

PAYING TRUST IS GIVEN HARD BLOW; PEOPLE WINNERS

Councilman Kubli Gets Street Committee to "Kill" Deal for Big Job on East Side—Hillsboro Line.

On motion of Councilman Kubli the street committee of the city council yesterday afternoon voted to "kill" a proposed paving improvement comprising a great district on the east side bounded by Hawthorne avenue, Union avenue, Burnside street and East Twentieth street.

Petitions for the improvement of this with asphalt and basalt had been circulated by paving interests and a determined effort was made by the committee to put the deal through in spite of a strong protest from residents.

Councilman Kubli opposed the improvement and yesterday he was able to have it postponed indefinitely.

The street committee considered an ordinance repealing that provision of the franchise given the United railways providing that that company construct a line to Hillsboro. Every member of the committee voted to pass the repealing ordinance though a delegation from the Hillsboro board of trade appeared before the committee to urge that the company be held to its original agreement.

Attorney C. H. Carey, representing the Hill interests now in possession of the United company's franchise, said it would cost his clients \$100,000 to construct a cut-off to Hillsboro and that the cut-off would not benefit Hillsboro. If the city council grants the franchise to evade the terms of the franchise the people of Hillsboro will be shut off from communication with Portland by electric.

Old Timer Now Wishes He Had Taken Portland Land

In the winter of 1852 Andrew J. Laws and John Dunne dug potatoes on an island, the property of Nathan Peary, at the mouth of the Willamette river.

At the time the only building here was a log cabin near the river bank among great trees where only a few stumps showed development progress.

Said the owner of the cabin to Mr. Laws' father, "You come up here and I will sell you all the land you want cheap."

"I wouldn't have it as a gift," was the response. "You'll never be able to clear those stumps away."

"There is no trace of the potato patch and but little of the island," said Mr. Laws yesterday, while he was attending the meeting of Indian war veterans, of which he is a member.

"The island has been washed away, all but a little patch of ground, that no one tries to do anything with. The log cabin has become the Rose City of more than 200,000 people and the big stumps are nowhere to be seen. Dunne and Peary are dead. I soon will be 79 years old."

Doctor's Prescription Failed—The Great Kidney Remedy Proves Its Merit

Dr. Kilmer's Swamp-Root is one of the patent medicines that is better than many of the prescriptions prescribed by doctors—at least it has done more good for backache and kidney trouble than any other medicine I know of and I always recommend it to my friends as I know it can't be beat.

I had a severe backache sometime ago which could not be cured by the doctors' medicine. I am glad to say, however, that Swamp-Root cured me in a few weeks' time.

So certain am I that Dr. Kilmer's Swamp-Root is a medicine of merit that I send you this testimonial which you can use any time.

Yours very truly,
JACOB DORNACHER,

WASHOUGAL MASONS ARE GRANTED CHARTER

(Special Dispatch to The Journal.) Washougal, Wash., June 21.—The new Masonic lodge, organized here some time ago, was voted a number and granted a charter at the meeting of the Masonic grand lodge at Spokane a few days ago. Roy Dobbs, secretary of the new local lodge, has just returned from the meeting of the grand lodge that he attended as the local representative.

The new institution will be known as North Bank lodge No. 182, and will hold stated communications the second and fourth Thursdays of each month. Since the organization of the institution the local Masons have been working under a special dispensation and have gotten the work in good shape and also conferred some degrees. There are 18 members in the new lodge and the field for masonry is a good one at the community in general.

The regular officers now in charge of the lodge are: G. W. Myers, master; L. H. Freeland, senior warden; H. H. Carpenter, junior warden; Roy Dobbs, secretary; A. W. Greenman, treasurer; J. H. Evans, tyler; Samuel Darling, senior deacon; J. W. Brock, junior deacon. The lodge meets for the present in the new I. O. O. F. building on Second street.

GIRL EDITOR RETIRES; CAN BUILD STORES NOW

(Special Dispatch to The Journal.) Washougal, Wash., June 21.—A large new two story store building is being constructed here by Miss Florence Charney at the corner of Second and Washington streets. Miss Charney until three weeks ago was editor and publisher of the Washougal Sun, which she recently sold and is now engaged in superintending the construction of her new building. The building will be 50x60 and divided into two store departments with a stairway in the center leading to the upper story, to be used for office purposes. The building will be a frame structure with cement veneer for the outside and plastered inside. It will be one of the prominent buildings on the main business street.

Miss Charney is being commended for her pluck and business initiative. As an editor she proved a success and as a business woman she ranks high. Her father and brother have general charge of the construction, which will cost about \$3500, including the lot. The demand for good store buildings in this town is on the increase and as soon as finished the structure will be occupied.

STRIKERS ACCEPT TRUCE; AGREE TO CARRY CROWDS

(United Press Leased Wire.) London, June 21.—Threatened interference with the great coronation naval review was ended today when the striking seamen accepted a truce and agreed to man the boats which will carry the enormous crowds to the review off Spithead Saturday. The strike will be resumed Sunday unless in the meantime a settlement of existing differences is reached.

OFFER AVIATOR BRIBE TO FRIGHTEN HORSES

(United Press Leased Wire.) Paris, June 21.—Due to the grievance of labor agitators, Maurice Tabuteau, an aviator, was offered by the laborites a large sum of money if he would fly in his airship over the race track and frighten the horses at the grand prix June 25. Tabuteau became suspicious and exposed the plot.

Finest Dental Parlors on the Coast Now Open to the Public—New Location, 313 1/2 Washington St., Cor. 6th—Entire Upstairs Corner Immediately Opp. Wilcox Bldg. Dr. E. G. Ausplund, Mgr.

Dr. E. G. Ausplund, the pioneer dentist, proprietor of the Electro Dental Parlors, Fifth and Washington sts. has now opened at the northeast corner Sixth and Washington streets, in the newly constructed Lafayette building, what are conceded to be the finest dental parlors west of the Mississippi river.

Everything that goes to equip a new and modern dental establishment has been installed—all the latest appliances for extracting and filling teeth painlessly; the best and most skillful operators that could be engaged; reception rooms of comfort for the attention; nice, cool, airy, ventilated operating rooms, etc.

Owing to the volume of business done by the Electro Dental Parlors, rates have been reduced to the lowest possible minimum. For the benefit of those that are not acquainted with the established prices, they are herewith published:

Porcelain Crowns	...\$5.00	Gold Fillings\$1.00
22-k. Gold Crowns	...\$5.00	Silver Fillings50c
22-k. Gold Bridge	...\$3.50	Teeth with Plates	...\$5.00

All work warranted for 15 years; best bank references given

Dr. Ausplund wishes it distinctly understood that he feels that the success of the Electro Dental Parlors is due to the fact that the very best work is performed at very low prices. Patients are dependent on his recommendations. The offices are open every evening until 9 o'clock.

A cordial invitation is extended everyone to visit the New Electro Dental Parlors, formerly Fifth and Washington, now corner Sixth and Washington, northeast corner, opposite the new Wilcox Building.

At no time in the past has Eilers Music House been in better position to demonstrate the correctness of its merchandising principles and the far-reaching advantages piano buyers are thereby able to secure than right now.

Ever since its inception it has been the aim of Eilers Music House to furnish the very highest quality pianos, at the very lowest possible price.

How thoroughly we are in position to do this will now be demonstrated upon our price tags.

We are selling each exhibition instrument. Every instrument contained in the magnificent opening exhibition, all the beautiful Baby Grands and larger Grands, and the superb plain-cased and fancy-cased Upright Pianos, as well as the dozens and dozens of different styles and designs of the latest and best of Player Pianos, comprising nearly every make, are priced lower than the same grade and quality is or ever will be obtainable elsewhere.

We are going to sell every one of these instruments at the earliest possible moment. Our May sales were greater by 97 per cent than during May last year, and during the present month we are going to exceed by more than 100 per cent the big record of piano selling made by us during June last year.

The Player Pianos reduced. A player piano such as you would expect ordinarily to pay \$650 for, is now \$496, and we have numerous warranted, thoroughly dependable Player Pianos for less than even this low price.

Player Pianos of the very highest-priced type and of most lavish construction, for which it is the custom for ordinary dealers to charge \$1000 and \$1100, are here for \$815, \$752 and less.

The very highest achievement in Baby Grand Pianos, among them Chickering Quarter Grands, and other small Grands, Sohmer masterpieces, Kimball small Grands, Decker and Hazelton Grands, in the most superbly figured of fanciest and rare woods, and for many of which \$900 and \$1000 and even \$1200 is charged by the regular piano trade; these are obtainable here now at re-
