

### EXPERTS REVISED LAW ON MARRIAGE; FILING OF RECORD ATTORNEY GENERAL CRAWFORD RENDERS OPINION AT REQUEST OF REV. MR. TODD—AUTHORITY OF MINISTERS SET OUT.

Because of a lack of understanding of the new marriage laws, Rev. E. H. Todd, vice president of Willamette University, has asked Attorney General Crawford for an opinion on the matter. Rev. Todd's opinion is that ministers and where ministers are authorized to solemnize marriages. The attorney general replied as follows:

"Chapter 214, page 242, Laws of Oregon for 1911, amends sections of Lord's Oregon Laws, and section 1919 of said laws, as so amended, provides:

"Marriages may be solemnized by any minister or priest of any church or congregation in the state anywhere within this state provided they have recorded with the county clerk in the county where the marriage is solemnized satisfactory evidence of their authority, said authority to be approved by the county clerk and recorded in a book by him called 'Authority to Solemnize Marriages,' for which he shall charge 10 cents per folio for recording and indexing. Said charge to be not less than 25 cents. Marriages to be solemnized by any judicial officer of the state anywhere within his jurisdiction.

**Must File Record.**

"The statute also requires the person solemnizing a marriage to deliver to the county clerk of the county where the marriage license issues and the county where the marriage is solemnized for record a certificate provided for in the statute, and subjects the person failing to deliver such certificate to a penalty of not less than \$10 nor more than \$50.

"The statute is somewhat indefinite in the use of the words 'church or congregation,' that is, whether they are to be taken in the general sense of a denomination or sect or in the limited sense of a local organization. In my opinion, however, in view of other laws in reference to the solemnization of marriages and the decisions of the courts of other states, the term 'church or congregation' is used in the broader sense, and one is a minister or a priest of a church or congregation if he is authorized by such church to preach even though he is not a pastor of any particular church.

**Evidence of Authority.**

"Anyone who has authority by the rules of the church to which he belongs to perform marriage ceremonies is under the law competent to solemnize marriages, providing such church has an organization in this state.

"You will notice, from the section above quoted, that the minister or person is required to have recorded with the county clerk where the marriage is solemnized satisfactory evidence of his authority, said authority to be approved by the county clerk, etc. I presume the authority would be the license issued to the priest or minister by the church or organization if that is available, and if not, any other evidence that is satisfactory to the particular county clerk that the minister or priest has received such authority from the church which he represents.

"The attorney general also says that when the proof of a minister or priest's authority to solemnize marriages has been recorded by one county clerk, a copy of such record, certified by such county clerk, is competent evidence to prove to another county clerk that such minister or priest has such authority.

"A copy of the record, certified by the county clerk where such record is made, can be forwarded to the county clerks of other counties, and in that way the original license or certificate issued by the church authorities will not have to be sent away.

### OREGON EASTERN LINE IS LOCATED Reports From Vale Indicate That Work on Railroad Will Be Begun Soon.

(Special Dispatch to The Journal.)  
Vale, Or., June 22.—Railroad officials in the city again state that work on the Oregon Eastern railroad from this city into the interior and across the state will be started this year. It has just been learned that railroad surveys will be sent about July 1 to select the best route from the two right of ways, the Oregon Eastern and the Boise & Western. As the Harrison system must get busy at once in order to hold the right-of-way through the Malheur canyon, the coming of surveyors to this section indicates that all the announcements that have been repeatedly made by railroad officials in this city during the past few months will be made good.

The Oregon Eastern Railway company has settled out of court its condemnation suits for right of way across the property of the Oregon & Western Colonization company and local railroad men as well as those in the right-of-way department anticipate no trouble in securing the necessary right of way from this city to the canyon. Chief Engineer Carl Stradley, on his last visit to Vale during the "get acquainted" visit of the officials of the Oregon Short Line stated that the line would be built this year, and yesterday while in contact with the engineer, Buck of the O. W. R. & N. company made a similar announcement. Stradley was with him at the time.

be sold to their countrymen. It is a quarter of a mile west of Winans and on the west side of Hood River. Graders are building a wagon road through the property. The tract is southwest of that owned by George W. McCoy, of Portland.

### CHIMMIE'S COLUMN

Somebody found the Nick's goat yesterday and slipped it to the Tacomaites.

It wouldn't be nice if we won all of the games and in order to be sociable both Portland teams were on the short end of yesterday's score.

Charlie Fullerton, ex-Beaver pitcher and now a full fledged Seattle "star" won his third straight game for Duqudale when he beat the Spokane team yesterday 3 to 2. Keep it up Toby, the Portland fans are pulling for you to beat 'em all.

Maxmeyer officiated in part of yesterday's game and was a scream. The long, lean kid with the "pretzel" has a ferocious delivery, but then he fanned Bassey twice.

Danny O'Brien left for the south last evening where he will enter the four round game. He will find it pretty tough sledding in the Bay City and will have to use all his knowledge to get by.

If an onion will die with an olive? Hurry with the smelling salts Archie.

One of San Francisco's most erratic baseball fans will grace the local stand with his presence this week in the person of Henry Olson of San Francisco. He is on a pleasure tour and wired that he would see the bunch at the "game." Doc Anderson please take notice.

A postal from Vean Grege says that he is going like a whirlwind and would like to see it a bit warmer. He is not

### Hayes School Director.

(Special Dispatch to The Journal.)  
Vale, Or., June 22.—At the annual school session Ernie Hayes was chosen director and J. P. Dunaway, clerk. The outgoing officers were Director C. A. Gilham and Clerk C. C. Mueller. Ernie Hayes was elected by a large majority over Ivan E. Oakes, and J. P. Dunaway, while in the race for clerkship, J. P. Dunaway defeated the incumbent, C. C. Mueller by a four to one vote. The school board has fixed July 6 as the date for the opening of the bids for the building of the \$25,000 high school. The school house is to be of brick, two stories and basement containing gymnasium, eight class rooms, an assembly room seating 250, principal's and teachers' rooms, a library and a boiler room for the heating plant.

### LEBANON STRAWBERRY FAIR OPEN TO PUBLIC

Lebanon, Or., June 22.—The strawberry fair was opened today with an abundance of berries with which to make the event successful, while the attendance promises to be large. The dates for the fair were originally fixed for early June but the lateness of the season caused postponement.

Today is Good Roads day at the fair and speeches on the subject will be delivered. C. C. Chapman, manager of the promotion bureau of the Commercial club, is on the program for an address this afternoon.

Judge J. N. Duncan, Dr. Andrew C. Smith and Judge Webster will also speak.

Tomorrow is Grange day, when Crawford grange will have charge of the program. An automobile parade will be a feature. Addresses will be made by the state lecturer and other prominent grangers.

Saturday will be Salem day. Speaking by Governor West, State Treasurer Kay, Judge George H. Burnett, Secretary of State Olcott, Superintendent of Public Instruction Alderman, E. Hofer, R. J. Hendricks, C. L. McNary and others.

The committee on prizes for the best 12 and the second best 12 boxes of strawberries decided to give cash prizes for these exhibits. This is evidently more satisfactory than silver cups or medals. The first prize will be \$10 and the second \$5, the berries to be sold at auction to the highest bidder, the proceeds to go to the winners of the first and second prizes, respectively.

Prepare to Build Dam.  
(Special Dispatch to The Journal.)  
Woodland, Wash., June 22.—Preliminary surveys to establish the water line and for other purposes are being made above Tum Tum canyon, about 90 miles above Woodland, by the company that will put in the large power dam. The dam will be 150 feet high and will generate about 3000 horsepower. Work will be commenced during the coming summer and rushed to completion. Flood and light will be directed to Focott, La Center, Woodland and other neighboring towns, but the greater part of the power will be transmitted to Vancouver.

fanning as many as he would like to, but says he is not wasting any. He seems content at getting 'em over and letting the fielders do their share of the work.

In the game between the fads and the tenms at Vancouver yesterday, the least said about individual playing the better. The fads were exhausted after the fourth inning and Mayor Kiggins received oom support. With any kind of a team behind him the mayor could hold his own with the Nick's. That's going some.

Here are a few "daffydils" that will pass in a crowd:

The Seals gained a few points on the Heavers yesterday when they beat Vernon.

Archer is slated to twirl for the Nick's this afternoon and he ought to be able to hang the Indian sign on Mike Lynch's bunch. Manager Williams has so many men on his team these days that he has to employ a private secretary to check them as they enter the clubhouse.

Jockey Bennett wishes to deny the report that Ted Whitman ever beat him or ever met him in the roped arena. "Cheap advertising" is the way the Jockey puts it.

**League Team Is Winner.**  
Hood River, Or., June 22.—All business houses in Hood River closed today to witness the baseball game played between the Hood River league team and Hood River Heights team. With Lake of Portland pitching for the leaguers, the "kid" team was defeated by a score of 3 to 2. Both scores were made on errors in the eighth inning.

### CURRY COUNTY COAST PLANS ORGANIZATION

Port Orford, Or., June 22.—The people along the coast are seriously considering the organization of the port of Port Orford, to embrace all of northern Curry county and as far south as Eucha creek. Sentiment seems to favor the move.
