairman of Corporation's Board of Directors Tells Investigators That Combination Controls Exports.

ITS FACTORIES TURN OUT 50 PER CENT OF OUTPUT

Witness Discusses International Agreement; Believes It a Good Thing.

(United Press Leased Wire.) Washington, June 8.—That the United States Steel corporation—the steel trust—does 50 per cent of the American exportation business in iron and steel and that its factories turn out 50 per cent of the total output in these lines was the testimony today of E. H. Gary, chairman of the directors of the corporation, when he resumed the stand before the house committee investigating the industry. In discussing the international steel agreement Gary said:

"My idea is that an interchange of opinion might bring equilibrium to the world's trade. I do not want anyone to think we are going to have a secret agreement. There is no secret about it. I would like, unless it is improper, to bring about an international association at whose meetings there could be a friendly interchange of opinions benefiting all."

Denies Bail Agreement.
He denied that there was any agreement regarding rails, adding:

"If it could be shown that one existed and our subsidiaries were involved, I would see to it that it was cancelled."

Gary denied that any agreement existed whereby certain interests parceled out the business to various countries. He said at the time of the consolidation of the American Steel and Wire company, the National Tube company, the American Tin Plate company and the American Bridge company, they were not competing.

POSTOFFICE SITE WILL BE SETTLED WITHOUT DELAY

Judge Bean Says That Matter Will Be Hastened; Owners Want Action on Judgment of Juries.

Judge Bean in the United States court this morning announced the government would not be allowed to delay needlessly the question of selecting and erecting block "S" as a postoffice site, and intimated that the question must be settled definitely within a few days.

The matter of forcing the government's hand in the postoffice site matter was brought up by A. King Wilson, attorney for the Espy Estate company, owners of half of the block. Mr. Wilson said he did not know how to go about it legally, but he told the court he thought the owners of the property were entitled to have the government take judgment or reject the block altogether.

Judge Bean said he thought Mr. Wilson had no right to move that judgment be taken on the verdict of the jury in the condemnation suits, as that right was reserved to the plaintiff, and as the law fixes the time for moving a new trial or taking an appeal at a certain number of days after judgment is entered, the owners of the property seem to have no way of entering court on a motion. He said, however, he agreed with Mr. Wilson that the owners were entitled either to receive their \$340,000 from the government or to be free again to do as they liked with their property, and that the government must take some action within a few days to settle the question one way or another.

It has been generally understood that Senator Bourne has undertaken to have the purchase price of the property fixed at \$325,000, which would be a saving of \$15,000 on the price fixed by the jury in the condemnation suits, and that the government is awaiting the outcome of negotiations for the lesser figure before taking formal action on the verdicts of the court.

WEST AND CONVICTS GO "HALVERS" ON CIRCUIT

(Salem Bureau of The Journal.) Salem, Or., June 8.—Sixty-five boys of the Oregon State Training school will see the circus today at the expense of Governor West and of the convicts at the penitentiary. The suggestion was made to the convicts yesterday while the governor was at the penitentiary and the prisoners voted unanimously to stand half the expenses from the entertainment fund and the governor agreed to stand the other half. The convicts have about \$600 in their amusement fund.

4-YEAR-OLD POURS OIL ON BABY; SETS IT AFIRE

(United Press Leased Wire.) Sacramento, Cal., June 8.—Robert Sanchez, 17 months old, sprinkled with coal oil and then set fire to by his brother Louis, 4, died today.
