

STATE FAIR WILL HONOR PIONEERS ON OPENING DAY

Program Covers Wide Range and Large Attendance Is Assured; Portland Day Occasion for Big Excursion.

(Special to The Journal.) Salem, Or., Sept. 2.—As long ago as January preparations were started to make the state fair open on time with all the entertainment that it was possible to crowd into a single week.

Woodmen of the World Day—Tuesday—is said to be a record-breaker. With the dedication of their own building on the fair grounds, the Woodmen decided that the semi-centennial of the Oregon State Fair is the best time to make a demonstration of the spirit which enabled the members of the order to erect their building in a single day, and all who heard of their feat applauded.

Not in years has "Salem Day" looked so bright. All the merchants will close their stores and factories at noon Wednesday to allow all who wish to attend the fair program at the grounds. For this day there will be numerous free attractions. The race of homing pigeons from Salem to Portland will be a feature of "Salem Day," as will a bee exhibition by Herman Ahlers. These features and the convention of the Oregon Pure Bred Livestock association are enough to make Salem Day replete with entertainment and instruction.

Portland day—Thursday—is expected to be the biggest day in the history of the fair, when attendance is considered. There will be special excursions in which the Portland club, the Portland Commercial club, the Rotary club, Realty Board and smaller organizations will participate. If the judges have contemplated their work in time it is planned to hold the parade of premium-winning livestock on Portland Day. This feature is not definitely settled because no one can be sure that the judges will have disposed of the awards in time to allow the presentation of this feature.

None are working harder for success than the allied German speaking societies of Oregon. They intend to make Friday the day set aside for their special benefit, one of the best of the week. Aside from the special features offered on special days are the livestock exhibits, the poultry competitions, the horse show and divers features which are proper only with a state fair. The entries in the poultry sections do not close until September 3, and it is not possible to give an idea as to what extent the classes will be filled.

All the railroad lines have granted reduced rates on account of the Oregon State Fair, and the rates are given to those who exhibit.

LANE COUNTY FAIR WITH NEW BUILDINGS NEEDS MORE ROOM

(Special to The Journal.) Eugene, Or., Sept. 2.—The Lane county fair, which will be held in Eugene September 20-23, will be the largest in the history of the fair association. In former years Eugene combined with Roseburg in holding the district fair alternately in each city, but Eugene two years ago was separated from the Second Southern Oregon district and now conducts her fair alone. This is much more desirable, one reason being that a fair is held in each year and another being that the management is entirely in local hands.

The Lane County Fair association has recently built a large addition to the exhibit pavilion, adding a third more space, and indications are that the addition will not provide enough space for the many exhibits that are promised. Aside from the addition to the pavilion, seven booths, each 12 by 12 feet, have been erected for concessions and all have been taken.

The races this year promise to be better than ever. The fair will be held immediately after the state fair at Salem closes, and many of the best horses in the state will be sent to Eugene. Besides the usual large cash purses a handsome cup has been offered to be competed for by gentlemen's driving horses. Sam Douglas, a resident of Eugene, has also offered a cash purse of \$10 for the best horse.

Reports from farmers who intend to place exhibits this year indicate that the stock exhibit will be the best ever seen at a fair in Eugene. In former years this department has not been up to standard, but the managers of that department state that assurances had had the livestock stalls will all be filled by the best animals to be found in the county.

GOVERNOR WEST TO SPEAK AT TOLEDO FAIR, PIONEER DAY

(Special to The Journal.) Toledo, Or., Sept. 2.—The third annual county fair, which will be held at Toledo, September 5 to 8, promises to eclipse the two preceding fairs. The management will give cash prizes on all classes of exhibits this year, while heretofore they have given ribbons. Another reason is because exhibitors are awaking to the benefits derived from making a good showing at the fair, and take pride in their exhibits.

Colonel Blinnard will deliver an address Tuesday, Congressman Hawley on Wednesday, Governor West Friday and other noted personages will help to make Pioneer day a success.

The railroad company has promised a rate of one fare and a third for round trip tickets to the fair.

MALHEUR COUNTY FAIR WILL FEATURE LIVE-STOCK AND RIDING

(Special to The Journal.) Ontario, Or., Sept. 2.—Extensive preparations are being made for the second annual Malheur county fair, which will be held September 26 to 30. The fair promises to be much bigger and better than last year's, which proved a decided success in every way. The Malheur County Fair association is a member of the Eastern Oregon and Southern Oregon District Agricultural association with Baker, Boise and Caldwell, Idaho. The racing programs for these four fairs are uniform and the fastest horses in the west will be seen on these four tracks the last two weeks in September.

PUTTING OREGON'S BEST PRODUCTS ON DISPLAY

1—Entrance to Yamhill county school fair. 2—Main street, Pendleton, during Round-Up parade. 3—Judging cattle at the state fair. 4—Grandstand and race track, Malheur County fair, Ontario. 5—Women's Rest Room, State fair. 6—Pavilion at the Roseburg fair.

tember and the first two weeks in October.

Another feature that is attracting attention is the roping and broncho riding contests. The best ropers and riders of Oregon, Idaho, Montana and Wyoming are expected to be here to take part in the contests. Scouts are now out scouring the country for wild cats and outlaw horses to be used in the contests at the Ontario fair grounds.

As this is a very favorable crop year the exhibits of fruits, grains, grasses and vegetables will be of the best seen anywhere. Nyasa, Jordan valley and the upper Willamette valley country have long ago secured exhibit space and each of the localities as well as Ontario and Vale will endeavor hard to take the sweepstakes prizes in fruit and agricultural products.

The livestock department will also be well represented, as the stockmen of this section are just beginning to get interested in blooded stock and the prizes offered and the desire to get others interested will bring an interesting display of livestock to the fair this year.

FIRST ANNUAL PEAR DISPLAY FEATURE OF MEDFORD SHOW

(Special to The Journal.) Medford, Sept. 2.—Medford is making great preparations for the district fair which will be held in October. Racing and sports will furnish amusement while the first annual pear show will be held in spacious buildings erected for that purpose. A fair association has been organized which will endeavor to make the pear show an annual feature in this city and develop it from year to year until it becomes of national scope.

A splendid racing card has been arranged which will attract horses from various parts of the state. Several large purses have been hung and five days will be devoted to the sport. An endeavor will also be made to have a number of automobile races pulled off, as the races held during the Fourth of July celebration were a great success.

Pears will be exhibited from all parts of southern Oregon. Prizes will be offered for each variety. Produce and other fruits will also be entered.

Mining men are making preparations to have a large mineral display shown in order to attract the attention of those who are not familiar with local mining conditions.

FAIR AT ROSEBURG WILL REPRESENT LARGE DISTRICT

(Special to The Journal.) Roseburg, Or., Sept. 2.—The eighteenth annual exhibition of the Second Southern Oregon District Agricultural society will be held in Roseburg, commencing Tuesday, September 26, and continuing five days. C. W. Parrott, of Roseburg, is president and A. T. Marshall, of Roseburg, is secretary of the association. The board of commissioners are composed of members from Roseburg, Oakland, Eugene, Bandon, Marshfield and Gold Beach.

Premiums are offered for stock and articles raised or owned in Lane, Douglas, Crook and Curry counties. More than \$5000 is offered in premiums aside from the speed prizes, which amount to \$2000. Special attention will be given to the agricultural interests of the district, and valuable premiums for all kinds of manufactured goods and products will be offered.

The fair grounds are one mile east of Roseburg, and form a natural am-

phitheatre. A large portion of the ground is covered by a natural grove, offering an ideal place for camping. Good water is plentiful. A large number of people annually spend the entire week on the ground, coming from a considerable distance and camping.

While the racing feature of the fair will be prominent, it will not overshadow the agricultural interests. Special effort will be made to emphasize the agricultural resources of the district. There is probably no similar area in the United States which produces a greater variety of agricultural and horticultural products, and the fair association is making a strenuous effort to secure a comprehensive line of exhibits. The district covers a territory extending from the Cascade mountains to the Pacific ocean, including the coast range, and account of the topography, the diversity of products is great.

SCHOOLS OF YAMHILL COUNTY PREPARE UNIQUE EXHIBITION

(Special to The Journal.) McMinnville, Or., Sept. 2.—Yamhill county is making large preparations for its fourth annual county school fair, which is to be held September 19 to 22. There are about 85 districts in this county, most of which take an active interest in the fair. One thousand dollars will be given in cash premiums, besides numerous prizes offered by the merchants and business men of the county.

The poultry exhibit will no doubt be the best ever shown in this county. September 19 will occur the big school parade. A free automobile ride is to be given every school officer, teacher and pupil participating in the march. A special feature of the fair will be the baby show. Eight silver loving cups are offered as prizes for the prettiest baby boy and girl of one, two and three years of age and a prize for the best decorated baby buggy. Another feature will be the Indian pony parade and war dance by the Yamhill Indians of the Grande Ronde reservation.

Lectures will be given daily on dairying, grain, fruit and stock industries. A baseball game, has been arranged for each day between the leading teams of the county for the county championship. The school fair idea was originated in 1907 by R. L. Alderman, state superintendent, at that time superintendent of this county. His purpose was to encourage boys and girls to learn the varied industries and practical pursuits of life before they were thrown upon their own resources.

Resides the exhibits by school districts, individual and collective, there will be a general county exhibit of agricultural products, fruits and grains and the women's exhibit of fancy work, sewing, painting, cooking, etc.

FIRST POLK COUNTY DISPLAY WILL BE DISTRICT AFFAIR

(Special to The Journal.) Dallas, Or., Sept. 2.—On September 6 to 9 the first annual Polk county harvest festival and carnival will be held in Dallas. The object of the fair is to bring together the agricultural products of the county, and to encourage the farmers to more careful cultivation, and advertise the products of Polk county. The main exhibit tent will be erected on the courthouse lawn, east of the court house. First, second and third

prizes will be awarded on exhibits. Already the committees have enough exhibits entered to insure the success of the fair. At the close of the festival the entire exhibit will be sent to the state fair as a county display.

Wednesday, September 6, will be Artisan's day; Thursday, September 7, Independence day; Friday, September 8, Falls City day, and Saturday, September 9, Dallas day. On Friday and Saturday special trains will run to and from Falls City and Black Rock. Among the special attractions will be a balloon ascension daily, baseball games, public speaking and various sports. On Saturday there will be a baby show and a public wedding on the courthouse lawn. During the day music will be furnished by three bands and concerts in the evening by the Dallas band.

The harvest festival is being conducted by the combined efforts of the commercial clubs of Dallas, Falls City and Independence. Edwin Jacobson of Dallas is chairman of the committee.

FARMERS PROMISE TO AID IN MAKING SHOW SUCCESSFUL

(Special to The Journal.) The Dalles, Or., Sept. 2.—"The fair to be held in The Dalles during the first week of October will be the biggest and best ever held by the Second Eastern Oregon Agricultural society," said James D. Riddell, who has traveled through Sherman, Wasco, Hood River and Klickitat counties in the interest of the association. Mr. Riddell said he found farmers everywhere enthusiastic over the coming event and will come to the fair with the best products that the country has raised this year. Mr. Riddell says there will be many fine products shown. He has already gathered a large amount of grains and grasses, and the fruit and vegetable exhibits, while they will not be up to the standard of former years, from the fact that the quality this year is inferior, will be very good. Fancy stock breeders throughout the district are putting their animals in show shape, and the number shown will be greater than ever before. The speed program is so arranged and the purses offered being so liberal, that good racing events are assured. The new buildings at the fair grounds are nearing completion and will all be in readiness for the opening day.

ROUND-UP WILL BE FEATURE OF WEEK AT PENDLETON FAIR

(Special to The Journal.) Pendleton, Or., Sept. 2.—From preparations which have been made and from other reliable indications, the annual Morrow-Umatilla county fair, which is to open in this city September 11, and continue through the week, is to be one of the largest district fairs in the northwest this year. It has always been one of the big events of the year for people of the two counties, and has drawn thousands of people to the fair annually, but since the inauguration of the Round-up as an additional attraction, there are thousands of people from outside districts in the city during fair week.

A special effort has been made to prepare exhibits that will tell the strangers something of the vast resources of this district. The grain belt, the sheep and cattle ranges the famous Milton-Freewater fruit district, the irrigated lands, the diversified farms of the Weston mountain section, in fact

every part of the broad area of Umatilla and Morrow counties will give up samples of the best products for the education of those who enter the fair pavilion.

Special efforts are also being made to provide entertainment. Bowen's band of Spokane has been engaged to furnish music afternoons and evenings, and several star vaudeville performers have been engaged to fill out the speaking and musical programs each day.

DRY FARMING WILL BE FEATURE IN PRINEVILLE DISPLAY

(Special to The Journal.) Prineville, Or., Sept. 2.—Several silver trophies of beautiful design have been offered by James J. Hill for the best dry farming products of Crook county to be awarded at the seventh annual Central Oregon fair to be held for four days beginning October 11. The fair is to be held under the auspices both of the First Central Oregon Agricultural society and the Central Oregon Livestock & Agricultural association. James J. Hill, the spirit behind the Oregon Trunk and other Hill lines, is one of the chief patrons.

The fair promises to be the most complete and pretentious exhibition of livestock and agricultural products ever gathered in the interior. For one month agents have been gathering grasses, grains, vegetables and fruits for this exhibition. As the county of Crook is larger than the state of New Jersey it requires considerable time to cover every part of the county.

PUMPKIN SHOW AT JUNCTION CITY WILL DRAW BIG CROWDS

(Special to The Journal.) Junction City, Or., Sept. 2.—The second annual Pumpkin Show held by the Junction City Pumpkin Show association will be held in the Washburn rink, September 28-30. The show last year was a surprise to the promoters, the prime movers being the ladies. Liberal premiums are offered in all departments. Last year only field and garden products, school, needle and art work were exhibited. This year poultry has been added. The special feature of the show will be the pumpkin. For the largest pumpkin shown a \$50 steel range as a special by the Junction City Hardware company, will be given, and the association will give a cash prize of \$5. In the baby show contest \$5 will be given for the prettiest baby. \$250 for the fattest baby under 18 months.

The largest pumpkin pie exhibited will draw a \$5 prize.

WALLOWA COUNTY TO SHOW PRODUCTS OF FARM, FIELD, HOME

(Special to The Journal.) Enterprise, Or., Sept. 2.—It will be a varied exhibition of the resources of Wallowa county at the sixth annual Wallowa county fair at Enterprise October 2 to 7. The farmers in every section are busy preparing and preserving the best samples of the products of the soil, and getting their livestock in shape for show purposes. The capacity of the buildings of the fair will be taxed to the utmost, according to the reservations of space already made. There will be exhibitions of wheat, oats,

barley, corn and rye from the grain fields; alfalfa, timothy and clover from the hay fields; apples, peaches, pears, grapes, prunes and plums from the orchards; and berries and vegetables of all kinds from the garden.

The livestock men will show thoroughbred horses, cattle, sheep and dogs and the poultrymen an amazing exhibit of the feathered tribe.

One of the principal features of the racing program will be the three day 15 mile relay race in which there are four entries. Each entry must consist of a string of five horses and the rider must change horses at the end of every half mile, unsaddling and saddling his horse each time.

Falls Out of Car Window. Utica, Ky., Sept. 2.—William Kane, a circus performer, fell out of his Pullman car window while asleep. He was unhurt, although the train was going 40 miles an hour.

Whales Feed on Popcorn. Boston, Sept. 2.—Tempted by popcorn thrown astern two whales raced 75 miles with the steamer Boston from Nova Scotia.

Danderine Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Alveolar Dentistry

Does Away Entirely With Plates and Bridgework

Modern Business Ethics

Up to the year eighteen hundred and seventy the business world was tainted by trickery in trade. The methods of booth and bazaar were everywhere practiced. Business was barter, and he who could cheat and not get caught was accounted clever. On the customs of the time there was no copyright. They were a take on from monarchical days. But a new ethics has arrived. Within ten years' time the barter has gone through the entire business fabric that to cheat and not get caught is really a worse calamity than to get caught. To be caught means that someone has applied the brake, and you are given pause.

Not to get caught means that you are headed for the precipice on the high perch and down grade. To cheat another is to cheat yourself. Theology did not teach us this, for precept and preaching never touch our lives. We shied them.

We are moved in only one way, and that is by self interest. Cut off our food supply and we are no longer apathetic. And self interest is a form of selfishness. It is the desire for life. It is the instinct of self preservation in action. It was all a matter of mental growth—evolution. The discovery of truth as our most valuable business asset is the instinct of self preservation in action. It is the great achievement of the age in which we live. For truth there is no substitute, and this discovery was made by business men. Honesty as a working policy was first put forth by Benjamin Franklin, and his remark was regarded as a pleasantry until yesterday.

ART AND NATURE. There are only two things in the world—Art and Nature. Art is man's interpretation of Nature, the way Nature affects him. Intelligence is understanding Nature and its work. The man who invented the Alveolar method of dentistry was a genius. By accident, perhaps, but none the less a genius. He knew that his work to endure must be artistic, and in close proximity to Nature. He therefore set

about to devise a plan by which missing teeth could be replaced more beautifully than the natural ones, yet look and feel natural. The result has been that the Alveolar method has practically, or is practically, revolutionizing dentistry.

Merit (not accident) has made the Alveolar Dental Co. what it is, the largest and most successful high-class dental concern in the world—13 offices—80,000 satisfied patients to refer to in eight years is going some. Alveolar Teeth Where Bridgework Is Impossible. If only your front teeth are left, say three or four or more, we can replace all those that have been lost on both sides clear back, with perfect Alveolar teeth, whilst bridgework would be impossible, even if you had eight or ten front teeth to the lot. If you have only two back teeth on each side, say molars, we can supply all the front teeth that are missing with beautiful, serviceable, life-long Alveolar teeth. This could not possibly be done by the bridge route. And where bridgework is possible, there is no comparison between the Alveolar method and the bridge of our work is taking out bridge-work put in by supposedly high-class dentists, and replacing it with the beautiful and artistic Alveolar teeth. And, unlike bridgework in another respect, it is practically painless. No boring or cutting into the gums, nothing to be dreaded. Now, then, prices being equal, which would you choose?

Caring for your teeth is a disease given up by other dentists, as incurable, is another of our specialties. We cure it absolutely. It is a boastful statement to make, but we can do anything that is possible in dentistry, and what we do is always of the very highest class. Our specialty Alveolar Dentistry, are free. Write for one if you cannot call.

ALVEOLAR DENTAL CO. DENTISTS 107-109 Albinton Bldg., 1074 3rd St. Seattle—Night Bldg., 2nd and Pine. TERMS TO RELIABLE PEOPLE.
