MEMORIAL URGED
FOR PEACE PERIOD

Plans Progress for Celebration
of Century of Peace Among
English Speaking People.

London, Aug. 21.—To celebrate the centenary of the signing of the peace treaty between England and America in 1815, an important scheme for a permanent memorial is being discussed in London by representative men of both nations. Andrew Carnegie is chairman of the American committee, with Colonel Theodore Roosevelt as honorary chairman, and the governor of the state of the Union as honorary vice president.

The celebration will take place in 1914-15, and will most probably take the form of either (1) purchasing Sulgrave Manor, Northamptonshire, the ancestral seat of the Washington family, as a lasting memorial of the peace and a center of interest for all the Anglo-Saxon race; or (2) the building of a bridge across the Niagara Falls, connecting British and American territory, and to be toll free to citizens of both nations. Possibly, if funds permit, both schemes may be carried out.

Mr. William B. Howland, chairman of the International Organization committee, now in London, said to a reporter: "A decision will be arrived at probably before the end of the year. We have approached the school children in the United States with a view to securing an opinion on reasonable terms. I think the idea would be to devote the house to the purposes of a museum, for the housing of objects and documents indicating the close and peaceful relations between the two countries, and as a part of it, as an international park."

"The proposed bridge across Niagara Falls would be a grand connecting link between the two shores. The new structure would be free to all passengers, and as there are thousands of British visitors during the year this form of memorial would be of some benefit to them. We shall seek to get in touch with English people who are willing to cooperate in the celebration, and it is likely that a British committee will be formed in connection with the larger project."

"There will be a series of public gatherings in America, England, Canada and Australia. An influential committee will be organized in Canada and Australia and probably in all the British colonies. A conference of the interests will most likely be convened in New York in the autumn."

"There has been no hostility along the 3,000 mile American-Canadian border during the last 100 years, so that the celebration will assuredly evoke widespread interest. It has also been suggested that a history of the period might profitably be written for the special benefit of the school children in the various countries. They would thus have an opportunity which has never before been afforded them of studying a history which would include any record of war."

Lawyers Abstract & Trust Co., capital and in return would favor the erection of a Methodist church on Hood River Heights and would urge all the United Brethren in the Heights and in the country to unite with the church. Rev. Parsons said the United Brethren church in the United States had been the pioneer in the advocacy of church union, and that he greatly deplored the multiplicity of churches in the small cities. However, he urged the priority of his church here, and held to the principle that the United Brethren church had a first right to maintain its identity as a church in case of a union of the Methodist and United Brethren churches.

"Docile" Horse Runs Away Twice.
Centralia, Wash., Aug. 21.—Mrs. Myrtle Cameron, a resident of Lincoln Creek, purchased a supposedly docile horse a week ago, but has experienced her second runaway since owning the animal, the second time narrowly escaping with her life. The horse overtook the buggy, precipitating Mrs. Cameron into the roadway and causing severe injuries. Mrs. Cameron was visiting her brother, Clarke Davis, in Centralia, at the time of the accident, and Mr. Davis threatened to sue the man who sold his sister the animal.

The next national convention of the Socialist party probably will be held in Milwaukee.

Don't Be Bald
Almost Any One May Secure
A Splendid Growth
of Hair.

You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and examine its roots. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment. We have a remedy for hair troubles that cannot be surpassed. It has a record of curing hair and curing baldness in 90 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it. We are not examining its roots, but until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and aid roots, stop falling hair and grow new hair that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user. Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50 cents and \$1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee. Remember, you can obtain Rexall Remedies only at The Owl Drug Co., Inc., Cor. 7th and Washington Sts.
