OFFERS MILLION FOR HOSPITAL AT KANSAS CITY, MO.

If American Christian Brotherhood Will Raise \$1,000,000, R. A. Long, Lumberman, Will Donate Like Amount.

MAKES ANNOUNCEMENT AT CHURCH CONVENTION

Institution to Be Non-Sectarian; Is President American Christian Brotherhood.

R. A. Long, the Kansas City millionaire and president of the American Christian Brotherhood, will give \$1,000,000 for a great non-sectarian hospital to be built in Kansas City...

This proposition was made by Mr. Long this morning to the national convention of the Christian church in session at the White Temple. It came while he was explaining the gifts and various propositions that he had already made for the hospital, which at first was planned to be an institution to cost about \$400,000.

"We who have any means to invest in charity or benevolence of any kind should give as careful consideration to them as we give to other investments," said Mr. Long. "So I want to tell you about the American Christian Benevolent association, which has headquarters in St. Louis. In selecting the board of trustees, the great advantage considered. One is the spiritual life of the members, and the other is their influence in financial circles in the communities in which they live."

"You heard of the proposition to build a hospital in Kansas City. When the proposition was first presented to me I was not ready for it. I gave away my money faster than I get it in my possession. But this young man (Mr. Perry) came to me full of enthusiasm, vigor and hope, and rather than discourage him in his noble work, I concluded to load myself with another obligation. This proposition was based on the provision that the hospital be non-sectarian and that one-third of all the beds be free. This proposition has been met."

"After thinking the matter over it occurred to me that if this hospital was to do the work it ought to do it would need a greater income than would be received from the institution itself. So I made the proposition to Mr. Perry that I would contribute \$250,000 if the church would raise \$150,000 for endowment. This proposition was based on the provision that the hospital be non-sectarian and that one-third of all the beds be free. This proposition has been met."

"At first we thought that a block of ground would be enough, but after the architect and myself visited many of the greatest hospitals in the country, we decided differently. Just before I left home a deal was being closed for 38 acres of land within three miles of the center of Kansas City. It will take from 10 to 20 buildings to form the great hospital we expect to have."

"May I say in all humility, if I live (Continued on Page Twelve.)"

NEW CAR BARNS WILL BE BUILT BY P. R., L. & P. CO.

Sixteen Lots in Etna Addition Purchased for \$50,000—Modern Structure Will Go Up Shortly.

The Portland Railway, Light and Power company took title today to a block of 16 lots in Etna addition in the city of Portland. The lots are bounded by East Twenty-eighth and Burnside streets, as a site for a large car house, which will be erected in the near future and which is designed to provide additional storage facilities for the East Twenty-eighth street division. The property comprises the double block bounded by East Twenty-sixth, East Twenty-eighth, East Couch and East Burnside streets. It was sold by Mall & Von Borstel, representing Isaiah Buckman, owner of Etna addition. The consideration involved in the transaction was \$50,000, which is an average of a little over \$3000 a lot. The P. R. L. & P. company recently completed a large concrete car barn beyond East Twenty-eighth street. The old sheet iron barn, built at that point many years ago, has outlived its usefulness, and will be torn down right away. In its place a modern structure will be erected on the Etna addition block, west of East Twenty-eighth street.

Chinese Sues Wife for Bigamy. (United Press Leased Wire.) Binghamton, N. Y., July 8.—Alleging that his Chinese wife is guilty of bigamy due to her late marriage with a white man, Lu Tong Poy is suing for a divorce.

Witness in Lorimer Case

Nelson W. Aldrich, former senator from Rhode Island, who will, it is expected, testify before the senate committee investigating the Lorimer election. He is now on a fishing trip in Canada and will be summoned as soon as he returns. His testimony is wanted in connection with the sworn statement made by Edward Hines—and denied from the White House—that Mr. Aldrich, while senator, told Hines that President Taft desired the election of Lorimer.

PARADE OF BABIES BRINGS CROWDS TO SALEM SIDE LINES

147 Conveyances, Each With a Tot, Block Traffic; in Various Fat, Beauty and Other Shows 300 Enter.

(Salem Bureau of The Journal.) Salem, Or., July 8.—The baby parade today. Traffic was completely suspended, choruses resounded in every direction and lacrymal streams laved the pavement.

The climax of the sixth annual Cherry Fair came today when 147 babies paraded the streets in a row of unique conveyances. The age limit was under 3 years and no one over 10 was allowed in the parade as assistants.

Following the paraded beauty shows, fat baby shows, etc., were held in the courthouse square. About 300 babies were entered and many more were carried to the side lines to watch their own brothers and sisters strive for prizes. Owing to the multitude of little tots all hope of completing the awards before late in the afternoon was given up.

Interest in the cherry fair has been steadily waxing stronger from the opening day. The celebration will continue until late tonight. It is estimated that 20,000 people are attending today and that the total attendance will pass the 50,000 mark for the entire festival. The United States National Bank of Salem sprang a surprise upon mothers today by giving to each baby entered but not winning a prize a savings account of \$1.

The event par excellence thus far in the Cherry Fair program was the gorgeous automobile parade a full half mile in length. William Brown and Chauncey Bishop with their families, in Mr. Brown's automobile, won first prize. The machine was bedecked in the colors of the Oregon Agricultural college, of which members of the two families are alumni.

Mrs. W. A. Cusick, driving a big car elaborately decorated in white Marguerites and ferns, won second prize, while third prize went to Mrs. Lowell Will in the E. P. O. E. car. The latter car was one of the most unique in the entire parade, having a pair of gigantic elk's antlers in front and two beautiful children in the back seat with ribbons as reins.

TO INDICTMENTS FOLLOW EUREKA BANK FAILURE

(United Press Leased Wire.) Reno, Nev., July 8.—Ten warrants are being served today following the denunciation of the state banking board by the grand jury of Eureka and the issuance of 10 secret indictments in connection with the closing of the Eureka bank. District Attorney McEaton will not give out information today respecting the men involved, but it is believed that members of the state bank board and the bank officials are involved.

Four members of the state police, under secret orders, are working here today. The state bank board is composed of former Governor Denver S. Dickinson, Sam W. Beiford, George W. Cowing and Charles S. Sprague.

SANTA ROSA DRAGS MANY TO GRAVE AS SEAS CRUSH HER

Passengers and Members of Crew Declared to Have Met Death When Stranded Steamer Broke Up.

NUMBER OF VICTIMS NOT YET DETERMINED

Fellow Travelers Say Seven Were Drowned While Being Swung to Shore.

(United Press Leased Wire.) Santa Barbara, Cal., July 8.—The most authentic reports of the casualties in the Santa Rosa disaster late this afternoon placed the number of dead at a score. Owing to the reluctance of members of the crew to talk it has been impossible to secure, outside of the members of the ship's crew, the names of persons who lost their lives when the vessel broke in twain amidships. A horrifying story of the experiences of passengers on the doomed steamer was told here this afternoon by John Barclay of San Francisco, who, with his wife, was en route to San Diego. Mrs. Barclay lies in a local hospital, probably fatally ill from exposure. Barclay said:

"Captain Faria was the most brutal man that I have met. Armed with a big pistol he stood at the bridge and threatened men and women when they approached, begging to be sent ashore. 'Stand back,' he yelled; 'I'll shoot the first mother's son of you that attempts to come on this bridge.' The ship began to break up and the men passengers went to Faria in a body and threatened violence that preparations were made to take the crowd ashore."

W. H. Essig, electrical engineer of the United States submarine Eike, which was one of the vessels which went to (Continued on Page Twelve.)

GERMAN CRUISER NOW AT AGADIR

England Receives Note From Germany Which Presages Complications.

(United Press Leased Wire.) Tangier, Morocco, July 8.—Dispatches received here today say the German cruiser Berlin has relieved the gunboat Panther at Agadir. This is taken as indicating Germany's intention to hold the Moroccan port despite all protests.

London, July 8.—It is stated authoritatively here today that England has received from Germany a note regarding the dispatch of a German warship to Agadir, Morocco, Germany. In its note it is reported to have said that it had never pledged itself to a disinterested policy in Morocco and that it would consider the dispatch of British or French warships to Agadir an unfriendly act. The note's alleged contents have created a great sensation here, and if they are as reported, it is possible that the consequences will be most grave.

MANCHURIA SLIPPING FROM JAPANESE HANDS

(United Press Leased Wire.) Tokyo, July 8.—Adding to the excitement here on the Manchurian trade question, the Tokio Nichi-Nichi newspaper today raised objection to the encroachment of the four powers through the four-power loan. It says the true aim of the loan is the absolute and perpetual control of Manchuria by the powers who through the loan seek to despoil Japan of the fruits of her victories. The paper urges Russo-Japanese action looking to the total abolition of the objectionable sixteenth article of the loan.

Car Kills Wilson. Berkeley, Cal., July 8.—David Wilson, driving from his yard, did not hear a street car coming. He was struck and killed.

STEAMER SANTA ROSA WRECKED OFF LOWER CALIFORNIA COAST

Huge wave broke the vessel in two after she had hung on the rocks for several hours.

President of France

President Fallieres of France, who has left France for Holland on an official visit. His itinerary includes a visit to Carnegie's Peace Palace, where it is believed that the Agadir, Morocco, incident may be threshed out.

CONTROLLER BAY INQUIRY IS ASKED IN RESOLUTION

Indiana Representative Would Demand of President All Information Concerning Order That Gave Away Land.

(United Press Leased Wire.) Washington, July 8.—Representative Cox (Democrat, Indiana) today introduced a resolution in the house demanding that President Taft immediately send to the house all information in connection with his order for the Controller Bay rights of way, including statements regarding the parts taken in the affair by Charles P. Taft and Richard Ryan. The house committee on expenditures in the interior department decided this afternoon to begin an immediate investigation of the Controller Bay charges. Commissioner Bennett of the general land office will be subpoenaed at once. It was announced that he probably will be asked to testify Monday.

MILLIONAIRE FOUND DEAD ON EDGE OF LAKE

(United Press Leased Wire.) Highland Park, Ill., July 8.—Mystery surrounds the death here of James Pettit, millionaire treasurer of the Peavey Grain company, who was found dead today in six inches of water on the edge of Lake Michigan. An inquest has been ordered to ascertain whether Pettit was drowned or was the victim of assassination.

Police investigation developed the probability that Pettit was drowned while experimenting with "water wings" inflated bladders—which slipped down to his feet, buoying them up so that his head was immersed. He was thus easily drowned while in the shallow water.

To Try Pastor for Heresy. Pittsburg, Pa., July 8.—The first heresy trial held by the Reformed Presbyterian church in more than half a century is scheduled to begin here Monday, with the Rev. Dr. John E. Dietrich, pastor of St. Mark's Memorial Reformed church of this city, as the defendant. Dr. Dietrich has professed to represent the newer ideas of progress and advancement in church and scriptural doctrine. He has said that he does not believe there ever was a fall of man. This and similar utterances from the pulpit form the basis for the heresy charges.

BARBER ASPHALT OFFERS PAVING TO SEATTLE AT \$1.45

Big Reduction Is Made on Puget Sound Job Over Its Portland Prices; Award to Be Made Tuesday.

IN OLDEN DAYS IT GOT UP TO \$2.25 SQUARE YD.

Those Were the Days, However, Before the Municipal Paving Plant.

(Special Dispatch to The Journal.) Seattle, Wash., July 8.—The lowest bid yet offered on Seattle asphalt paving has been tendered by the Barber Asphalt company—\$1.45 a square yard. The average price of this class of paving heretofore has been \$1.75 to \$1.80. Previous to the establishment of a municipal paving plant the combine asked as high as \$2.25. Trouble among contractors is said to be the cause of the present price cutting.

Undoubtedly the Barber company will get the award to be made Tuesday, this including a large number of streets in the residence section. The same party is also lowest of five bidders on vitrified brick paving at \$2.40 a square yard.

Two Piece Bathing Suits. (United Press Leased Wire.) New York, July 8.—Because they appeared at the Coney island beach in one piece abbreviated bathing suits, a number of young men were recently charged into the police court here and in the most paternal manner informed by the judge that the one piece suit does not go any more at Coney island. "They have got to be of two pieces," admonished the court. "It is hypocrisy for men to endeavor to show off the lines of their masculine forms. What would become of you if the woman should soon appear attired in such suits? I do not believe you fellows would show much class. Put on two piece suits and play safe."

LOYAL IRISHMEN CHEER RULERS

Dublin City Officials, However, Do Not Give Corporate Welcome.

(United Press Leased Wire.) Dublin, July 8.—Welcomed by the cheering of a vast crowd and amid a roar of cannon from the channel fleet, King George V. and Queen Mary landed here today from the royal yacht "Victoria and Albert" for a five days' stay in the Emerald Isle.

Though the great crowd which greeted the king showed no sign of disloyalty, not a single official of the city of Dublin was present to give the corporate welcome to his majesty. Lord Aberdeen, the viceroy, Secretary for Ireland Birrell, High Sheriff Sir Neville Lyttleton and numerous appointed officials were on hand to extend welcome, but not a single elected official appeared to speak for the Irish people. Seven Mayor Farrell, whose insistence that he should welcome their majesties in the name of the city started a row with the council which may result in his removal, did not appear.

The entry of King George into Dublin was informal. Preceded by videttes of the royal Irish constabulary and a detachment of the Fifth Royal Irish lancers, the king was driven to Dublin castle, local committees presenting him with loyal addresses at Monkstown church and Ball's Bridge.

This afternoon King George opened the Royal College of Science and later visited Trinity college, where he was welcomed by the authorities of the university.

Irish Freedom, a newspaper, in an open letter addressed to King George today, says he probably will conclude from the decorations and the cheering that greeted him that the Irish are enthusiastic about his visit. It says: "The conclusion will be wrong. He will not see the Irish people but duped children, paid police and his own garrison with a sprinkling of the poor coming from their wretched tenements with the same curiosity which is displayed at a menagerie."

King of Finance III

John W. Gates, Whose Sickness Alarms His Friends.

(United Press Leased Wire.) Paris, July 8.—Irrespective of the secrecy maintained at Hotel Maurice, it is known here today that John W. Gates is a very sick man and his recovery is regarded as doubtful. Five physicians and three nurses are in attendance. Gates has undergone seven operations on his throat.

DARROW ENTERS QUASH MOTION IN IRON WORKS CASE

Moves That Indictment Against McNamara in Llewellyn Action Be Dropped Criticizes Grand Jury.

(United Press Leased Wire.) Los Angeles, Cal., July 8.—When court reopened in the McNamara case at 9 o'clock today, following the disallowing of the defense's plea of "no jurisdiction" yesterday, the defense filed a motion to quash the indictment against John J. McNamara in the Llewellyn Iron Works case. Sharp criticism of the methods of the grand jury characterized this motion.

An affidavit attached to the document makes the charge that the grand jury "has been kept in session and has brought various people before it with the evident intention of intimidating any who might be friendly or favorable to the affiant, and forcing from witnesses any statement or evidence that might be by any possibility construed against the interest of this affiant."

The affidavit then goes on to claim that Detective William J. Burns had seen Mrs. Orlie E. McNamara in the city and had urged her to come to California and persuade her husband to retain his stand in support of the prosecution. When she refused, it says, Burns' agents followed her and hounded her. The document also accuses the grand jury of the manner in which Mrs. McNamara was treated, saying that "it was done with the full knowledge and connivance of the grand jury."

It also sets up the allegation that in April the first indictment was found on a telegram from Burns without any witnesses being summoned. This telegram, it says, was regarding Orlie McNamara's alleged confession, implicating John J. McNamara.

"Then," the affidavit says, "when McNamara was brought in Los Angeles he was reintended by the grand jury on the same charge a second time without being given a chance to take action on the first indictment."

This morning Deputy District Attorney W. J. Ford started a long and technical argument to prove that the indictments charging John J. and James B. McNamara with the murder of 21 persons in connection with the destruction of the Los Angeles Times building were found according to the prescribed rules of procedure and should not be quashed. Attorneys for the defense had asked that the indictments be quashed on the ground of alleged bias on the part of grand jury members.

Before going to court Clarence Darrow stated that the defense would appeal from Judge Bordwell's decision of yesterday when he ruled that John McNamara would have to stand trial on the Times charge. Darrow contends that Judge Bordwell set a precedent when he decided that a prisoner could be tried on other indictments than the one for which he was extradited.

TOKIO POLICE SWORDS QUELL ANGRY THOUSANDS

(United Press Leased Wire.) Tokyo, July 8.—Only the swords of hundreds of police this afternoon prevented an attack on the city hall here by 10,000 excited people who were stirred to frenzy at a great mass meeting in Hibiya Park at which the proposed municipalization of the city's street railways was denounced. Tonight the city assembly will convene to take final action on the municipalization matter.

Emma Goldman Denies Spy Story. (United Press Leased Wire.) New York, July 8.—Emma Goldman, speaking before the Ferrer association here, said that the charges made against her by a London Socialist paper that she was in the employ of the Russian police were absolutely false.

WINLOCK MARSHAL FOUND DEAD UNDER STORE; MURDERED?

With Sack and Without Gun He Entered Basement Last Night; Body Lies Partially in Olequa Creek.

CANE IS FOUND STANDING TWENTY FEET FROM BODY

Head Is Severely Disfigured Either by Instrument or by Fall.

(Special Dispatch to The Journal.)

Winlock, Wash., July 8.—F. F. Prehn, night marshal of Winlock, met a peculiar death shortly before 11 o'clock last night in an opening fronting on Olequa creek, under the Elliott grocery store. Early this afternoon an inquest is being held which may reveal a definite explanation. Meanwhile several surmises are offered.

Prehn, without his gun, went down steps leading to this opening sometime last night. He carried a sack, also his cane. His gun, which he was in the habit of keeping at the Commercial hotel, remained there. He had not taken it when he went on duty at 6 o'clock last evening. His cane stood against a pillar 20 feet from where the body was found.

In this hole under the store, Elliott keeps certain commodities such as flour and feed, also occasionally chickens. While the place is open on the south side, the Olequa creek side, at the north side, down to which the steps lead, it is protected by a padlock each at night. The opening at the south side is too steep for easy entrance from that direction. The store is built on piles.

The small son of the proprietor of the store says he left the door padlocked last night. The padlock was on this morning, but not locked.

The purpose of the night marshal's visit is not clear, but his body was found under the store, lying partly in the creek. His face was not submerged. He was suddenly, however, to heart trouble, which may have caused his death; another theory is that some culprit was in the basement when he entered and struck him; a third is that he followed someone into the opening and was killed.

Marshal Prehn was about 52 years old and leaves a widow, one daughter and two sons. In addition to his duties as marshal, he was employed by the Commercial hotel to get calls between 10 and 11 o'clock at night, and his failure to appear last night was the first intimation that he was missing.

Prehn's body was lying face downwards on some rocks. The head was crushed, either by the fall or by a blow from some blunt instrument.

Coroner Sticklin from Centralia and Sheriff Urquhart from Chehalis are both here.

HEAT KILLS SCORES OF INFANTS IN CHICAGO

(United Press Leased Wire.) Chicago, July 8.—Chicago today is sweltering in heat as deadly as any it has experienced within the last week and no relief is in sight. There were 25 heat deaths here yesterday, not including 41 burial certificates for babies—a record for the city. Suicides of persons driven insane by the heat are increasing.

RICH HUSBAND OF ETHEL BARRYMORE MUCH PERTURBED

Russell Colt Says News That Actress Is Seeking Divorce Is All News to Him—Does Not Understand.

(United Press Leased Wire.) New York, July 8.—Of the report from Los Angeles that Ethel Barrymore is about to enter suit for divorce, her husband, Russell Colt, said here today that "it is all news to me."

Colt was very much excited when seen. "I do not know anything about the matter," he said, "and do not wish to discuss it. She has not notified me of anything like this. I do not understand why she should sign papers away out there. I did not go west with her because I had business here. I do not understand this."

Colt refused to say whether he did or did not believe the report.

Los Angeles, Cal., July 8.—Miss Ethel Barrymore, actress, and in private life the wife of Russell Griswold Colt, New York millionaire today, would neither deny nor confirm the report that papers and affidavits bearing on a divorce action were en route to New York by special messenger. Miss Barrymore refused to be interviewed, but her manager, B. Frank, said she had not notified him of anything. He said that she intended to leave for Los Angeles to undergo the separation from her baby.
