

ALASKA COAL LAND CLAIMANTS TO BE GIVEN WHITEWASH

Secretary of the Interior Fisher
Expected to Take Action
That Will Not Offend His
Predecessor in Office.

(Washington Bureau of The Journal.)
Washington, D. C., June 8.—Conservationists today heard a report that is to them quite disquieting. It was that Secretary Fisher would cancel the Cunningham's coal claims, but would do so on the ground that the claimants were guilty of only technical violation of the law.
It is asserted that such a verdict will be returned by Fred Dennett, commissioner to the general land office, and that Fisher will accept it and make it a final ruling of the department.
Cancellation of the claims has been expected, but it has been wondered how the administration could justify the cancellation of those claims with its attitude in defending Baillinger.
Expectation of such action by Fisher is accepted as a partial explanation of the reported coolness between some of the leading conservationists and the new secretary, for it is known that soon after Fisher took office a delegation of those who have been national leaders of the conservation cause called on him and that the results of the interview were not entirely satisfactory.
It is hoped, however, that the decision will be merely a cancellation without comment.

GONZALES LAUGHS AT DEATH THREATS

Departs for Chihuahua on
Special Train to Take Gov-
ernorship of State.

(United Press Leased Wire.)
El Paso, Texas, June 8.—Paying no heed to the warning that he would be killed, Abram Gonzales left for Chihuahua City today to assume the governorship of the state of Chihuahua. He changed his plans twice during the morning, departing for Chihuahua about noon on a special train. Two other trains, all loaded with troops, escorted the new governor. Before he left he asserted he would restore order in the state and said he had no fear of the plot which it is reported has been formed against him. He laughingly discussed it.

Governor Ahumada, who was deposed to make room for Gonzales in a number of telegrams, the last of which was received this morning urged Gonzales to give up the trip for the present. At first Gonzales decided to wait here to meet Ahumada tonight but suddenly determined to carry out his original plan and left for Chihuahua.

MADERO DIRECTS 600 TROOPERS TO GO TO TIA JUANA TO QUELL REVOLT

(United Press Leased Wire.)
El Paso, Texas, June 8.—Sixteen hundred troops under General Escudero will be dispatched from Juarez over the Southern Pacific to Tia Juana to wipe out the Lower California Magonists. Francisco Madero today telegraphed General Viljoen to draft 600 troops in Juarez to go to Lower California and work in conjunction with 1000 federals who are expected to arrive in a few days from Chihuahua with General Escudero. General Viljoen will be the second in command of the expedition.
Former Governor Ahumada today wired Abram Gonzales, new governor of Chihuahua not to go to Chihuahua City. Gonzales had planned to start today, in spite of previous warnings, but on receipt of today's telegram decided to wait until tonight and talk the situation over with Ahumada, who will reach here tonight.

Madero's Attitude Worries.
(United Press Leased Wire.)
Mexico City, June 8.—The attitude of Francisco I. Madero Jr., now regarded as the virtual head of government affairs, toward General Figueroa's troops is today causing some apprehension here. Madero promised to review Figueroa's soldiers, who are encamped 25 miles from the capital, but he failed

to appear, explaining that he had been attacked by a grippa. Figueroa's troops are said to be most impatient, and government officials are conferring as to the question of pacifying them. Rumors continue to circulate that the centric party may attempt to regain possession of the capital through General Figueroa's army.

Redo Alive.
Nogales, Ariz., June 8.—Governor Diego Redo of the state of Sinaloa, Mexico, who was reported to have been executed by Madero's forces after the capture of Culiacan, capital of that state, is alive. Redo was held after

the victory of the Maderists but released on telegraphic advice from Mexico City and started for the United States border. On arrival at Nogales, Mexico, he was arrested by Colonel Garcia, commander of the insurrecto forces, and it is said, is being held for ransom. Redo has a large private fortune and it is believed Garcia will extort a large sum before letting him escape.
