Why Actresses Never Grow Old

(Theatrical World.)

Nothing concerning the profession seems more puzzling to the dear old public than the perpetual youth of our feminine members. How often we hear remarks like, "Why, I saw her as Juliet 40 years ago, and she doesn't look a year older now!" Of course allowance is made for make-up, but when they see us off the stage at close range, they need another explanation.

How strange women generally haven't young! How simple a matter to get drug store, apply it like cold cream, and in the morning wash, it off!
