

ADVENTISTS THROW RINGS AND CHAINS IN COLLECTION BOX

In Less Than Hour at Forest Grove \$21,347 Is Gathered for Spreading the Adventist Propaganda Abroad.

(Special Dispatch to The Journal.) Forest Grove, Or., June 15.—A change in the constitution of the Western Oregon Conference of Seventh Day Adventists, providing that all the departmental officers of the conference be appointed hereafter by the conference executive committee instead of being elected by the delegates, has been voted. The departmental officers include the Sabbath school secretary, field missionary agent of the conference, religious liberty secretary and secretary of the young people's work.

The following officers were elected: President, P. A. Hanson; vice-president, G. W. Pettit; secretary, C. F. Folkenberg; treasurer, F. W. Peterson; members of the conference committee, P. A. Hanson, G. W. Pettit, T. H. Starbuck, J. F. Beatty, H. H. Haynes, C. F. Folkenberg and J. L. Kay.

At two of the business sessions, \$22,341.58 was raised. Of this sum, \$21,347.55 was raised in less than an hour yesterday morning for foreign missions. The other \$1111.03 was for Laurelwood academy.

ADVERTISEMENTS GO INTO BASKET

Earrings, finger rings, two gold watch chains and a diamond pin were among the articles thrown into the collection basket yesterday morning. Not many of the Adventists wear gold ornaments, but those who did were in attendance at yesterday morning's session showed a willingness to part with them when the needs of the foreign mission fields were presented to them.

Not only did the contribution come from the lay members of the church, but the more than 1000 attendees pledged sums ranging from \$100 to \$50. P. A. Hanson, president of the conference, pledged \$500. The \$21,000 contribution came in the main from the 100 delegates. The pledges were made after a recommendation to adopt the 15 cents a week per member plan of giving to foreign missions. Last year the Adventists of this conference raised more than 10 cents a week per member for missions, in addition to the annual tithe of \$26,500. There are 1528 Adventists in the conference.

W. C. T. U. INVITES ADVENTIST WOMEN

An invitation from Mrs. Ada Wallace Unruh, president of the state W. C. T. U., to the Adventist women to join that organization has led some of them to express a fear that if they do their names will be sent to members of congress without their consent, with the statement that they favor stringent Sunday laws, while in fact the W. C. T. U. members are opposed to such laws. They believe each man should decide religious questions for himself. The denomination is strongly in favor of temperance, however. In fact, the members are more strict in this regard than the members of other churches, as they abstain from tea, coffee, tobacco and wine's flesh in addition to alcoholic liquors. Many also abstain from flesh food.

KNOX-HAMLIN CLASH; DEMOCRAT SUSPICIOUS

(United Press Leased Wire.) Washington, June 15.—A clash between Secretary of State Knox and Chairman Hamlin (Democrat of Missouri) of the house committee on expenditure in the state department occurred yesterday within three minutes of the time Knox took the stand to make further explanations regarding a payment of \$2450 for the Day portrait said to have cost only \$850. The voucher for this expenditure, which it was alleged was lost when the matter first came before the committee, and which was mysteriously found, was presented to the committee today. After examining it, Chairman Hamlin asserted it had been tampered with. He discovered that it was accompanied by an undated receipt signed by Albert Rosenthal, the artist who painted the picture in question. Hamlin at once announced the theory that the undated receipt had been attached since the investigation began.

"What are you trying to do?" exclaimed Knox, "indicate that someone is trying to commit perjury?" "Not at all," replied Hamlin; "but I believe some one prepared this receipt after the investigation began."

If you suffer from headache, indigestion or constipation RED RAVEN that sparkling laxative water will cure you quickly. RED RAVEN comes in small bottles called splits and one is a dose. All drug stores, cafes, hotels everywhere 15c

MEMBERS OF JUNTA NABBED IN LOS ANGELES

(United Press Leased Wire.) Los Angeles, June 15.—President Ricardo Flores Magón of the local liberal junta; Anselmo Figueroa, editor of Regeneracion, a Mexican socialist weekly organ, and Liberado Riva, junta secretary, were taken into custody yesterday by federal government officers on a charge of violating the neutrality laws.

The grand jury, which has been quietly investigating the case for several weeks, returned indictments against the three men.

The charges against the three men is that they hired men and enlisted them in the insurrecto army on this side of the line.

JOHN SHARP, MACHINIST, GUILTY OF ASSAULT

John B. Sharp, machinist, for several months employed as a picket near the Smith & Watson foundry, posted there for the purpose of inducing nonunion men to join the union ranks, was found guilty yesterday of an assault on John W. Griffith, a nonunion employee at the foundry, on the morning of May 31, and was sentenced by Judge Taxwell to 30 days on the rock pile. The case will be appealed.

Griffith, who is a special officer, arrested Sharp on May 31 at about 10 o'clock in the morning and tumbled him with Sharp and a companion at Third and Clay streets. Griffith testified that he was on his way to work when he saw a man step into the street. Recognizing him as a picket, he walked across the street to avoid trouble, but when he passed a stone wall at the corner, two men stepped from behind it and struck him a blow on the head that knocked him to the cement sidewalk.

Griffith testified that while lying on the street Sharp kicked him in the face. This was substantiated by two women, residents of the neighborhood. Griffith attempted to draw his revolver, but the two men grabbed his arm and it was finally wrested from him. The fight Griffith was cut about the head and a large wound inflicted on his hand by Sharp's teeth.

Griffith told that Sharp had threatened him several times and the fight on the morning of May 31 resulted from the fact that Griffith had refused to be interviewed by the union men. Griffith accused another picket by the name of Band of being with Sharp, and after the arrest of Sharp a warrant was secured for Band, but it was never served.

Sharp testified that he was alone and walking up the street to meet Griffith, when without a word Griffith attempted to pull his gun. Sharp asserted that he then struck Griffith in the face and followed him across the street to prevent being shot. He admitted kicking Griffith in the face, but denied that Band was with him. He admitted he had not worked in the city, having come here from Florida. Sharp is now employed at one of the city pumping stations.

John A. Jeffrey, who appeared for the union picket, gave notice of appeal and Sharp's bonds were fixed at \$500. The fight between the union and non-union men over the Smith & Watson foundry has been one of long standing and Sharp has been arrested on two other occasions for the same kind of trouble. In neither case before, however, has there been a conviction. In commenting on the case Judge Taxwell stated that he believed Sharp was merely looking for trouble and acted hastily in striking Griffith.

GRANTS PASS PRIZES GIVEN; CARNIVAL ENDS

(Special Dispatch to The Journal.) Grants Pass, Or., June 15.—Following are the winners of prizes offered by automobile agents in the Rose Carnival parade during the festival: Best decorated cars—Cadillac, George C. Bablin; Maxwell, J. W. Lucas; Ford, A. Giesler; Overland, R. E. Kroh; E-M-F, H. N. Starr.

Following are the winners of prizes offered by the Rose Festival association: Best decorated automobile—First, Claus Schmitt; second, Allen Gibson. Best decorated bicycle—First, Miss Lula Darnelle; second, Louise Rodelle.

Following are the winners for the best varieties of roses: Mrs. Joe Wharton, Miss Helen Hall, Mrs. T. P. Cramer, Mrs. H. C. Kinney, Mrs. W. C. Hale, Mrs. E. A. Shork, Mrs. H. C. Robelsin, Mrs. Holman, Mrs. H. D. Norton, Mrs. Elbert Veatch, Mrs. George P. Cramer, East Side grammar school, T. P. Cramer.

Last evening ended the carnival. A large crowd filled the auditorium in the morning to view the rose exhibit and attend the baby show. The winners in the baby show were as follows: Prettiest girl baby under six months, Thelma Sturtevant; prettiest boy, Louis Kenyon; prettiest girl under 18 months, Dorothy Brigham; prettiest boy, James Mead; prettiest twins under 18 months, given Mrs. J. A. Varner; youngest baby, Laverne Huck; largest baby, Harold Green.

COWICHE CLOUDBURST SWEEPS OUT BRIDGES

(Special Dispatch to The Journal.) North Yakima, Wash., June 14.—A cloudburst in the Cowiche district west of this city drowned livestock swept out bridges and filled irrigation ditches to overflowing. Following the hottest day of the year, the storm was a furious one. Several North Yakimians who had gone up beyond Tampo in automobiles were held at that place, pending the construction of a bridge to replace one swept away. There was another severe electrical storm yesterday afternoon.

James E. King saved his son Charles T. King, from a long term in the state prison yesterday by pleading with Judge Gantenben to parole the young man. The son is 20 years old, and embezzled \$2600 belonging to his father. The money was in the bank to the credit of both father and son, and it was drawn out by check. It represented the father's savings for several years, which he planned to leave to the son. An indeterminate sentence was imposed with a parole.

PACIFIC POWER HAS COLOSSAL SCHEMES

Expenditure of Recent \$30,000,000 Loan Only Starter, Manager Says.

(Special Dispatch to The Journal.) Kennewick, Wash., June 15.—That the expenditure of the \$30,000,000 for which the Pacific Power & Light company negotiated a loan a few months ago, is but a mere starter in the company's development work in the Columbia and Yakima valleys, was the statement of Manager R. J. Andrus last night in urging the local commercial club to recommend the granting of a 50 year franchise to his company. With one third of the water power of the United States available in the Columbia river basin, he said the plans of his company contemplated the expenditure of many more millions in extensions which would make possible the irrigation of thousands of acres of fertile land which cannot be reached by gravity systems.

According to Mr. Andrus, cheap power for irrigation purposes means a new era of development in the desert sections of the northwest. A very successful start along this line has already been made in the Kennewick valley, where the first large electrical pumping plant in the United States has been in successful operation for three years, and several smaller plants have been recently installed, making possible the cultivation of several thousand acres.

The commercial club voted down a motion to recommend to the city council that the franchise ordinance be passed.

PACIFIC POWER PEOPLE HEAD OFF A MUNICIPAL LIGHT PLANT IN YAKIMA

(Special Dispatch to The Journal.) North Yakima, Wash., June 15.—Following a meeting between representatives of the Pacific Power & Light company and the city council in which the former agreed to one of the points at issue in the municipal lighting proposition, for which an election was to have been called July 1, that is, to abolish the meter rentals, Mayor Schott vetoed the ordinance calling for the establishment of a municipal plant and for an election to decide on bonding the city for \$300,000 for the purpose. The light company has offered an immediate reduction to 12 cents and a 10 cent rate in June, 1912. Public sentiment seems against the municipal plant at this time, the popular idea being that the immediate necessity is sewers.

Sentenced to Rockpile.

Walter St. Johns will languish 10 days on the Linnton rockpile for making remarks to women on a Mississippi avenue car last night. He insisted on asking two little girls who were eating popcorn if he could have some. He then spoke to a woman, and the remarks to her started the excitement. Patrolmen Shaffer and Helms arrested the man. In the scramble to get him off the car several windows were broken.

ST. JOHNS ENGINEER GRANTED \$4 PER DAY

The regular meeting of the city council of St. Johns was held Tuesday in the city hall and was one of the shortest and best conducted meetings that has been held in some time.

Assistant City Engineer Vincent, who has in the past received a monthly salary informed the members that he would like to receive his pay by the day, \$4 being the amount asked. After a short discussion, it was decided to allow him his wages asked. A petition asking for the erection of an arc lamp at the corner of Burr and Esplanade, was granted as was the erection of a shelter for a suitable shelter for passengers waiting for cars.

The fire commissioners were authorized by the council to stock up on new apparatus. The business men of St. Johns have petitioned the council to have the streets sprinkled. To this cause the body donated \$1 per week.

Resolutions for the improvement of Fessenden street from Buchanan street to the city limits, Mohawk street from Ivanhoe to Willamette boulevard, Baltimore street from Edison to Jersey street were all carried without a dissenting vote. Bids were opened last night for the cost of improvement of Marcum avenue; the lowest bid entered was that of Charles E. Postage which was accepted.

MORPHINE BOOTLEGGER IS ALREADY ON PAROLE

Hillsboro, Or., June 15.—Charles Jones, who was arrested in Portland Tuesday on a charge of having 24 boxes of morphine in his possession, was released from the Hillsboro jail May 28 on a pardon by Governor West, recommended by the district attorney and circuit judge. He had 122 days of a 175 day sentence to serve when released. Jones pleaded guilty to four indictments for bootlegging in the construction camps of the P. R. & N. He was serving a sentence on the first indictment, and having been paroled on the other three they not being included in the pardon, he may yet have to serve them in Washington county.

HONEY BEES SEIZE TELEGRAPH CABLE, RESIST EJECTION

(Salem Bureau of The Journal.) Salem, Or., June 15.—A swarm of wild honey bees has taken possession of a cable on the Postal Telegraph line in this city, where the line crosses State street. For several days the local operator has been complaining of a "bug on line," the telegraphers' phrase for a bad wire. When the swarm was discovered and J. P. Cofer, lineman, attempted to oust the bees he was chased from the place, and Foreman Coyte received several stings under the chin. The bees had come to stay. There is about 40 pounds of honey in the box.

HIGH STEEL BRIDGE GOING INTO PLACE

First Section of the 1050 Foot Structure Over Willow Creek Is Up.

(Special Dispatch to The Journal.) Madras, Or., June 15.—Steel for the big bridge the Harriman system is building across Willow creek canyon, just out of this city, is arriving, and the steel gang is unloading and assorting the pieces that they may be put in place with the least possible handling. Placing the steel in position was begun this week, and the first section out from the north side is up. When completed the bridge will be 1050 feet long, and 250 feet above the tracks of the Hill road, which emerges from the canyon on the edge of the city. The concrete abutments for the entire span are about finished, and the steel gang is expected to rush matters to the utmost, in order that the Harriman road may extend its service on south to Redmond, Bend, and other central Oregon points.

Interior Ice Business Begun.

(Special Dispatch to The Journal.) Madras, Or., June 15.—The first delivery of ice in Madras by a local concern was made yesterday when the Central Oregon Ice & Cold Storage company

began operations. The new company not only proposes to act as a distributor of ice at present shipped in from Portland, but will conduct a general cold storage and refrigerating business, handling fresh produce, both incoming and outgoing. It has just finished a new plant on the Oregon Trunk Railway and has facilities for handling the entire Central Oregon output. As soon as the local water system is installed, it expects to manufacture its own ice and supply all of the cities in Crook county with cold storage facilities.

Admiral Mason Retires. (United Press Leased Wire.) Washington, June 15.—Rear Admiral

Newton E. Mason, U. S. N., retired today as chief of the naval bureau of ordnance, being succeeded by Commander Nathan C. Twining. Admiral Mason's retirement was due to ill health of the bureau, in 43 years old and a native of Boston. He served during the Spanish war on the battleship Iowa under Admiral Evans.

Myrtle Point Pastor Resigns. (Special Dispatch to The Journal.) Myrtle Point, Or., June 15.—Rev. George W. Taylor, who has been pastor of the Presbyterian church at Myrtle Point, has resigned and will take up evangelistic work.
