Weather Conditions.

Weather Conditions.

The pressure is increasing over the inter-mountain states, but the area of high pressure still continues off the north Pacific coast. A ridge of nearly normal pressure overlies the plains states. The lakes storm has made a slight eastward movement and is central this morning over western Lake Ontario, but it still continues with no marked change of energy. Light rain has fallen in southwestern Idaho, southwestern Oregon, southwestern Utah, Wyoming, Alberta, Saskatchewan, and in the south Atlantic states, and light to moderately heavy rain has fallen in southeastern Washington, northeastern Oregon and in the north Atlantic states. Thunderstorms were reported from Walla Walla, Baker and Sheridan. The weather is cooler in Washington, northeren Oregon, northern Idaho, western Montana, northern California, in the central Mississippi valley and eastward and northeastward to the Atlantic coast, and it is warmer in the great Sait lake basin and plateau states, and near Lake Michigan. From the Cascade and Sierra Nevada mountains to the plains states temperatures in general are much above normal.

Conditions are favorable for fair weather tonight and Wednesday in this district, except that showers are expected for tonight in eastern Oregon and Idaho. Cooler weather will obtain tonight east of the Cascade mountains.

100 Lads Have Glorious Time at Sauvies' Island; Plenty to Eat.

If your carrier looks unusually fanned and healthy when he delivers your Journal tonight it's because he and 100 of his fellow members in The Jour nal Carriers' association had the time of their young lives last Sunday when they pent the day plonicking at Sauvie's island. Swimming, eating, field sports, practically everything that appeals to a healthy boy on a June day helped to make this year's excursion the best the

association has ever held. The good launch Eva, in charge of Captain Amos, made two round trips from the city to Sauvie's island carry-ing the members of the association, the first boat leaving Portland at 8:30 in the morning and the last one getting back at 8:30 in the evening.

Sunday was the ideal day for the ex-cursion and every minute of it, from the trip down river in the cool of the town after dark was worth going through a rainy winter to enjoy. Once on the island the fun began The water was warm, there was plenty of chance for games, sports and fresh air and when dinner time finally cameit seemed as though it never would— there was more to eat than even something over 100 record breaking appe-tites could get away with. Eating wasn't all, either. Imagine taking a soda fountain with you on a picnic. That was about what happened, through the thoughtfulness of the Coca Cola Manufacturing company and the West-ern Soda Works, those two companies uniting to furnish enough fizz water to

sool off the crowd when it got thirsty. The carriers were especially happy over their treatment by Captain Amos The affair was engineered and the de-tails were carried out largely through the efforts of D. H. Smith, circulation manager of The Journal, and the originator of the various celebrations that have made The Journal Carriers' association the most popular boys' club in Portland.

MAY USE BRIDGE FUND **RESIDUE AS "NEST EGG"**

The Greater South Portland Bridge committee has called a special meeting for next Saturday evening at the city President Day Raffety of the committee wishes every contributor to the publicity fund of the committee to appear at the meeting, as the disposi-tion of more than \$100 remaining in the fund over and above expenses yet to be met will come up. It is being urged by members of the committee that the money can be used as a nucleus for another campaign for a high bridge in South Portland.

HIT AT THE PANTAGES

If the audience at Pantages last night had its own way, Fitch Cooper would, perhaps, be still giving his irresistible imitations and his musical selections on various instruments. Cooper was the biggest hit of the new bill that opened biggest hit of the new bill that opened at the Fourth street playhouse yesterday afternoon. Not only is he an artistic musician, but he has a good flow of comedy. The best part of Cooper's work is done on an ordinary handsaw on which he plays several selections.

The Three Kratons, colored hosp reliers, are toplined on the bill and if it was not for Cooper they would be entitled to that exalted position. Their feats with the hoops are remarkable. The hoops are put through startling

The hoops are put through startling paces and the Eratons keep their audience admirably entertained.

In an adaptation from the Danish

"The Iceman" Thomas P. Holer and his clever company are seen and as a comedy, "The Iceman" is a success. The plot has to do with the adventures of a newly married couple, the husband be-ing insanely jealous. Mr. Holer is seen as the supposed interloper while Miss Esther Boggs gives a satisfactory per-formance of the servant girl.

The Garden City Trio make good with a lot of noncense and several happily sleated songs. The Billy Eldid troups of cyclists give a good exhibition, while Lyndon and Dorman, billed as the Yankee Girl and the English Boy, have an act of little merit. Animated events

Our Collection of Medium-Priced Pianos

Buyers who wish to invest only moderate sums of money in pianos should see our offerings in mediumpriced instruments.

I We provide for their needs with just as much care as we do for those who demand the costlier grades.

You can find on our floors at all times good, substantial, handsome pianos of excellent musical qualities priced but little higher than many inferior instruments.

Our store is a place where anyone can buy to the best advantage, not only because we have all reliable grades, but because every piano we sell gives the purchaser full value for the cost.

The terms on which we sell also make piano buying an easy matter here.

It is to your interest to see this collection of instruments and to compare them with any other which you may have seen.
