

# QUAKES CONTINUE IN MEXICO; DEATH LIST IS GROWING

### Shocks Demolish Many Buildings in Cities South and West of Capital City; Wild Reports Are Circulating.

(United Press Leased Wire.)  
Guadalajara, Mexico, June 8.—Delayed reports received today from the districts of Jalisco and Colima say that earthquake shocks have continued there intermittently since the monster shakes that rocked Mexico City Wednesday. Tonaya and Telenbutien have been destroyed and a number of persons killed. Over 50 were killed in Ocotlan. Many buildings were demolished.

### Thousands Reported Dead.

(United Press Leased Wire.)  
Mexico City, June 8.—Reports that recurring earthquake shocks have wiped out large cities in the region south and west of here have caused great excitement in Mexico City today and the authorities are endeavoring to ascertain the truth of the statements. Thousands are reported killed. Telegraph wires are still working intermittently, and the reports received have come in roundabout ways.

According to the reports the volcano Colima is in violent eruption today. The towns of Zapotin, Tonila, Piatanar and San Andrea are reported to have been wiped out. The area swept, according to messages just received, extends from a point 50 miles south of here to the lower boundary of Guerrero. The shock was felt in greatest severity in circles around Colima. Between these circles, it is reported, little damage was done.

# RESTRICTED DISTRICT IN BAKER IS BURNED

(Special Dispatch to The Journal.)  
Baker, Or., June 8.—The jealousy of a young Japanese is alleged to be responsible for a fire this morning early which for a time looked as if it would destroy several blocks, but which was finally confined to one block in the restricted district, after a hard fight on the part of the fire department. The boy was jealous of the affections of a girl in the district and deliberately piled up rubbish and set it on fire, according to the policeman who discovered the blaze. Great excitement prevailed in the burning district, as well as among other residents of the city, as the fire lighted up the streets for blocks around. Trunks, furniture, clothing, etc., were thrown from the upper floors and one woman jumped, sustaining considerable injuries. The Japanese is now in jail facing a charge of arson.

# FROHMAN PROPOSES TO CUT THEATRE PRICES

(United Press Leased Wire.)  
Chicago, June 8.—To offset the inroads made by moving picture houses on the patronage of the theatres, Daniel Frohman will, it is announced today, take up with the theatrical managers his return to New York the subject of lowering balcony and gallery prices in all parts of the country. Frohman already has started the movement by ordering the slashing of prices at a downtown theatre controlled by the New York manager. It is Frohman's theory that many people patronize the moving picture shows only because they cannot afford to see plays. His idea is to bring the drama within the reach of those persons who cannot now attend the plays because of the prices of admission.

# DUNIWAY SAYS HE SIMPLY RIGHTS WRONGS

"I am being constantly berated by the press and public for being an obstructionist, when, as a matter of fact, I don't do anything but right the wrong put upon property owners by city officials." Attorney R. R. Duniway thus defended himself today at a meeting of a special council committee to consider a proposed compromise between the city and the property owners who will be affected by a proposed reassessment ordinance for the cost of improving Dekum avenue. The special committee arrived at no solution of the difficulty and on motion of Mayor Elmon, a member of the committee, City Attorney Frank S. Grant was instructed to draft the reassessment ordinance.

# WOMAN SHOTS HUSBY IN ANKLE; THEN FLEES

The police are searching the north end today for Mrs. Viola Edwards, wife of Carl Edwards, a colored electrician residing at 109 North Seventh street, who this morning, angered by the fact that her husband carried a telegram to the Western Union office for another woman, fired a shot at her husband, one of which penetrated his leg just above the ankle. The others went wild. As soon as the woman wounded her husband, she left the house on a run, and jumping over the back fence, disappeared by running through various homes.

# FIREMEN, RESENTING CRITICISM, DISBAND

(Special Dispatch to The Journal.)  
Honesdale, Ore., June 8.—Honesdale is without a volunteer fire fighting organization today, as the result of severe criticism which it received at the hands of the city council last Monday night. The firemen held a meeting at the city hall last night to decide on some sort of action on the criticism, and as a result the companies disbanded. The department took strong exception to the views of the council because of the fact that they gave their time and services to the city without charge.

# Special to Visitors

See announcement, page 10, this issue, at the sale of all the exhibition instruments shown during the grand opening days of the new Eilers Music House. These are instruments of the very choicest kind and this sale will prove of extraordinary interest to every musical home-out of town as well as in the city.

# FAST HORSE IN RACE TOMORROW.

Mrs. James Nicol, one of the cleverest riders of the Portland Hunt club, on Will Wehrung, which is entered in the mile trot for ladies in the Hunt club race meeting at the Country Club track tomorrow afternoon.

# MISTAKES GIRL FOR WIFE; KILLS ESCORT

(United Press Leased Wire.)  
Gentry, W. Va., June 8.—Victim of a case of mistaken identity, John Wilkins is dead, his companion and fiancée, Miss Louisa Berry is in a critical condition from shock and John Adkins is in jail here today charged with murder. Adkins shot Wilkins last night when he mistook Miss Berry for his wife. It is said today that Miss Berry may die.

# CORWIN'S LIST OF 102 REACH NOME OVER ICE

(Special Dispatch to The Journal.)  
Seattle, Wash., June 8.—After several days' vain effort to gain the Nome roadstead the steamer Corwin finally succeeded in landing her 102 passengers on the ice five miles out from Nome, whence they were taken to the city by dog teams. Late reports state that heavy ice extends miles out from Nome. The Corwin has cruised back and forth since her arrival Monday, attempting to get in, handicapped by a heavy sea. Finally yesterday, unable to find a short lead, she placed her passengers on the ice. It is expected she will discharge cargo by the same method as Nome's food supply is low.

# WITHHOLDS SALARIES UNTIL FEES ARE GIVEN

Upon the strength of an opinion from District Attorney Cameron, County Auditor Martin will hold up the salaries of County Clerk Fields and Justices of the Peace Olson and Bell until they turn in the fees collected for naturalization and marriages, respectively. The recent grand jury caused this question to be raised, and the opinion of the district attorney was received this morning by the auditor. County Clerk Fields has retained one half the naturalization fees for his own use upon a decision in the federal court. The justices of the peace have retained the marriage fees because it has been the custom. Whether or not the county court will require the three officials to return all collected the last six years is a question, and the members of the court are now considering it.

# SACRAMENTO VOTES ON SCHOOL BONDS

Sacramento, Cal., June 8.—Sacramento today is voting on an \$800,000 bond issue for new and enlarged schoolhouses. The vote up to noon was exceptionally light. It requires a two-thirds vote to carry.

# Alleged Thief on Trial.

Howard Manning is on trial today in the circuit court for larceny from a steam dye works last fall at Third and Salmon streets. He was seen coming out of the place by Sergeant Kinlein and caught. Manning had two suitcases under his arm, in which were packed five Panama straw hats and four suits of clothing.

## Summer Excursions to the East

Ride on the ORIENTAL LIMITED through Standard and Tourist Sleepers, Portland to Chicago, in 72 hours without change. Service and sleeping car reservations at City Ticket Office, 122 Third street, Portland, or at Depot, 11th and Hoyt sts.

E. BROWN, G. E. & T. A.  
ARCHIBALD GRAY, A. G. F. & P. A.

# LA GRANDE IN ROW OVER PAVING PAYMENT

(Special Dispatch to The Journal.)  
La Grande, Or., June 8.—A large percentage of property owners on Sixth street as plaintiffs vs. the city of La Grande, caused a writ of review, including a restraining order against further action, to be served by the circuit court yesterday. A remonstrance was circulated against paving the streets, but the work was ordered by the council and is now completed. Both sides will carry the dispute of who will pay for the work through the courts. The council disregarded the court's order last night and ordered the property owners to pay for the street.

# Arguments in Seymour Case.

(United Press Leased Wire.)  
San Francisco, June 8.—Arguments in the case of Chief of Police Seymour began today before Judge Seawell in the superior court when Seymour sought to have made permanent three injunctions against the board of police commissioners preventing them from suspending him and naming another chief and from hearing charges against him.

# Mrs. Cleveland Returns.

(United Press Leased Wire.)  
New York, N. Y., June 8.—Mrs. Grover Cleveland got back from Europe yesterday. With her came her son, Richard, who has been in school in Switzerland.

# HARMONICA SAVES LIFE OF A HERO

### Bullets Fly Thick and Fast in Fight Over Insult to Woman.

William H. Wannebo, a resident of St. Johns, the hero of an encounter with two rowdies who last night insulted two women companions, owes his life to a small harmonica which he carried in his upper left side pocket.

Wannebo, John Lewis and the two women had just stepped off the car near the St. Johns Heights bridge when a man who later gave his name as Ed Long and a companion, whose name Long refuses to divulge, made insulting remarks about the women. Wannebo, incensed at the remarks, turned on the rowdies and started to fight. Both drew revolvers and bullets flew fast for a minute. One bullet struck the harmonica, and but for its presence there, would have entered Wannebo's heart. Another bullet plowed through Wannebo's cheek, making a wound that will always show.

But in spite of the two shots which struck the man, he fought both rowdies, finally knocking Long unconscious. Turning his attention to the other man, he fought until Long showed signs of coming to. At this Wannebo turned on Long and succeeded in holding him, but the other man escaped in the brush. Patrolman B. F. Sherwood, who was in the neighborhood, was summoned and brought the man to the station, where he was charged with assault with intent to kill. Long had a large revolver and a full belt of cartridges. This morning in court Deputy District Attorney Hennessey, in spite of the fact that only the harmonica saved Wannebo from death, reduced the charge to simply assault and battery, but Judge Tazewell gave him the limit on that charge, 30 days and a fine of \$100. Wannebo has taken the harmonica for a treasured keepsake, also the bullet which was flattened against it. A description of the other assailant has been furnished to the police and they are looking for him.

# HARRISON LINE TO TAKE FREIGHT TO VANCOUVER, B. C.

### Balfour, Guthrie & Co., Announces New Departure; Service Will Run in Opposition to Railroads.

A new departure in the shipping line was announced this morning by Balfour, Guthrie & Co. when it was stated that the steamers of the new Harrison line would carry freight from Portland and California ports to Vancouver, B. C.

Upon the arrival of the steamers from Antwerp at San Pedro they will discharge the cargo there that is intended for that port and will fill up the vacant space with cargo for the British Columbia port. The same will be done at San Francisco and as soon as the steamers of that line begin coming in here, which will be October 1, they will take cargo out of here for Vancouver.

An official of Balfour, Guthrie & Co. stated that there had been numerous queries for rates to the Canadian port and it is expected that a large amount of supplies and general merchandise will be shipped by that line. At the present time there are no steamers that carry freight from here to Vancouver and all supplies that are carried up that way are taken by rail.

The first of the Harrison line of steamers to come in here will be the Commodore, 2114 tons, Captain Bass, which is scheduled to sail from Antwerp July 22. She will be due to arrive here about October 1, coming by way of San Pedro and San Francisco.

Freight is being brought by these steamers in addition to the regular Balfour, Guthrie line, of which the British steamer Saint George was the last in port. But for the fact that the steamers fly the flag of a foreign country they would probably bring freight here from the California ports, but under the

law a foreign ship cannot carry freight between two American ports.

**KAPOC CUSHIONS**

Life Preservers May Be Used on Motor Boats Only.  
Local Inspectors Edwards and Fuller have received information to the effect that under a recent ruling of the department of commerce and labor, kapoc cushions will be allowed to be used on motor vessels when there is indelibly stamped or permanently marked on the cushion the place where it is manufactured and that it is prime Java kapoc. These may be used in lieu of life preservers on motor boats only.

255 Morrison St., Portland.

# an acknowledgment and an announcement

With feelings of profound gratitude we acknowledge this morning our indebtedness to the thousands of well-wishers who have honored us with their presence during the past few days of our opening.

It was delightful to hear the expressions of commendation and surprise, which were so generously and spontaneously bestowed upon this establishment by every caller—words of commendation and praise because of the truly magnificent masterpieces of the 40 different foremost piano and organ makers and talking machine manufacturers, whose instruments we had the privilege to exhibit during those opening days, and surprise because of the unlooked for extent of these new premises, the great variety of instruments on display, and the many conveniences and appointments made possible by virtue of this magnificent new building.

We thank every one most heartily for the generous consideration shown this establishment during the past, and we particularly extend our thanks to the tens of thousands of satisfied patrons of Eilers Music House everywhere, by virtue of whose liberal patronage the success of this institution has been made possible, and the achievement of this magnificent new building has been attained.

And now back to work! Thus the feast days are ended. Business, which has been almost entirely lost track of during these opening days, must again be resumed. A bigger and busier and better Eilers Music House than ever before must characterize the new location.

At no time in the past has Eilers Music House been in position to demonstrate the correctness of its merchandising principles and the far-reaching advantages it is thereby able to offer to the musical instrument buying public than right now.

Ever since its inception it has been the aim of Eilers Music House to furnish the very highest quality in pianos, at the very lowest possible price.

How thoroughly we are in position to do this now will be demonstrated upon our price tags tomorrow morning.

**We shall sell each exhibition instrument.** Every instrument contained in the magnificent opening exhibition, all the beautiful Baby Grands and larger Grands, and the superb plain-cased and fancy-cased Upright Pianos, as well as the dozens and dozens of different styles and designs of the latest and best of Player Pianos, comprising nearly every make, are priced lower than the same grade and quality is or ever will be obtainable elsewhere.

We are going to sell every one of these instruments at the earliest possible moment. Our May sales were greater by 97 per cent than during May last year, and during the present month we are going to exceed by more than 100 per cent the big record of piano-selling made by us during June last year.

**The Player Pianos reduced.** A player piano such as you would expect ordinarily to pay \$650 for, is now \$496, and we have numerous warranted, thoroughly dependable Player Pianos for less than even this low price.

Player Pianos of the very highest-priced types and of most lavish construction for which it is the custom for ordinary dealers to charge \$1000 and \$1100 are here for \$815, \$752 and less.

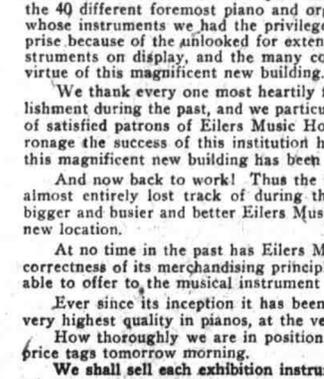

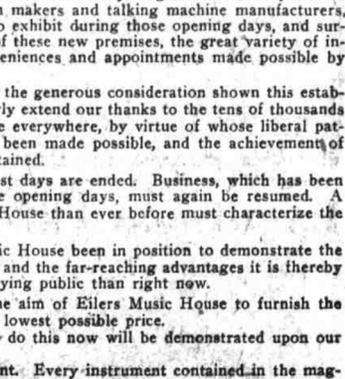

The very highest achievement in Baby Grand Pianos, among them Chickering Quarter Grands, and other small Grands, Sohmer masterpieces, Kimball small Grands, Decker and Hazelton Grands, in the most superbly figured of fanciest and rare woods, and for many of which \$900 and \$1000 and even \$1200 is charged by the regular piano trade; these are obtainable here now at reductions in many cases fully one-third less.

This is an exhibition and sale of the utmost importance to every music-loving house. Will accept old instruments in part payment. Those having Pianos or Organs of greater or less worth, which should be exchanged for some of these magnificent new exhibition pianos will find us willing to allow most liberally for such old instruments toward part payment of these new ones.

**Special to buyers from out of town.** As our special contribution to those who are visiting our beautiful city, we agree to prepay freight to any railroad station or boat landing in Oregon or Washington, at these sale prices, upon any instrument purchased during this sale. Select your Piano now. If you are not prepared to pay the complete requisite first payment, make a small deposit to show good faith and arrange for settlement of the balance later.

**Special to purchasers of Player Pianos.** A splendid music cabinet containing an exquisite collection of the best of music rolls will be given free with every Player Piano purchased during this sale. Investigate this. It means a great deal.

Eilers Music House, now the Nation's largest dealers. In our new fire-proof building, on Alder street, at the corner of Seventh—Headquarters for Talking Machines.

In this sale we have also numerous new and warranted Pianos, such as are usually sold for \$250 and \$350.

Come prepared to purchase one of these now at positively one-third less and even the finest of Chickering and Kimball and Deckers and Sohmers will be found in this sale at a saving price that represents enough to more than pay for a most complete musical education.

**As to terms of payment.** We shall sell at this time any of these instruments on our 24-months, or even on our 3-years extended payment plan, at the absolute cash sale price, with simple interest added on deferred payments.

Superb Player Pianos and Baby Grands will be sold for \$15 a month, and there will be some for as little as \$12 and for \$10 monthly.

A good, new, warranted serviceable Upright Piano is now obtainable for \$4 a month, and the fancier styles may be had for \$6 and \$8 monthly.
