EASTERN PEOPLE

Therefore Great Strength Is Retained.

> Portland Market. Hops are firmer. Egg trade mixed. Chickens are easier. Peach market to drop. Poor prunes are coming

Sugar 10c higher,

Canned milk 20c up.

There are heavy orders for hops coming forward from eastern brewers but most of them are under the quotations

stready paid here.

Sufficient business has been available in this market at the 35c mark during the past 24 hours to force record breaking sales of contracts in the Willamette valley and additional business at the high figure was shown this morning in the Willamette valley.

Eastern brewers seem to have realized at last that this is an extraordinary year and that market conditions cannot be gauged by those of any recent season. already paid here.

Son.

So far as known there has been no improvement in the European crop situation and this is the basis upon which the Pacific coast market has built its record strength.

Additional reports coming from Willamette valley points give assurance that this year's crop will not be much changed from that of a year ago.

EGG HANDLERS HAVE TROUBLE

Almost every day handlers of local eggs compiain of their inability to secure the quotations on fresh eggs that are printed by a morning paper, which is boosting the local product in order to mable handlers of eastern goods to sell their stock. While eggs are nominally selling at 26@27c a dozen, handlers cannot clean up even at the lower figure.

CANNING TIME IS COMING

Peach canning time will arrive during the latter part of the coming week. Canning stock will then be about at its lowest points. Some stock was offered this morning in the wholesale market down to 90c a box and next week this class is goods is expected to sell down to 75c.

POOR PRUNES ARRIVING

Some very poor prunes are coming forward from the Mosler district and have unsettled the entire trade in that line. The shipments resemble windfalls; some of the fruit being almost as large as an ordinary marble. Best prunes are selling from \$1 to \$1.25 a crate of four baskets.

GRAPE MARKET IS WEAK

Market for grapes is weak since the carload which came from California arrived in such poor shape. Sales of best stock are being made generally at \$1.25 to \$1.56 a crate.

TOMATO MARKET EASIER

Market for tomatoes is easier and sales are being made down to 75c a box, although the better offerings are still ranging around \$1 to \$1.25, according to packing and size.

FORECAST FOR SHIPPERS

Weather bureau sends out the followweather bureau sends out the following notice:

Protect shipments as far north as Seattle against temperatures of about 70 degrees; northeast to Spokang, 80 degrees; southeast to Bolse, 80 degrees, south to Siskiyou, 75 degrees. Highest temperature at Portland tomorrow about 70 degrees.

FRONT STREET QUOTATIONS

Grain, Flour and May.

WHEAT—New crop nominal. Track delivery, 78c; bluestem, 82c; fortyfold, 79c; Willamette valley, 78c; red Russian, 76c; Turkey red, 78c.

Nembers Chicago Board of Trade. Correspondents of Logan & Bryan. Chicago, New York, Boston.

We have the only private wire connecting Portland with the eastern exchanges.

Co. Quoted \$4 for Small and Large Size.

An advance of 40c a case was forced in the price of canned milk this morning. The advance was quoted by the Pacific Coast Condensed Milk company for its 10c size, while a rise of 20c became effective in the 5c goods at the same time. This places both the 5c and 10c sizes at \$4 a case, an unusual occurrence.

currence.

The rise in canned milk prices this morning was forecast some time ago by the action of the Borden Milk company in putting its prices to a higher basis.

The great scarcity of milk offerings, due to the extended dry period has lett canners without sufficient supplies to fill their trade's wants. For that reason alone are advance was forced.

fill their trade's wants. For that reason alone an advance was forced.

The scarcity of milk has likewise affected the price of the raw material and with cheese and butter interests bidding more money it was up to the condensaries to force their bids higher, too.

Further advances in canned milk are anticipated by the trade in general.

While there was a run of livestock in the North Portland yards today, not single head was available for the trade. The 552 head of hogs that came forward, were from Nebraska, and were consigned to local packing interests.
The sheep that put in appearance, did
not tarry in the yards long but were enroute to Idaho.

not tarry in the yards long but were enroute to Idaho.

There was further liquidating influence in the swine trade at Omaha today. Influenced by the interview with Cudahy, who forecasted another \$5 hog market there, there was a loss of 5 to 20c in the price which put the tops down to \$7.55, making the landing price \$7.65 at Pacific Northwest points.

The drop at Omaha was natural in view of Cudahy's remarks, but the greater run than usual had its effect on the Saturday's trade there. Cudahy is especially strong at Omaha and while his remarks would have an extremely bearish influence there they might not so seriously affect hog trade conditions elsewhere.

There is a report that the Omaha packer has been short on the market for some time and his interview was taken as a help to force profits instead of losses his way.

CHICAGO WHEAT LOWER

Chicago, Aug. 12.—Wheat futures closed about a half cent lower than yesterday, which was but the moderate reaction in view of the general evening up by the buyers of yesterday and early days in the week.

Nows from the northwest was somewhat conflicting. In a general way the weather conditions over the northwest states and a portion of the Canadian wheat country are a little improved brighter and warmer than earlier in the week.

STERN PEOPLE FORTY CENTS RISE NOT SINGLE HOOF SUGAR MARKET 10 OATS 50 CENTS UP ARE AFTER HOPS IN CANNED MILKS FOR SALE TODAY CENTS HIGHER HERE IN LOCAL MARKI

All Now Willing to Buy and Pacific Coast Condensed Milk No Livestock Arrives Available Further Advance in Coast Willamette Valley Stock Finds Price Forced by Yesterday's Rise in East.

> There was an advance of 10c in the price of refined sugar in the local market during the past 24 hours, following another big advance in the east yester-

day morning.

The advanced price was first named

crop to unusual proportions. The world's visible supply of raw sugar on July 1 was 2,376,000 tons, compared with 2,320,000 tons on the same date in 1910, 2,360,000 tons in 1909 and 2,280,000 tons in 1908. The fact that the visible supply of sugar at this time is showing but little increase despite the fact that the world's crop last season was the greatest on record, indicates that the consumptive demand is in-creasing even faster than supplies.

LIQUIDATION STILL FORCING A DECLINE

New York, Aug. 12.—Today's stock market marked another day of the con-tinuation of liquidation which has been so much in evidence. The banking pro-tection in order to stem the tide of

Bids Up to \$25.50; Half of Barley is Sold.

Moosejaw Crossing Mont., Aug. 12.-From Winnipeg to Virden, 200 miles, the crop is light, with

The advanced price was first named by the Western Sugar Refining company yesterday morning and the other charge until late last evening, therefore practically making the higher price not effective until this morning.

For several years the various coast refineries have been making their price changes within almost a few moments of each other. Since the successful prosecutions of the trusts under the Sherman anti-trust law, it has been noted that the refiners, while they invariably make the same price in the same hour. In some instances the advances are delayed a day.

The further rise in refined sugar prices here is due entirely to the European situation. Latest advices from Germany state that the position of the beet crop is not improved, but even worse than formerly. Last year European beet fields gave forth a bumper yield, which swelled the world's sugar crop to unusual proportions. The world's visible supply of raw sugar on July 1 was 2,370,000 tons, compared with 2,320,000 tons on the same date in 1910, 2,360,000 tons in 1909 and 2,-

offers obtainable at this time are around \$27@28. Both are based upon f. o, b delivery country points.

Latest advices received from the interior indicate that at least half of the barley crop of the Pacific northwest has already been sold. Practically all of the business was for eastern account. The barley crop of the three states is estimated at close to 11,000,000 bushels, therefore sales are figured at 5,500,000 bushels.

therefore sales are figured at 0,000,000 bushels.
Wheat market was firm this morning. Practically all interests were this morning bidding 78c for club and 32c for bluestem, based upon track delivery tidewater. California is now holding for bluestem and some small sales have been made for that account.
There is no change in the flour situation since the advance of 10c a barrel in export yesterday. export yesterday.

BIG RUN AT CATHLAMET

Cathlamet, Wash Aug. 11.—The big run of salmon has kept both fishermen and canners on the jump for the past 0 days. The run is one of the most 10 days. The run is one of the most satisfactory that has occurred in the past 15 years. There have been years when more fish have been taken in a single day, but the large runs of other years have gutted the canneries and caused price cutting. This year, however, the canners, although worked to the limit, have been able to handle the increased supply without waste, and there has been no consequent cutting of prices.

There were some splendid individual catches made by gill netters and trappers here during the height of the run. Cliff Munro at Altoena took 1600 pounds

cateness made by gill netters and trappers here during the height of the run.

Cliff Munro at Altoona took 1600 pounds in his gill net. David Welcome and Arthur Houchen took 1400 pounds each in their traps. Joe Burke got 2200 pounds in one haul in his trap opposite Cathlamet. These catches represent an average, although not the largest by any means. From Chinook comes a remarkable story of a single catch made in the trap of a widow, a Mrs. Louise Davis. In one lift there was taken the enormous amount of nine tons of fish. In telling the incident my informant added. "and she needed the money."

One does not hear of the long lean years. At present there is a lull in the run.

Hold Strawberry Record. Hood River, Or., Aug. 12.—Gus Miller, of Hood River, holds the record for strawberry returns for the season just closed, He planted 3½ acres from which he took 547 crates. He sold 440 of these crates through the Davidson Fruit company that netted him \$2.80 per crate or a total of \$1232. He sold the balance of the crop, amounting to 107 crates, elsewhere and received therefor \$133.58. If the entire crop had been shipped through the Davidson Fruit company he would have secured over \$1500 therefor or approximately \$500 per acre. This is considered a high record for berries in this section. company that netted him \$2.80 per crat

Big Grain Yields.

Walla Walla, Wash., Aug. 12.—Some of the best crop yields that have been reported this year were authenticated yesterday. Andy Taylor, a Prescott. Farmer, raised 85 bushels of barley; and D. C. Eaton took 7000 bushels of Red Russian wheat from 100 acres, or 70 bushels on acre.

FRIEL SAYS CHILDREN HAVE SLANDERED HIM

(Special to The Journal.) Oregon City, Aug. 12 .- John T. Friel, an aged and rich rancher of Cherryville, with his bride of but a few months yesterday called at the sheriff's office and revealed circumstances startling in the extreme. Mr. Friel's first wife was taken sick in February, and an advertisement for a trained nurse was inserted in a Portland newspaper, which was answered by Miss Luella Wilson. According to Friel's story, when his wife realized that she was not going to recover, she called him to her and made him promise to marry her

nurse, Miss Wilson, At the time of and prior to his marriage to Miss Wilson, which occurred in Portland about three months after the death of his wife, Friel says that no objection was made by his children, but shortly afterward he claims that he and his young bride were confronted by stories from his children that their mother did not die a natural death. These stories hinted at foul play. The children, of whom there are seven, who believe the unnatural death story, finally said that they were going to have the body of their mother exhumed to prove, if possible, the immediate cause of her death.

When in the sheriff's office yester-

proper authorities, poison might be injected to prove the foul play, of which he and the present Mrs. Friel are ac-In a letter to Sheriff Mass, dated a Cherryville, August 8, Mr. Friel tells of his long vigil, and asks the sheriff "do something for him," as he says "he can't stand it much longer." After the consultation at the sheriff's office yesterday afternoon, Mr. and Mrs. Friel went to the law office of

Brownell & Stone, where it is understood a slander suit was discussed. It is Mr. Friel's opinion that the cause of the trouble is the fear, by the

hildren, that he will leave his entire estate to the second Mrs. Friel. She declares that she has several times been accused of marrying the old gentleman solely for his money.

Brown Charged With Theft.

(Special to The Journal.) Vancouver, Wash., Aug. 12.—Barney Brown was placed under arrest by Officers Gasaway and Dawson last night on a charge of having stolen a watch from the McKay jewelry store on Main street August 2. The watch was found esterday at the Clowe pawn shop on Washington street and when traced was ound to have been left there by Edward Seeney for repairs. Seeney bought the watch from Samuel Ball to whom It had been given by Brown to sell. A complaint will be filed against Brown

license was issued to Veronica Severan tice of the Peace Samson.

day the aged man told of night after night that he had spent guarding the grave of his first wife, lest her body be molested. He fears that should the body be exhumed by other than the OF MURDER SUSPECT

> (Special to The Journal.)
> Oregon City, Aug. 12.—Sheriff Ernest Mass is running down the story told by Harry Smith, the horse thief arrested at Marshfield. Smith, whose right name is said to be Higge, claims to know who murdered the Hill family at Ardenwild station, June 8. It is the belief of Sheriff Mass that Higge may have been at Ardenwald, as a man answearing his description is reported to have left there shortly after the Hill

killing. In a communication with the deputy sheriff of Douglas county, at Roseburg, it was learned here this morning that Sheriff George K. Guinn of Douglas county is on his way to Marshfield

CURTIS SAYS LAVINGE THREATENED TO KILL

Oregon City, Or., Aug. 12 .- Frank Lavinge was arrested yesterday by Constable Brown, on charges brought by W. H. Curtis, who alleges that Lavinge threatened to kill him. It is understood the trouble started over Lavinge's wife, who left him about a week ago. Curtis and H. H. Hughes of Boring. The says Lavinge blamed him for his wife's couple were united in marriage by Jus- actions. The case will be heard by Justice Samson today.
