

CITY COUNCIL TO ASSIST THE ELKS OBSERVE VICTORY

Capture of 1912 Convention for Portland to Be Celebrated by Parade Tonight—Other Council News Notes.

When the herd of Elks headed by Exalted Ruler K. K. Kuhl returns from Atlantic City it will be greeted by a great public demonstration, a movement to this end having been started by Councilman George L. Baker this morning.

At this morning's session of the council an invitation from the local lodge of Elks to attend a celebration and participate in a street parade to be held tonight in honor of the achievement of the Portland delegation at Atlantic City in securing the next annual convention of the order for this city was read and accepted.

"I think we should do more than accept this invitation," said Councilman Baker; "we should celebrate the homecoming of the delegation in a manner fitting the occasion. It is seldom that a lodge of another organization accomplishes so much for this city as has the Elks' delegation to Atlantic City. The bringing of the national convention here next year means an influx of thousands of visitors and the spending of millions of dollars here."

On motion of Councilman Baker the council authorized the appointment of a committee of three councilmen to arrange with the Commercial club and other organizations for a grand, welcoming reception to the home coming Elks. Resolutions of Condolence.

The council by a rising vote adopted resolutions of condolence in memory of the late Fire Chief David Campbell. These commended the late chief for having been a fearless and faithful public official, a brave and loyal citizen, and a good citizen. Copies of the resolution were ordered sent to the bereaved family and also to be spread upon the records of the city. The resolutions were drafted by a special committee of three, consisting of Councilmen H. E. Menefee, James Maguire and George D. Dunning.

An ordinance requiring gas and electric light companies and others that require customers to make guarantee deposits to pay interest at the legal rate on these deposits, was introduced by Councilman Clyde.

The local gas corporation, before extending its service to a new customer, requires a deposit of \$5 to insure the corporation against the possibility of the customer defaulting in any of his payments. The company, in this way, gets the use of a large aggregate sum of money without having to pay interest thereon.

Ordinance asking the approval of the council on proposed changes in the franchises of the Portland Railway, Light & Power Co., the United Railways and the Oregon Electric were referred to the street committee.

Flaming Ordinance. The new plumbing ordinance was referred to the health and police committee in order to give the new members of the council an opportunity to familiarize themselves with the measure before being called upon to vote for or against it.

On motion of Councilman Wallace the ordinance changing the name of Woodward avenue back to Ellsworth street was indefinitely postponed.

On motion of Councilman Menefee the council adopted a resolution requesting the public health commission to report at the first meeting of the council in August, its action on 16 street and reversion ordinances referred to the commission. The ordinances in question were fathered by former Councilman Eliza. They provide for the revocation of permits by which public property on the water front is occupied for the benefit of private interests.

A time and manner ordinance providing for the improvement of North Front street with concrete pavement was passed unanimously.

Eliza S. Frayne remonstrated against the improvement of Chapman and other streets, declaring that an expense of \$12,000 for six blocks is, in her opinion, "an enormous sum of money." The remonstrance was overruled.

Mayor Ruslight this morning reappointed the present health board to serve out their term. The board consists of Dr. R. J. Chipman, Dr. Allan Welch Smith and Dr. George B. Story.

Helpful Hints on Hair Health

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how clean the owner may be, these articles may be infected with microbes, which will transfer to you. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes. If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "32" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness because of the results it has produced in thousands of cases. Rexall "32" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "32" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall remedies only at the Rexall Store—The Owl Drug Co., Inc., corner Seventh and Washington streets.

INSURGENTS CLOSE GAPS IN RANKS FOR ELECTION BATTLE

Revolted Teachers Are Confident They Have Majority of Nominating Committee and Can Gain Control.

(United Press Local Wire.) San Francisco, July 12.—Confident that they will have a majority of the nominating committee and that they will capture complete control of the National Educational association, the insurgents are busy as bees here today closing the final gaps in their ranks and the whole convention is humming with the battle which will culminate at the elections tomorrow.

The winning slate at the meeting of the committee tomorrow morning the insurgents say, and at the elections at noon will be:

President—Carroll G. Pearce, Milwaukee.
Vice President—Mrs. Ella Flagg Young, Chicago.
Treasurer—Miss Katherine D. Blake, New York.

May Elect Trustees. The insurgents also declare that with at least 30 of the votes in the nominating committee corralled, they will be able to elect two new members of the board of trustees to replace Pearce and Henry B. Brown of Valparaiso, Ind. If the insurgents have the strength they claim, only two members of the old guard will be left in important places in the association. They will be J. Stanley Brown, Joliet, Ill., the newly elected trustee, and Joseph Greenwood of Kansas City, the secretary of the board.

To all these claims of the insurgent clans, the old guard say nay. The stalwarts in the ranks, notably Secretary Shepard and Treasurer Springer, declare they have nothing but contempt for the opposition that they easily will control the nominating committee, and that either Former United States Commissioner of Education Elmer Brown, now of Columbia university, or A. E. Winship of Boston will be the next president of the National Education association. But the insurgents do not pin their faith alone to the action of the nominating committee. If by any scheme, they say, the standpaters should control that body the fight will be carried to the floor of the convention as it was in Boston last year and they are confident that their triumph there, the election of Mrs. Ella Flagg Young, will be repeated here.

Sensation Is Promised. While no one will permit the use of his name as its slogan, reports are current among the "old guard" officials that a big sensation will break if the insurgents repeat last year's tactics. Some of the standpat leaders declare that Mrs. Young was elected last year by improper votes, and believe it to be possible that the charges to this effect will be officially aired at the meeting of the association's nominating committee tomorrow morning and if so they will then be made public to all the delegates to the convention.

That a great deal of trafficking and trading of votes for the two warring factions is going on with the selection of a place for the next convention as well as the question of pro quo was generally admitted today.

Of the contenders for the glory of housing the convention next year, Seattle, Portland, Chicago and St. Paul are chief and it is said the two latter cities have the greatest supporters.

Allen's Remarks Interest. More than usual interest was manifested in the remarks of Dr. William H. Allen, director of the bureau of municipal research in New York city, who spoke on "Cooperation of Informed Citizens with Public Schools." Dr. Allen declared that the only way to get the country where the citizens do most aid in some way or other, but in no one place are the citizens doing all the things that they could and should do for the betterment of the medium of instruction of their children.

"Benefits of civic cooperation it is said have been reported to the bureau of municipal research by 315 city superintendents and 700 women's clubs and associations of business men, physicians, dentists, ministers, etc."

Outsiders Help Schools. Nowhere every phase of school management has been helped by outsiders—grounds and school rooms beautified, the needy relieved, kindergartens, playgrounds and recreation centers started and the way paved for medical and dental inspection, industrial training, school nurses, open air and night schools, instruction in civics, hygiene, agriculture, etc. Outsiders have organized parades to secure bond issues, given buildings, compelled the removal of unfit commissioners and superintendents and secured large budgets increased.

"But no city reports all of these services. The majority mention no outside assistance with respect to the majority of services which make up the above composite picture. In few cities is there consecutive organized interest."

Schools Are Compared. Among the reasons why schools as compared with private charities, social settlements, etc., have not had their full share of citizen cooperation, are (1) school superintendents have not shown where citizens would help; (2) citizens have too often asked the schools to help their societies instead of helping the school; (3) the opportunities of the school budget have not been clearly seen; (4) heated interest in little new things has been allowed to displace cumulative interest in large old things; (5) uniform questions about schools and testing school needs and school efficiency have been tardily developed.

"Heretofore citizens have suggested and schools have adopted. Having realized the possibility of citizen cooperation, the schools are beginning to suggest plans for citizens to support and help execute."

Called Chicken Thief, DOBBIN SUES FOR \$3000

Salem, Or., July 12.—In reply to a suit for \$2000 brought against him for slandering in calling I. A. Dobbin a "chicken thief," Warren Hunt replies he did call him a chicken thief and was telling the truth. The suit will be tried July 19 in circuit court.

"New Start" Cheaper. Chicago, July 12.—It costs \$9 to send a prisoner to Bridwell prison, while he can be given a new start in life for \$4.32, according to a pamphlet issued by the Parting of the Ways Home.

Gathering of Boy Scouts. Cooperstown, N. Y., July 12.—The first national encampment of the Boy Scouts of America opened on the shores of Otsego lake today, to continue until July 18.

Last Week of the July Sewing Machine Club—Every One of the Famous Willamettes Reduced Soda Fountain, Dairy Luncheon in Basement—Shoe Shining Stand—Rental Bureau 4th Floor
