

OHIO PRIMARIES TRY NEW MEASURE

Kimball Corrupt Practices Act Being Given First Practical Test Today.

(Special to The Journal.) Columbus, Ohio, Sept. 5.—The Kimball corrupt practices act enacted by the last session of the Ohio legislature was given its first practical test in the primaries held throughout the state today.

The law in all its provisions applies to the primaries as well as to the regular elections. The results of its operation are awaited with keen interest, particularly in Cincinnati, Toledo, Columbus and other large cities where it was tried out today.

May Work Revolution. The advocates of the Kimball act believe that it will work a revolution in the methods of practical politics. The measure is designed to bring practically every movement of every political party and candidate into the daylight of publicity. The publicity feature is attained by the provisions of the law which compel the filing within ten days after any election of statements showing the precise amount of money spent by every candidate, party committee, or association of organization of two or more persons interested in the election, and showing in addition how every dollar was spent.

Primary elections are included, and the law makes the filing of such statements absolutely compulsory. The law requires, furthermore, that the statements must include not only the amount of money spent, but the amount "promised" or "received."

Strict Limit Upon Money. The new law also places a strict limit upon the amount of money any candidate can spend for his nomination. The amount allowed is to be in proportion to the population of the territory in which the candidate seeks nomination or election. In addition, the law specifies all things that are to be regarded as legitimate campaign expenses, such as advertising, traveling expenses, expenses of halls and speakers' offices and headquarters, the preparation of lists of voters, etc.

The penalties for the violation of any of the provisions of the law are severe. For a candidate it means forfeiture of office, in addition to the fine or imprisonment. The fine is to be from \$100 to \$500 and the imprisonment not to exceed six months.

Employers Amenable. Employers who seek in any way to influence or control the votes of those in their employ are made amenable to the law. An employer who threatened even verbally or indirectly that the election of any particular candidate or ticket would result in a partial suspension of business or a cut in wages, under the provisions of the law, he is liable for six months.

The Kimball law, which is pronounced by experts to be the most drastic "corrupt practices" act in force in any of the states, is the result of the revelations of vote buying in Adams county, this state, where hundreds of voters were disfranchised a year ago by Judge A. Z. Blair. The measure was introduced in the legislature by the representative from Adams county, Mr. Kimball.

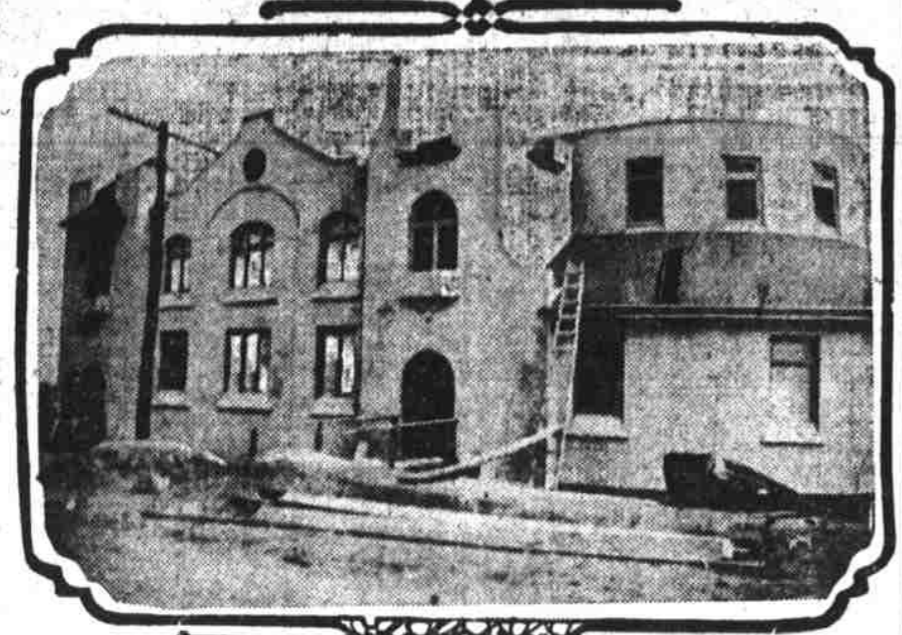

Photo-Engravers Meet. Detroit, Mich., Sept. 5.—The annual convention of the International Photo-Engravers' Union began in this city today with delegates present from 50 local branches in the United States and Canada. President Matthew Wolf of Chicago, is presiding over the sessions, which will last until Saturday. The creation of an old age pension fund and the extension of technical education maintained by the union are among the most important matters to receive the attention of the convention.

Wilkie Visits Bay City. (United Press Special Wire.) San Francisco, Sept. 5.—Secret service agents are "studying" here today as the result of a quiet visit from Washington, by way of Portland, of John E. Wilkie, chief of the secret service of the treasury department. Wilkie said he was just looking over the local offices and will make no changes until he gets back to Washington.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of childbirth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial. It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong. Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

Ashland, Oregon, Baptists Dedicate \$15,000 Church; Dr. Brougher Preaches

New Ashland Baptist Church, as it appeared just before completion, and the pastor, Rev. E. H. Hicks.

(Special to The Journal.) Ashland, Or., Sept. 5.—The new Baptist church, which has been in process of construction in this city for several months, was dedicated Sunday, Dr. J. Whitcomb Brougher of the Temple Baptist church of Los Angeles, formerly of the White Temple of Portland, preaching both morning and evening. In the completion of this edifice the Baptists of Ashland can boast of the most up-to-date church building in the city, and the fact that they have succeeded in raising the entire amount involved makes the undertaking doubly satisfying.

The new building is a frame structure with concrete finish, set on a high basement of concrete. The exterior is very imposing, its location on the hill serving to make it stand out prominently. The windows are of stained glass of soft colors designed to make the light restful to the eyes. The interior is finished in mission, with a gallery on three sides overlooking the platform. The rear of the building is fitted for a Sunday school, with side rooms and recesses to accommodate all the classes of the school. Back of the pulpit is the baptistry. The choir is seated above and behind the pulpit, on a level with the gallery. The total seating capacity is about 1000, the lower floor accommodating 600. The basement will be finished with kitchen, dining room, and boys' club room. In all its appointments the building is most convenient.

Dr. Brougher preached to packed houses. His vivacity was in evidence at all times. The afternoon service was taken up with complimentary and brotherly addresses by pastors of the sister churches of the city, including Reverends Messrs. Van Fossen of the Methodist church, Schwinley of the Congregational church, and Chisholm of the Presbyterian. Rev. C. A. Woody spoke words of congratulation for the Baptist Home Mission society, Rev. Fred C. W. Parker for the Baptist state convention, and Mayor Hall for the city of Ashland. On behalf of the Ladies' Aid of the church, Mrs. James Mattingley pledged support; so did Dr. Van Brackle on behalf of the Baptist Young People's Union. Dr. Brougher closed the afternoon meeting with a short address. The dedication sermon was given by Dr. Brougher in the evening.

The original Baptist church in this city was dedicated in 1884. Of the members of that body only two remain as members of the church today; the others having died or left. These two are Mrs. C. A. Satterfield and Mrs. Dickey. At the time of building the old church the trustees secured a loan of \$500, \$500 was given by the Home Mission society and the lot was donated by Horace Root. Rev. A. M. Russell was the first pastor. From a small membership the church has grown to an enrollment of 219. In addition to a \$1000 building the church now boasts of a \$15,000 structure, the entire cost provided for.

RURAL LETTER CARRIERS MEET NEXT AT DALLAS

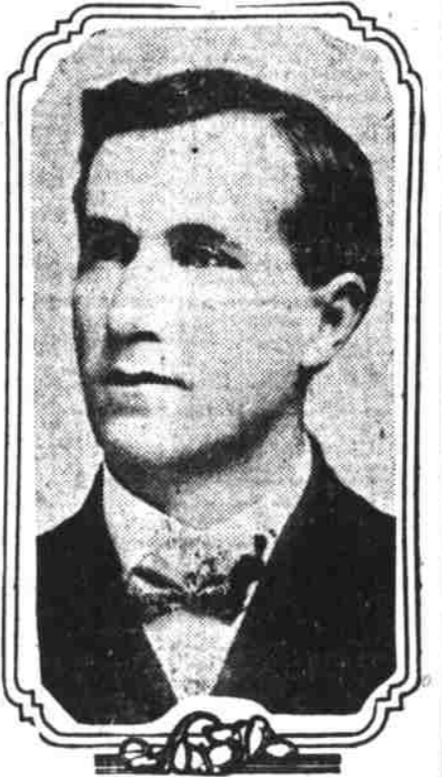

(Special to The Journal.) Eugene, Or., Sept. 5.—Dallas was chosen for the next meeting place of the Oregon Rural Letter Carriers' association, which held its annual convention in Eugene yesterday. The following officers were elected: President, Franz Kratzberg, Aurora; vice president, J. H. Maxwell, Eugene; second vice president, Nelson E. Willets, secretary, W. E. Boyd, Beaverton; A. E. Tower, Junction City, was elected delegate to the national convention in Milwaukee, and his brother Charlemagne Tower of the same place, alternate.

The luncheon at the Hotel Osburn was presided over by D. C. Freeman, manager of the promotion department of the Eugene Commercial club. After reports were read yesterday afternoon the delegates were taken on a sight-seeing trip around the city, and last evening those who had remained held an "experience" meeting and various topics for the good of the service were discussed. The meeting ended with a banquet and smoker.

Resolutions were adopted thanking the local rural carriers and the citizens of the city for the entertainment offered the visiting postmen while they were here. The committee on good roads reported a set of resolutions which was unanimously adopted by the convention, endorsing Governor West's policy of working convictions on the public roads; favoring a law permitting 70 per cent of the voters of any road district to petition the county court to bond the district for road purposes for 10 to 20 years, all work to be done under supervision of the state highway commission and state highway engineer and to be let by contract to the lowest bidder; and the state highway commission and state highway engineer to be placed under civil service and federal control.

Hikes Cross Country for \$10,000. (United Press Special Wire.) San Francisco, Sept. 5.—John Henry Mooney, a New York fireman, walked into San Francisco and claimed a \$10,000 prize for having walked across the continent in 79 days.

Green light is said to be the best for fine work with jewelry.

Former Queen Is 73. Honolulu, Sept. 5.—Former Queen Liliuokalani reached the age of 73 years Saturday. In accordance with her custom the former queen celebrated the anniversary by holding a large public reception.

They Grow Hair Certain Ingredients, if Properly Combined Stimulate Human Hair Growth

Resorcin is one of the most effective germ destroyers ever discovered. Betanathol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents developments of germ matter and creates a clean, healthy condition.

Pilocarpine, although not a coloring agent or dye, is an ingredient well established for its power to restore natural color to human hair. Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Recall "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it to be the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair, providing of course there is life and vitality remaining in the hair roots. We want everyone troubled with scalp disease, dandruff or loss of hair to try Recall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Recall "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sized, 60 cents and \$1. The Owl Drug Co., Inc., corner Seventh and Washington streets.

\$12,000 Regatta—Races Every Day. Wonderful Historical Parade Thursday. Your Last Opportunity to See THE BRIDGE OF THE GODS. Performances Today and Friday. This Week Brim Full of Excitement. Don't Fail to See the Water Events. Thousands Will Swarm to Astoria for These. Last and Best Week of the Centennial. REDUCED RATES ON ALL LINES

BOISE CITIZENS ASK VOTE ON COMMISSION

(Special to The Journal.) Boise, Idaho, Sept. 5.—A petition bearing the signatures of 1800 Boise voters asking for a special election in this city on the question of the adoption of a commission form of government, is ready for submission to Mayor Fritchman, and will probably be placed in his hands some time during the week. The petition has 700 more signatures than are required under the Black law, enacted by the last session of the Idaho legislature, providing for the adoption of commission government by Idaho cities when voters express themselves in favor of such form.

Under the Black law the mayor, when confronted with a petition containing the required number of signatures, is required to call a special election within 60 days. It is known that Mayor Fritchman and a majority of the present city councilmen are opposed to the commission plan, but the mayor has no choice in the matter of calling the election, unless it can be shown that the petition is not regular in form or that the signatures are not bona fide.

Boise is at present operating under a special charter which provides for a modified form of commission government. There are but four councilmen, all elected from the city at large, and each has charge of some particular branch of the city government.

President Dictates Tariff Talk. (United Press Special Wire.) Beverly, Mass., Sept. 5.—President Taft today dictated the first of a series of tariff talks he will make on his tour through the West. He will prepare his other addresses immediately.

So Easy To Rid Your Skin of Fuzz

(Style Dictum) No woman need longer suffer the pangs of humiliation or be distressed because of hairy growths on neck, face or arms, for with the aid of powdered Delatone an easy matter to banish them for all time. Go to your druggist and get an original package of Delatone, then with a little water and delatone mix enough into a paste to cover the hairs not wanted. After letting remain two or three minutes, remove paste and wash the skin and the hairs will have completely disappeared. Delatone costs a dollar an ounce, but a second application is not required except in rare instances where the hair is quite heavy.
