SAYS RAILROAD RATES BEYOND HUMAN MIND

San Francisco, June 14.—The railroad commission, yesterday afternoon heard the testimony of attorney Durbrow for the Southern Pacific on the matter of rates. Durbrow asserted that no human mind could reach a scientific determination of the fairness of rates, because it is impossible to form any correct idea of the real value of a railroad's property. Its physical valuation would not furnish such a basis, he asserted, because it must be considered as a "going concern."

Sweden supplied half the stock from which the world's supply of wood pulp paper was made last year.

M'GINN PAROLES CONFESSED ROBBER

Judge Says the Young Man Should Have Chance—Sentence 6 Mos. to 10 Years.

Walter Campbell, an admitted hold-up man, pleaded guilty yesterday before Judge McGinn of the circuit court and was paroled. In passing sentence upon the young man, Judge McGinn said he was extending the parole over the protest of the two arresting officers who insisted that the prisoner be sent to the penitentiary. "I have conferred with your attorney, and he has shown me that you are not the bad fellow that you are supposed to be," said the judge. "I believe there is a chance for you to make good in this world, and am going to give you that chance. I want you to know that there is hope for the man who will try to help himself. I shall expect you to help yourself. The sentence of the court is that you be sentenced for a term of from six months to 10 years, but you be paroled. You are to report to me each month in person."

REAL HONEST MAN IS FOUND IN ST. JOHNS

St. Johns has honest men. Last night an apparent stranger walked into the store of Couch & Co. and asked for the proprietor. "Is this the proprietor?" he asked when Couch stepped forward and made himself known. "I owe you about \$50, and I am here to pay some of it. Don't you remember me?" Mr. Couch, who is also mayor of the town, looked at him a minute, and then recognized him a former customer who had lived in St. Johns three years before. He had owed \$50 with a promise to pay just as soon as possible. The stranger left town, and Couch thought he was out the sum. The time passed and the little incident had been forgotten by the merchant, but last night when the stranger walked in on him and paid \$10 on account he was dumfounded.

ROBBER PREFERS CHURCH COLLECTIONS TO JEWELS

(United Press Lined Wire.) Pasadena, Cal., June 14.—Money intended as a church offering apparently has more value in the sight of an unidentified thief than any ordinary variety of loot. Some time Monday night, the thief entered the home of H. F. Morrison and made away with a score of envelopes bearing the name of First Congregational church, each containing a 50 cent piece. The man considerably left several hundred dollars' worth of jewelry lying in the same drawer.

COLLEGE FRATERNITY MEN'S SMOKER JUNE 16

The Portland Pan-Hellenic association, an organization of the college fraternity men of Portland, will hold its second smoker at the University club quarters Friday evening, June 9. Invitations to the 600 members of the new association were mailed out today. The association was organized two months ago. Dr. J. S. Swanson is chairman of the committee having the smoker in charge and he is assisted by C. P. Lott, J. F. Kable, E. E. Vashon and Fred W. Vincent.

CHAMPION GUEST OF REVOLVER CLUB

George Armstrong, World's Leading Pistol Shot, Entertained at Festival.

George Armstrong, champion pistol shot of the world, was a guest of the Portland Revolver club last Friday on his visit to the Rose Festival and was royally entertained by the revolver enthusiasts during his brief stay in the city. He dropped into town unannounced but an assiduous use of the telephone by club officials routed out the club members, who had resolved to postpone their practice shoots during the celebration, and they had an interesting session with Armstrong. Many of the members assembled at the indoor range for a demonstration, and the steady nerve and fine scores by the locals received much praise from Mr. Armstrong. Mr. Armstrong was not equipped with his own guns, but using every gun in the club, demonstrated that "moss" guns in the hand of the right man are capable of high scores. Mr. Armstrong is a jolly, good natured, true sportsman and an enthusiastic booster of the Portland team. He announces his intention of being with the local team for the next season shoot and his coaching will be valuable to the locals. He perfected the trigger pull and also tried up the sights of Hachensky's new gun, so that great results are expected from the local star. President George Wilson, Secretary and Treasurer Hachensky and W. Hansen entertained at a luncheon Friday at the Imperial Grill in honor of the visitor.

Following are the scores:

Twenty yard indoor range:	
George Armstrong	445
George Armstrong	456
F. C. Hachensky	459
W. H. Hubbard	453
George Wilson	448
W. Hansen	448
Freeseott	419
Seonfall	414
Fifty yards out of doors:	
George Armstrong	480
George Wilson	450
W. Hansen	452
F. C. Hachensky	450

ANOTHER OLD COPPER COIN IS DISCOVERED

Another old copper coin has been brought to light by James Burlingame of The Dalles, who desires to know its value. It is a Portuguese coin, minted in 1752. It is partly deminished, and considerable of the lettering and figure work is obliterated. The date is intact, as well as the word "Portugal." On one side is a reproduction of a crown, while on the other side is the date and the word "Rex." An "X" surrounded by wreath gives rise to the belief that the coin is a 10 mill piece.

Printer Becomes Assayer

(United Press Lined Wire.) Reno, Nev., June 14.—Andrew Maute, former state printer, is to succeed B. C. Colcord, former governor of Nevada, as assayer of the United States mint at Carson. President Taft sent Maute's nomination to the senate to be considered.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose. The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight. Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautiful and symmetrical outlines to the figure. An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Dr. Howard Co. will return your money. You certainly can afford to try Samose on this guarantee. Woodward, Clarke & Co. have the agency for Dr. Howard's Samose.
