6—Different Styles to Choose From—6

Specimens of the work may be seen in the store, where an elaborate display has been made, and all information needed; not set forth here, will be cheerfully given.

Something New—Something Different! Beautiful Art Medallions of Yourself or Friends Given Away Free!

CARBON

This style has the beautiful soft tone and deep effect of a fine steel engraving, producing high lights and shadows to perfection.

SEPIA—This is the beautiful brown color so much loved by the old masters, having all the clearness and fine tone of an etching. For groups a charge of 25c will be made.

Full Size Six Inches

WHAT MEDALLIONS ARE.

The desire to perpetuate, in some artistic form, the features of friends, is almost as old as civilization. Until the photographic process was developed, the only method of doing this was by painting the portrait on canvas, porcelain or ivory, a process slow and expensive and not sure to produce a faithful resemblance. But these hand-painted portraits, especially the ivory and porcelain miniatures, had a softness, a beauty, and, best of all, a permanence that no photograph has yet attained. But these portrait medallions are superior to any hand work ever done in their faithful resemblance to the original, for they are photographic reproductions and have many of the advantages of the porcelain or ivory miniature so far as concerns their finish and artistic excellence.

We are prepared to give one to every customer of ours who purchases ten dollars' worth of goods.

WATER COLOR

This style produces with marvelous exactness the flesh tints, color of hair and eyes, as well as those of costume. For water colors a charge of 25c will be made.

These medallions are made by the Columbia Portrait Company, Chicago, Ill. This is sufficient guarantee that the work will be perfect and lasting.

HOW TO SECURE ONE.

First secure a portrait ticket from the salesperson who waits upon you. Then bring your sales checks with the ticket to the Medallion counter—on the main floor—and have the ticket punched to the amount of your purchases.

When your purchases aggregate \$10.00—bring the ticket to the Medallion counter, together with the photograph you wish reproduced.

You will receive the Medallion in about three weeks and your photograph will be returned at the same time unharmed.

The Medallions are given to you unframed—and are valuable and beautiful without frames.

If you wish to frame them, we are prepared to supply suitable frames at special prices.
