Weather Conditions. A large high pressure area is central over northern Minnesota and a new high pressure area is central at sea near the mouth of the Columbia River. The barometer is relatively low in the Rocky mountain states from Canada south to Mexico. Showers and thunderstorms have occurred in Colorado, Nebraska, South Dakota, Iowa, Minnesota and the lake region, and local rains, heavy in places, have fallen in the east Gulf and south Atlantic states. It is much warmer in northeastern Washington, southeastern Idaho, southern Alberta and northern Saskatchewan, and decidedly cooler in Colorado. Elsewhere the changes of temperature have been unimportant, and unusually warm weather is continuing in Missouri, Oklahoma, Arkansas, Tennessee and the Ohio valley. A severe storm prevailed yesterday in Shanghai, China.

Settlers Enjoined—Judge Wolverson in the United States district court yesterday granted a temporary injunction against the settlers who are defendants in the case of the Amalgamated Sugar company against Frank Hempe and others, forbidding them to divert over 150 inches of water, miners' measure, from the waters of Catherine creek in Union county. The injunction is granted for the remainder of the irrigating season, the months of August, September and October. The order of court will give the directors of more than 80 inches through the Hempe ditch or more than 150 inches from the Hutchinson, Schoonover and Swackhamer ditch.

Charter Revision—Judge Earl C. Bronaugh, chairman of the charter revision committee appointed by Mayor Simon, said yesterday that he had not yet appointed two other members of the committee to be associated with him in the preparation of a tentative commission plan charter. Judge Bronaugh, who was given authority for the appointment at the meeting held Wednesday, August 2. The general committee will meet again next Wednesday night, but Judge Bronaugh said it would not be possible for the subcommittee yet to be appointed to prepare any sort of report for submission at this meeting.

Woodstock W. C. T. U.—Tuesday afternoon the Woodstock W. C. T. U. held its most interesting meeting at the home of Mrs. May Bates. Mrs. George Drew, Miss Fannie Drew and Mrs. Rose Osborn were elected delegates to the state convention to be held in Medford, October 5 to 11. Mrs. J. D. Vore, Mrs. Mary Bates, Mrs. Rose Osborn and Mrs. Winters were elected delegates to the county convention to be held in Portland, September 19 and 20. Woodstock union has made a gain of 21 members.

Bills on Jury's Bill—The county court held the trial of a bill of a jury sent to the Imperial hotel by Judge McGinn last month. The bill amounts to \$19, and Judge McGinn says if he can't have a decent place for his jury to eat and sleep in the courthouse he will not be circuit court judge. Section 124 of Lord's Oregon laws gives the circuit court judge authority to direct his jury to be given suitable and substantial food and lodging while the jury is deliberating. The statute further provides that the sheriff shall see that the juryman is so provided, and the county court shall pay the bill. No provision is made at the courthouse for the care of a jury over night, and Judge McGinn had one jury sleep on benches in

the courtroom. He announced that no men should be required to do so again in his court. His next jury was sent to the hotel, and a good restaurant. The county court is also holding up a bill of \$502 for death watchmen over William Jans Hanning, who was convicted of murdering his wife.

Want Street Paved.—Headed by C. G. Sutherland, a delegation of property owners will appear before the city executive board this afternoon to demand that a contract for the paving of a large district in Brooklyn be awarded so that the streets can be surfaced before the advent of the rainy season. The contract, which amounts to \$7,025, has been held up by the street committee of the board in an effort to have it rescinded and proceedings begun again for the improvement under the present paving amendment. The committee believes that if this were done a substantial reduction in the price would be made. The improvement calls for bitulithic.

Opening of Columbia River—Senator George E. Chamberlain today notified the Portland Chamber of Commerce that the hearing on the opening of the Columbia river from the mouth of the Snake river to Wenatche, will be held before the board of engineers for rivers and harbors on August 23, instead of August 15, as formerly announced. A number of commercial organizations in the Pacific northwest, headed by the Portland Chamber of Commerce, are urging that this improvement be done, although government engineers have recommended against it.

Fire Alarm System.—A fire alarm system has been installed in the operating department of the local Western Union Telegraph company's offices, and the operators are required to answer the tap of the bell for drill, as do the pupils in the various schools of the city. Practice drills are held at unexpected periods, and the 60 or more operators must arise and march down the stairs when the alarm is sounded. A new fire escape has been constructed, and other methods adopted to insure the safety of the employees in case of a fire.

Battleship Oregon.—The Portland chamber of commerce received a telegram this morning from Beekman Winthrop, acting secretary of the navy, acknowledging the receipt of the telegram from the chamber asking that the battleship Oregon be designated to lead the naval procession through the Panama canal at the time of its opening. "Your request that the battleship Oregon lead other vessels through the Panama canal will receive full consideration," reads the telegraphic answer, dated Washington, D. C.

Marine Motor Show.—The Royal Danish consulate in San Francisco has notified the Portland chamber of commerce that from July 1 to September 1, 1912, there will be held at Copenhagen, Denmark, an international marine motor exhibition, which will be open to all. Persons interested in the matter are requested to communicate with the consulate at San Francisco through which any information desired may be obtained.

possession, and C. Smith and Earl Hanning were held as witnesses on charges of frequenting a lottery. Joe Peterson and Ole Younger were arrested at the Duck place with tickets in their possession. Both arrests were made by Patrolman Coulter.

Old Shack Damaged.—The old frame shack occupied by M. Barde & Son, machinery and metal dealers, at Eighth and Gilson was badly damaged by fire last night. The fire started from unknown sources, supposedly defective wiring or spontaneous combustion. Very little insurance was carried.

Cases Against Saloonmen.—The war being waged against saloonkeepers who persist in selling liquor to men in a drunken condition landed Louis Borich of the European saloon 29 North Second street, and Joe Carrick, of 85 1/2 North Second, in the city jail. Frank Hendley was held on a charge of drunkenness by Patrolman Bewley and held as a witness. Bewley saw Borich serve Hendley with the liquor and took them both with him. Allen Ritter was seen by Patrolman Swennes to enter Carrick's place in an intoxicated condition and following him he saw Carrick furnish him with beer. He immediately put both under arrest.

Three Pay Big Fines.—Joseph Shoemaker, who was arrested by Special Patrolman Taft and Swennes in a building at 306 Third street on a charge of running a house of ill-fame, was fined \$60 in the municipal court this morning by Judge Taxwell. Julia Mack and Irena Thompson, who were arrested at the same time, were both fined \$40 for being inmates of the house. Many complaints have been made to the chief of police as to the character of this house, and when officers entered it they found the dirtiest place that had ever been their lot to investigate. Old bedding and filth of all description was scattered over the floor and furniture.

Italian Takes Poison.—Frank Vecchione, an Italian, took bichloride of mercury yesterday afternoon at about 5 o'clock in an attempt to commit suicide. He was taken to the St. Vincent's hospital where he died at a late hour last night. He was a tailor by occupation and lived at 841 Front street, and was unmarried. It is not known what his motive was for taking the poison, but it is thought that it was due to business troubles and worries.

Rotarian Convention.—Reservations are coming from all parts of the country to the Perkins hotel for delegates to the National Rotary club convention to be held here August 21-22-23. Two special cars will come from the northwest and local Rotarians will go to Spokane and Seattle to meet them.
