

CAVERN WILL BE A NATURAL SEWER

Redmond, Or., Hotel's Discovery Stirs Rival Hotel to Drill for Passage.

(Special Dispatch to The Journal.)
Redmond, Or., June 15.—While workmen were drilling through rock in the rear of the Hotel Redmond, where the Jones Land company is excavating for a septic tank to carry off sewerage from the hotel, an underground cavern was found.
The workmen had gone down 18 feet through soft rock and had drilled down 10 feet more. A heavy charge of dynamite and powder was put in to loosen the rock, but when the charge exploded only a dull sound was heard and no rocks were thrown up. Instead a heavy pressure stream of cold air came up through the hole and a half pipe that was in the drill hole. The distance to the bottom of the pipe from the top of the ground was about 88 feet, and the supposition is that a subterranean cavern was pierced by the dynamite explosion and that the charge went downward into the cave. That is the reason given why the explosion could barely be heard.
The Jones Land company thinks it has solved the problem of conveying the sewerage from the hotel, and will

test the capacity of the underground cavern pierced by the drill and explosion. E. T. Redmond, proprietor of the Hotel Oregon, located across the street from the Hotel Redmond, thinks he can strike an underground cavern on his land, and has been granted permission by the city council to bore in the alley in the rear of his hotel to locate one. Some of the persons well acquainted with the formation of the land of this section think the cavern encountered is one of the wind caves located in different sections in the western part of the county.

BLISS' BRIGADE LEAVES FOR HOME STATION

(United Press Leased Wire.)
San Diego, Cal., June 15.—General Tanker H. Bliss and his provisional brigade, here since March 3, prepared to leave today on the transport Logan for the home stations at the Monterey and San Francisco presidios. The Logan arrived at the navy coal dock at Point Loma early yesterday. The loading of the transport with 1500 men and all their impediments was begun at once. Seven companies of the brigade will remain along the border.

Mystery Is Cleared Up.
(United Press Leased Wire.)
Berkeley, Cal., June 15.—A note book found with a skeleton near Treks is believed by the Berkeley police to have cleared up the mystery of the disappearance of Iritia Kolasa, who disappeared here February 7. Treks police have notified Berkeley authorities that the notebook contained Kolasa's name and other marks which relatives here say identifies a book he carried. How he came to his death is not known.

MOUNTAIN BERRY RIPENS IN JULY

Weston Will Hold Strawberry Day to Exploit Attractive Product.

(Special Dispatch to The Journal.)
Weston, Or., June 15.—A strawberry day and horse show will be held at Weston Saturday, July 1. Its object is to advertise the resources of the mountain country near Weston, and especially the strawberries grown without irrigation on mountain soil. These ripen in midsummer, are much larger than the irrigated berry, and of delicious flavor. The demand for them exceeds the supply, and it is hoped that the growing of strawberries will be stimulated by this event.
There will be speaking, music and a program of exercises during the forenoon in a large pavilion. Tables will be spread in the pavilion, and mountain berries, cream and cake served without charge to the people. The afternoon will be devoted to the horse show, baseball and other diversions. Attractive booths will be arranged for the display of all the products of the Weston district.
The following committee on general arrangements will have direction of the affair, its members serving as chairman of subcommittees: L. M. Knapp, general chairman; E. A. Barnes, J. H.

Price, G. DeGraw, E. R. Caplinger, D. F. Lawender, Mrs. William Mackenzie, C. W. Avery.
Mrs. Kyle Is Buried.
(Special Dispatch to The Journal.)
Weston, Or., June 15.—The funeral of the late Mrs. Fred Kyle, one of the principals in the Milton tragedy, is being held in the United Brethren church at Weston today. Mrs. Kyle formerly lived here and bore a good reputation. She is believed here to have committed the crime while temporarily insane.

JOHNSON ORDERS \$18,000 LIMOUSINE FOR HIS WIFE

(United Press Leased Wire.)
London, June 15.—As a gift to his white wife, Jack Johnson has ordered a Chalmers limousine costing \$18,000. The negro pugilist today contracted with a jeweler for 1500 worth of interior fittings. Including in the fittings are gold vases and cases containing matches and cigarette boxes, flask and scent bottles and powder boxes. Johnson insisted on 18 karat gold and then, to show that he did not care for expenses, ordered a duplicate set in silver for ordinary use.
The car is royal blue in color and is lined with blue and grey brocade.

DAY OF WATER HOG GONE, SAYS COURT

Decision in Umatilla Appeal Is Vital to Future Irrigation Litigation.

(Special Dispatch to The Journal.)
Pendleton, Or., June 15.—The opinion of the supreme court of the state recently handed down in the case of appeal from this county, the Allen Ditch company vs. the Henrietta Milling company, in which it was held that neither appellant nor respondent had made out a case because they failed to state definitely how much water they laid claim to, will have a sweeping effect upon future water litigation, including the 300 suits instituted by the government against Umatilla water users. Hereafter all users will have to install and maintain a measuring box, by which they can determine exactly how much water they are using, and in all litigation undertaken the exact number of inches of water claimed must be defined.
The opinion, which reverses the lower court's decision and dismisses the suit without costs or prejudice to either side, leaves the two big companies where they began several years ago, and they must now have their rights ad-

justed along with many other users in the county.
The supreme court also dealt a blow to the "water hogs" in its opinion, stating that the time is past when the theory of "get all you can and keep all you get" will be tolerated, and that henceforth a man is entitled to only so much water as is necessary for the carrying out of the project or purpose contemplated.

SELF DEFENSE IS PLEA OF PLAYER'S SLAYER

(United Press Leased Wire.)
Albany, N. Y., June 15.—That self-defense was the motive that prompted the killing of Arthur Brown, first baseman of the Albany baseball team, is the assertion today of John V. McStea, of Augusta, Georgia, a theatrical manager. The grand jury today is investigating the killing which occurred in Brown's room last night.
McStea asserts he found Brown with his wife in the room, but that he did not fire until Brown struck him. The woman, whose stage name is Mildred Barry, has been detained in the house of refuge.
Attorneys Are Appointed.
(United Press Leased Wire.)
Washington, June 15.—The Lorimer committee has employed Attorneys John H. Markle and John Healey to assist the committee in making their investigation.

CONVICTS TO BUY PICTURE MACHINE

Newly Created Amusement Fund Has Also Provided Baseball Outfits.

(Salem Bureau of The Journal.)
Salem, Or., June 15.—From the amusement fund of the state prisoners a moving picture machine for the penitentiary will be procured within the next few days. Superintendent James hopes to be able to arrange for a circuit of films to be used in the penitentiary, the industrial school, the state asylum and the deaf school and on the asylum farm. A moving picture show together with several numbers supplied by the convicts will be given at the penitentiary on the Fourth of July. An outdoor entertainment will make up the greater part of the day's program.
The amusement fund of the prisoners, which was created last month when the earnings of the prisoners in the shops was applied to this fund since there was no contract for shop work, consists of about \$500. Two baseball outfits have been purchased, the two teams being known as the shop team and the house team. It was from this fund that the prisoners entertained the boys at the state industrial school with an afternoon under the tents of the Belle-Photo circus last week.

Our Removal Sale Is Now On

Prices slashed in all departments to make this last day the largest in the history of the People's Market. Come early.

WE ARE MOVING JUST ACROSS THE STREET.
