Hack's Days Are Over.

It is generally believed that Hackenschmidt, having received his payment in advance, decided that there was little to be gained by going through an arduous course of training and really struggling against the lowa strong man. He quit, and it is probable that his wrestling days, in America at least, are ended as a wrestler.

Strung along with hot dope about the lion's fierte determination to gain the mantle of the wrestling champion of the world the sporting public shelled out its coin in large gobs. It is deemed highly improbable that it could be induced to do so again.

Gotch will make a tour of the world. starting in about two weeks. He arose at 9:30 this morning and outlined his plans to a United Press representative.
"I expected Hackenschmidt to make

a better showing," he said. "I never than I did for this. I thought sure we would go the limit of three hours at least and was prepared to go five. For months I have endured the physical exertion from three to five hours. Will Tour America.

"My future plans are perfected. I will go to Humboldt at once to arrange my affairs for a tour of America, England, Scotland, France, Germany, Austria, Sweden, and then stop at Athens, where wrestling is always an honored pastime. Then I will go to Africa, Australia and finally to Honolulu.

"I will give exhibitions in the world's capitals and larger cities en route. Dates already have been assured me in London, Liverpool, Moscow, Paris, Ber-lin and other foreign cities. After leaving Honolulu I will return to my farm, which is the most welcome place for me. The tour will last nine months and then I will be a gentleman farmer, making such exhibitions as the exigencies de-

Joe Rivers, After Winning All the Way, Is Knocked Cold.

Los Angeles, Sept. 5 .- Because he was so elated over defeating Joe Rivers that: he could not sleep, Johnny Kilbane of Cleveland was up at 4 o'clock this merning. An hour later, with his wife on his arm and wheeling their little baby, the Kilbanes were parading the beach walk at Venice, discussing future plans, Aside from announcing that he Fad signed up to meet Frankis Conley at the Vernon arena S-ptember 29, Johnny refused to talk fight.

"I did all my fighting in the ring yes-terday," he said. "I am out with my little family for a good time today, and I don't want to be bethered. Rivers should be able to tell you just how he got licked. It's up to him to do the explaining.

Kilbane knocked Joe Rivers, the Mexican scrapper, out in the sixteenth round of the scheduled 20 round bout at Vernon. Kilbane's victory will earn him chance to meet Abe Attell for the featherweight championship of the world.

Rivers had the tetter of the fight un-til the time of the knockout, and had a decision been rendered at the end of the fifteenth round the Mexican fighter would have received the verdict.

In the sixteenth round Rivers opened with a left swing to the jaw, Kilbane came back and put Rivers down for the count of nine with a right to the jaw. Kilbane stood back and landed a right and left to the jaw and a right to the stomach and the Mexican fighter fell in t heap and was counted out. It was fully five minutes before he recovered sufficiently to leave the ring.
