Bald Heads Not Wanted

Baldness Is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head... It is believed that he lost his life in the heavy floods that prevailed last February.

We know exactly what we are talking about, and with this offer back of our statements no one should doubt our word or hesitate to put our remedy to an actual test.

FAVORS ADOPTION OF PLUMBING CODE

Long delayed action on the proposed new plumbing code drafted under the supervision of City Plumbing Inspector William Hey, was taken yesterday when the health and police committee of the city council recommended the adoption of the revised code as a whole, and its passage by the council.

The code will become effective, if adopted by the council, July 1. All contracts for plumbing let on or after that date must comply with the provisions of the new law, but contracts let before July will come under the present plumbing law.

TAKES COLD PLUNGE ON EACH MORNING

Thomas B. McMahon, attorney of Seattle, says that if he lived in Portland he would certainly take a swim in the Willamette every day in the year. He takes a plunge in Puget sound every morning and believes the water here no colder than up there where they boast of its great depth.

BRONAUGH WOULD MEET 3 OTHER CANDIDATES

Jerry C. Bronaugh, candidate for the office of school director, has addressed an open letter to the three other candidates, suggesting that they meet in a body in various places where the patrons of the schools may present their wishes on the various subjects of interest in school matters.

Being quite in accord with the state superintendent of education on the subject of arousing public interest in school matters, I respectfully suggest that we arrange during next week, at our joint expense, for meeting at the different polling places at which time the legal voters may formulate and present their wishes upon the several subjects of interest in school matters and each candidate should give, at 10 minutes in which to state his position with reference to such matters.

PLUMMER'S POSITION MAY BE PERMANENT

SPECIAL BRIDGE FUND TO BE USED

Street Committee Adopts New Method in Paying for Filling Ravines.

The new law adopted June 5, providing that the city may fill ravines and gulches at the expense of the special bridge fund, has solved the problem that faced the city council over the proposed filling of Morrison street between Chapman and Washington streets.

The street committee of the council yesterday afternoon voted to rescind the proceedings that had already been started and to commence new proceedings transferring the expense of the fill from property owners in large districts benefited by the contemplated fill to the special bridge fund.

When the fill was first proposed it was conceded that the cost of it should be borne by the abutting property, but had the city auditor tried to assess the cost in this manner the improvement would have been remonstrated out, as the expense would have fallen on two or three acres of property.

It was then proposed to make a district so large that the assessment for each person would be trivial. In this way it was hoped that there would not be enough property remonstrating to defeat the improvement.

This view was changed yesterday, however, when Joseph N. Teal, representing property owners living near the foot of Portland Heights, appeared before the committee and protested against the proposed assessment unless the district should include all of Tenth street on Morrison.

Councilman George L. Baker listened to Mr. Teal's argument and he then suggested that the best way out of the whole affair would be to rescind present proceedings and to initiate others under the new law.

MUSICIAN'S UNION HELD BLAMELESS

Oak Grove, June 9.—To the Editor of The Journal.—Much disappointment was manifested because the Oak Grove Girls' band failed to appear in accordance with announcement in the Rose Show's vehicle parade.

Inasmuch as it has been unfairly and incorrectly stated in many quarters that the Musicians' union was responsible for this failure, the facts in the case ought to be stated.

The girls were on hand ready to take their places and do their part when two Oak Grove real estate men who claim to manage the band insisted on riding with them, although they had little or nothing to do with the large volume of work and expense involved in preparing the Oak Grove float.

The committee of ladies in charge objected. The men then used their influence to prevent the girls from playing, to the great disappointment of the Oak Grove citizens generally, as well as thousands of Portland people who were anticipating their appearance.

Bring in "Average" Verdict. Chicago, June 10.—When jurors hearing the damage suit of Sarah Mansfield failed to agree on an amount each wrote down the sum he thought proper, the figures were tallied and divided by 12 and the jurors reported a verdict of \$392. The judge, surprised by the unusual sum, investigated and reprimanded the jurors. A new trial was ordered.

RUSHLIGHT FAMILY NOW OUT OF DANGER

Willard, the 7-year-old son of Mayor-elect A. G. Rushlight, is reported to have passed the danger point this morning by Dr. A. W. Moore, who is in attendance at the Rushlight residence.

Mr. Rushlight and his son ate some ice cream Wednesday afternoon, and that night they were taken with attacks of acute ptomaine poisoning.

PERSONAL TAX ON AUTOS MUST BE PAID—NORTH

"We have found that a great many automobile owners have been seeking to avoid the payment of the personal property tax on their machines," said W. C. North, deputy city assessor, this morning.

"It is the custom of the office to allow a considerable reduction on account of wear and tear on such machines, as are declared on the personal property blanks furnished by the assessor. But after June 30, the cars will be assessed the original list price."

MINER TAKES OUT \$700 IN THIRTY HOURS

"There is a rush to the Grants Pass country the like of which has not been seen since the early placer mining days," said A. E. Voorhies, publisher of the Rogue River Courier, who has ever a boost for his town, today.

"New strikes are being reported almost daily, and they are good ones, too," he continued. "The leases of the Higgins property, where the first big strike was made, took out about \$100,000 in a little over two months, and one man, working the property adjoining this claim, took out over \$700 in 30 hours."

"The new strikes have been reported from the Red Mountain district in the Illinois valley and one from the Applegate valley. These are known to be good ones, but for obvious reasons the prospectors are trying to keep the strike a secret for the present."

"Besides the many gold strikes, the United Copper-Gold Mines company is erecting a smelter in the Illinois valley."
