The series of baseball games in the Grammar School league came to a close by the winning of the championship by Irvington Friday over Ladd. The series has resulted in the appearance of much good material and in the playing of some games that would have been a credit to much older players.

The Irvington and Ladd teams are two of the best teams developed in the league for several seasons and when playing in form are capable of putting up a very fast game. This fact was brought out in the first game between these teams, Irvington winning by a 4 to 2 score. Holladay also had a good team in spite of their small players, but had to stand a hard race, playing an average of a game every three days. In the finals Arleta started well, but seemed to lose hope after their defeat by Irvington. In the preliminaries Eliot loomed large but "blew up" in the finals.

Irvine of the champions is one of the best catchers the grammar league has produced. He has a strong, accurate arm, the best in the league, perhaps, and the man who steals on him has to be pretty fleet. And he can hit the pill in the most approved .300 class fashion, as his home run and threebagger in the Ladd game will testify. Irvine is a heady backstop as well as a nifty receiver and, under his captaincy the Irvington team played "sacrifice" and "hit and run" like big leaguers. He has the call on the windpad position, although he supplants a good man in Schultz of Ladd.

Schultz has a fairly accurate arm, runs the signalling well and can sting the pill almost as hard and frequent as Irvine. Next to Irvine he is the best man in the league.

Haydon Strong Twirler.

Haydon of Irvington school seems to be the best pitcher in the league. He has good control, speed and sharp breaking curves. His headwork is good and he is always cool. Graham of Ladd was given second choice because of his steady work. In Irvington's last game with Holladay Haydon let Holladay down with three hits and struck out 13 men. Four days later he started against Ladd and had to be taken out because of wildness, but that is likely to happen to a Mattheson. Davis of Ladd and Johnson of Arleta are good pitchers but have both been driven from the box in several games. Williams of Holladay pitched a great game in his first tussle with Irvington, but was touched up freely by both Ladd and Irvington in the last game. Powers' pitching arm was hurt in Eliot's first game and he didn't have much chance in the finals.

The shortstop position is a hard one to pick. Bolin of Ladd and Bonney of Irvington are far above the average. Both are fine fielders, good base runners and heavy hitters. The position is given to Bolin because of a slight advantage in headwork and base running. Bonney is given second choice for this position.

Stemler of Irvington is given the choice for first base. He is a good fielder and takes many difficult chances at first. Stemler is a hard hitter and covers more ground than any first baseman in the league, besides having a fine throwing arm. Holt of Ladd is also a good first baseman but has a "Charley Horse" which has bothered him in the last few games. He is given second choice for first base.

Burke Good Fielder.

Little Burk of Eliot is given the position at second base. He is a fine little fielder, a good batter and always has his head on his shoulders. He starts many double plays and has a splendid throwing arm for so small a boy. Knudson of Ladd is a good second baseman and is given this position on the second team.

Third base goes to Rivercomb of Arleta. He has a fine throw across to first, is a clean fielder, and usually hits in a pinch. Upton of Eliot is given this position on the second team and is a good third sacker, as is Base of Irvington.

McLauchlan of Irvington is a second baseman but is shifted to left field on this imaginary nine. He played left field before being sent to second base during the early part of the season. He is a fine player and deserves a place on the All-Star. McLauchlan is a sure fielder, has a fine arm, and is one of the best hitters on the Irvington team. He is also a fine base runner and has a good head. Seabrook of the same team is given this position on the second team.

Center field is given to Sitton of Ladd. He is a sure fielder, a good batter and has a nice peg from the outfield. Brown of Irvington is one of the best fielding outfielders, but is prone to strike out too often. Hall of Holladay is given second position on account of his hitting.

Jacobson of Holladay would fit in nicely in right field. He is fast on the bases and can cover a world of ground in the outfield. He is one of the surest hitters on the Holladay team. Schiller of Irvington is the second choice for right field.

MOHLER'S SEALS TAKE 5 STRAIGHT

Win From Sacramento Senators in Best Game of the Series.

(By the International News Service.)

Sacramento, Cal., June 17.—Despite the heat that prevailed in the ball park this afternoon, the Seals and Senators clattered through 10 innings of the best ball that has been played in the series, Mohler's clique making it their fifth straight win, 4 to 3.

"Bullet" Miller started for the Seals but the heat got to him in the fifth inning and he asked to be retired. Miller sat in the shade of the grand stand and in a few moments toppled over in a faint. He was revived by his team mates and was able to walk to the club house after considerable ice water treatment.

Henley went on the hill for the Seals and being acclimated, speeded along with a full brand of pitching, holding the Senators to five hits.

"Hungry" Shaw broke up the game with a fluke triple in the tenth inning. With two down Henley singled to center and Shaw rapped the ball into left, the ball taking a bad hop off the hard pan just as Lewis dropped for the bounce and skidded out across the left field line, Henley tallying and Shaw pulling up at third. McArdle ended the frame by hitting to Thompson who pegged him out to Danzig.

In their half of the tenth, the Senators put two men on and then could not score. Henley struck out Shinn, Van Buren and Heister in this inning.

ANOTHER DOUBLE HEADER ON TODAY

Another double-header will be played at Vaughn Park this afternoon between the Spokane Indians and the Portland Nicks, the first game starting at 2 o'clock. Yesterday Portland won both games and Manager Williams is anxious to duplicate the feat this afternoon. If the Nicks take two more and Tacoma triumphs over Seattle, the Indians will likely lose their lead in the league race to the fast coming Bengals.

JUDGE MOORE WINS COACHING MARATHON

(By the International News Service.)

London, June 17.—Judge Moore's mixed team, which started fifth, was the first to arrive in the International Coaching Marathon held here today. The run was from Bushbey Park to Olympia. Thirteen coaches started. The Americans were Judge Moore and Alfred G. Vanderbilt. Mr. Vanderbilt's four was sent away ninth and finished fourth, 24 minutes behind Judge Moore, who won first place.

Teams Split Even.

Vancouver, B. C., June 17.—The Islanders and Vancouver broke even in the double-header this afternoon, Victoria winning the first game by a score of 6 to 2 and the Beavers grabbing the second by a score of 5 to 3. In the first game Cates started to pitch for the Beavers, and pitched good ball up to the sixth inning, when the Islanders scored enough runs off his delivery to cinch the game.

Starkell for the Islanders pitched steady ball, and was never in danger. During the second game Gervais, pitching for the Beavers, allowed only five hits, while the speed marvel, Thomas, was touched up for nine safe ones.

Centralia Wins Game.

Raymond, Wash., June 17.—Centralia took the first game of the series by the score of 14 to 5. Two costly home runs were secured by Centralia while Raymond with four to their credit only counted for four runs, Wineholt getting two of these and Pickens and Reed the other two. Gleason and Bodiger for Centralia were the home run hitters of that team. Score:

	R.	H.	E.
Raymond	5	10	6
Centralia	14	15	2

Batteries—Baker and Wineholt; Guyn and White.

Seattle Wins Game.

(Special Dispatch to The Journal.)

Seattle, Wash., June 17.—Seattle defeated Tacoma today, 6 to 5, in one of the hottest finishes of the season. The Tigers touched Fullerton for two home runs and two singles in the eighth, and in the ninth he was relieved by Knight, who stopped the run getting. Five home runs featured the game. Score:

	R.	H.	E.
Seattle	6	9	2
Tacoma	5	7	2

Batteries—Fullerton, Knight and Shea; Higgins, Annis and Burns.

Rumor Miller Released.

Rumor was going the rounds last night that Kid Miller, the Denver outfielder who has been playing utility gardener for the Nicks, has been released by Manager Williams. He was a good fielder and fast on the bases but lacked in the sticking department.

PLAYS WELL IN ALMOST ANY POSITION.

Jack Knight, the clever all-around artist of the New York Yankee studio, who plays acceptable ball at first base in the absence from the game of his chief, Hal Chase. Knight has filled in at every position on the Yankees' infield. But let it not be considered that Knight is merely a substitute or utility man. He is the crack of the whole infield outfit, and is always on some job or another, his regular place at present being second base, when all the others are in the game. Knight has been doing fine work at the bat this season and is as much responsible as anyone else for the great climb the New York entry has been making in the American league column.

"DEATH CURVE" CLAIMS 2 MORE AUTO VICTIMS

(United Press Leased Wire.)

New York, June 17.—Two more fatalities were this afternoon added to the already long list of deaths which have occurred at the Westbury station crossing on the Long Island Railroad, known as "death curve," when a train smashed an automobile into kindling wood. The victims were Wilfred Jay, formerly editor of "Whip and Spur," and C. J. Ross, the official photographer of the Meadowbrook Hunt club.

The accident occurred in full view of hundreds of handsomely gowned women en route to witness a fashionable polo game. Several fainted.

SCHWAB CONFIRMS STORY BY GATES

Former Head of Steel Trust States Gates Told Truth to the Committee.

(By the International News Service.)

London, June 17.—Charles M. Schwab today confirmed the story of the meeting between J. P. Morgan and Andrew Carnegie that resulted in the formation of the steel trust, as related by John W. Gates before the Stanley committee in Washington.

Mr. Schwab says he called on Morgan at the request of Gates and prevailed on Morgan to take the first step toward a meeting, he being younger than Carnegie. Judge Gary, he said, knew nothing of this meeting.

Mr. Schwab was asked if he had been subpenaed or requested to appear before the committee of congress that is conducting the steel inquiry at Washington.

Is Willing to Testify.

"No, I have not been asekd to testify," was the reply, "but I will appear gladly before the committee if I am wanted."

Mr. Schwab was asked if he could throw any light on the issues of veracity raised between Mr. Gates and Chairman Gary of the steel trust, in their testimony.

"Well," said Mr. Schwab, "I only know Gates' story concerning the formation of the trust from the newspaper reports, but I can say that, as reported in the press, it is substantially true."

STEEL TRUST INQUIRY HALTED BY VACATION

(United Press Leased Wire.)

Washington, June 17.—A temporary respite for the steel trust at the hands of the Stanley steel trust investigating committee of the house appeared today when Chairman Stanley prepared for a sojourn of a week or more at home in Kentucky.

"We have just about finished with all the witnesses and material we had on hand," said Stanley today, "and it is probable that we will not get together again for a hearing before the first of July."

Stanley plans a session in New York in July, with former President Roosevelt as the chief witness. The committee will also call J. Pierpont Morgan in New York, if he has returned from Europe by that time.

CLERK HORTON AGAIN ACCUSED OF SHORTAGE

Spokane, Wash., June 17.—Charged with embezzlement of city water receipts amounting to $89, C. E. Horton, former chief clerk of the Spokane water department, is sought by the police tonight. A warrant was issued by the prosecuting attorney today. The total shortages found by employes of the state board of accountancy in checking Horton's books for 1908 is said to amount to hundreds of dollars and more is being hunted. Horton was tried for alleged embezzlement more than a year ago, following an investigation by the city council, but was acquitted because the shortages charged were not shown by the office books.

FRISCO POLICE CHIEF ON THRONE, GROGGY

(United Press Leased Wire.)

San Francisco, June 17.—David Augustus White, made chief of police yesterday after a fortnight's battle with injunctions, may lose his job. In police circles tonight it is intimated that White's resignation will be handed in in the near future, and that some other man will be appointed to fill the place permanently. A resignation with a blank date is said to have been handed the police commissioners before White attempted to take the job away from John F. Seymour.

HOOD RIVER WATER CASE NEARS AN END

City and Owners of Present Plant Expected to Agree on Condemnation.

(Special) Dispatch to The Journal.)

Hood River, Or., June 17.—The Hood River water situation, which has caused more city scraps than all other ills to which the city has been heir, is apparently about to be settled. The present light and water company, which bought the plant of H. F. Davidson a few months ago, and the fire and water committee of the council, have been in conference for several days attempting to reach conclusions whereby the city would become owner of the private plant so that there would be no competing system when the city brought its own plant in from Tucker spring. Reports are current today that the water company and the city will agree Monday night to have the present water plant condemned by the courts and to have a jury fix its value. The suit is to be a friendly one and the verdict of the jury to be final.

Several attempts have been made by the city to purchase the plant, but figures submitted by engineers relative to its value have seemed too high to the city council. It is expected the matter will be disposed of within the next 30 days. The citizens of Hood River have always favored municipal ownership but have objected to a competing plant.

Three attempts have been made to sell city bonds in the sum of $90,000 for the purpose of installing a municipal water system, but each has proved futile. It is thought that it will be an easy matter to dispose of the bonds as soon as the competitive water plant has been absorbed.

Lucas Soon to Be Named.

(Special Dispatch to The Journal.)

Hood River, Or., June 17.—Friends of J. P. Lucas, who have had his campaign in hand here for postmaster of the Hood River office, are now well assured that he will get the appointment. Telegrams received here from friends in Washington, D. C., interested in the appointment of Mr. Lucas, state that his appointment will be made in a few days. His friends here are very jubilant as the fight for the office was a hard one among several candidates.

Tom Lawson at Hood River.

(Special Dispatch to The Journal.)

Hood River, Or., June 17.—Thomas Lawson, of magazine fame, who has been spending several days in Hood River, is very much captivated with the Hood River valley. He stated that its scenic beauties were unsurpassed and its orchards the most marvelous he had seen.

Tahoma Takes High Landing.

(Special Dispatch to The Journal.)

Hood River, Or., June 17.—The first steamboat to land at the Hood River high water landing, the Tahoma, came into the channel this morning and unloaded a cargo of freight and several passengers. The water is rapidly raising at Hood River and the river steamers can now land with safety.

Forty Cars of Berries Gone.

(Special Dispatch to The Journal.)

Hood River, Or., June 17.—Strawberry shipments from the Hood River valley are now at their best and it is probable that shipments will fall off the latter part of the week. With tonight's shipments nearly 40 cars have gone forward this season and it is thought that a total of about 65 cars will be shipped this year. Most of the berries are now coming from the Willow Flat section and the upper valley. There are plenty of pickers and packers on the ground to insure a complete harvest. The crop was cut short some on account of the cold weather in May. Many of the berries on this account did not recover and attain their full size.

Pacific Wants Fifty Freshmen.

(Special Dispatch to The Journal.)

Pacific University, Forest Grove, Or., June 17.—A "Whoop 'er Up" meeting was held yesterday afternoon at the last gathering of the Pacific students for the school year. Examinations had finished in the morning so the students enthused heartily in the meeting. Speeches were made by L. L. Hope, president of the student body, and President W. N. Ferrin urging each individual student to boost for Pacific during the vacation months. Professor Proctor, who is carrying on a vigorous campaign for new students, spoke at length of the plans along this line. "Fifty New Freshmen," next year is Professor Proctor's slogan.

WHIRLWIND FINISH TO FRISCO MATINEE

About Every Hit in Baseball Turned Loose By Angels in Two Innings.

(By the International News Service.)

San Francisco, June 17.—At the close of the seventh inning today in the game between the Oaks and the Angels the score stood 8 to 1 in favor of the Oaks. Scores of fans took it for granted that everything was lovely for another day and departed for an early supper. They missed the most exciting part of the game. Despite the handicap, Los Angeles opened up on Tyler Christian in the eighth, and in one of the most furious batting rallies of the season, made six safe clouts count for four runs.

Again in the ninth after two were out and Oakland still three runs to the good, the unexpected happened. Ivan Howard poked the ball over the fence, making the score 8 to 6. Bernard bounced a grounder to Pfyl in deep territory. Christian covered the bag and the rest of the Oaks started for the clubhouse. But they had to come back for Pfyl's toss got away from the catcher and Bernard was safe.

Little Pete Daley, the next man up, hit the ball for what seemed a sure two bagger against the fence. Zacher got under the ball in deep center, backed up against the fence and standing on his tiptoes, reached up and caught the ball flush against the boards. It was a wonderful catch and a daring chance, but it ended the game and saved possibly one of the most humiliating defeats of the season.

SHERIDAN SETS NEW WORLD'S DISCUS RECORD

(By the International News Service.)

Patterson, N. J., June 17.—Martin J. Sheridan of the Irish-American Athletic club, the world's champion, made a new record for the discus in the annual games of the Knickerbocker Rowing and Athletic association held at Willard Park this afternoon. He sailed the steel plate 141 feet 8½ inches, adding 4½ inches to the old mar.

BEAVERS BUTCHER HAPPY'S HOGANS

McCredie's Crew Takes Fourth Straight Game From the Vernon Tigers.

(By the International News Service.)

Los Angeles, June 17.—Hap Hogan's Vernon Tigers were butchered again for another Portland holiday this afternoon by the score of 11 to 3. This makes four straights for the Beavers and the series now looks like a landslide for McCredie.

The Beavers made their 11 aces in the first three innings and for the rest of the game just kept busy enough to stop anything like a Vernon rally.

Roy Castleton weathered two innings and left the game after eight runs and six hits had been gathered off his delivery. The first inning was terrible, 10 men facing the Vernon slabster and the bell tolled four times before the last man was out. Gipe, the Redondo school boy, was sent in in the third inning, and although he had a bad time in this inning, he worked nicely the remainder of the game.

Patterson opened the game by dropping Hosp's heave, allowing Chadbourne a life at first. Barry walked, Ryan walked, filling the bases. Krueger singled to center, scoring Chadbourne and Barry, Ryan going to third. Krueger was forced out at second by Rapps, who stole second. Sheehan drew a walk, filling the bases once more. Then Peckinpaugh walked, forcing Ryan in with a run and Murray also walked, scoring Rapps.

Four runs and five hits were chalked up in the second and Hap Hogan took Castleton and himself out of the game, Sheehan going behind the bat with Gipe on the hill. Three runs and four hits were registered off Gipe before the brakes were put in working order.

The Vernon runs came in the third when Burrell doubled to left and took third when Sheehan hit the top of left field fence for a double. Kane's infield single scored Burrell. The Tigers got the other two in the fifth.

After the third inning the fans took the game as a joke. The score:
