## IN SOCIETY

Last evening the first of the many September weddings was solemnized when Dr. J. R. Wilson, of Portland Academy, read the service which made Miss Katherine E. Felling the bride of Henry C. Fitz of Hood River. The ceremony was performed at the home of the bride's mother, Mrs. Edward Felling, 75 relatives and friends. The rooms and on the bride's table bride roses were used. Henry Felling, the bride's brother, gave her into the groom's keeping. She was gowned in ivory satin with a long veil held in place with orange blossoms. Her flowers were white asters. Miss Rhoda Felling attended her sister as bridesmaid. She wore white marquisette with a pink sash and carried pink asters. Edward Shepard, of Hood River, was best man. Mr. and Mrs. Fitz have gone to their future home in Hood River.

Mrs. George K. Wentworth is leaving tomorrow for a stay of two weeks at Gearhart.

Miss Susan Clark, who is at present at Lakeview, Wash., is expected to return to Portland on the 10th of this month. Miss Dorthea Nash, whose apartment in Union Court, Miss Clark has had for the past few months, returned from a month's stay in the beauty of the Cascade mountains and will open her studio September 14. Miss Nash took two wonderful walking trips in the mountains with different parties under the guidance of her brother, W. Gifford Nash. In the first party was Mrs. Charles F. Swigert, Miss Elizabeth Cadwell, Miss Ann Friendlich, Miss Nash and Mr. Nash. The second walk was taken in company with Joyce and Mrs. C. U. Lantieri and their two children, Ellen and Jamie. Miss Nash spent some time in Nashville before her return and visited Miss Flora Mason at Newport.

Mrs. I. N. Fleischner is expected to return this evening from Seaside.

Holt W. Cookingham left for the east last evening to enter his freshman year in Princeton. He went in company with J. Frank Hall, who will begin his junior year in the same college.

Miss Hazel Tichner entertained with two tables of cards yesterday afternoon for Miss Fanny Sweetser, whose wedding is an event of the week. Her brother came in for tea after the games. Miss Tichner has as her guest at present Miss Gertrude Jones of Ladbish Meadows.

Mrs. Russell Hawkins and daughter, Miss Margaret, returned yesterday, after an extended visit of five months in Indiana with relatives.

Miss Emilie Frances Bauer left last evening for New York, by way of San Francisco, after having passed the summer with her mother, Madame Julia Bauer. The Misses Marion and Flora Bauer will join their sister in Chicago on Thursday night. On Friday Mrs. Beatrice Dietke will entertain for them and on Saturday Mrs. Elfreda Heller Weinstein will be a hostess in their home.

Lieutenant Robert C. Richardson, Fourteenth United States cavalry, is visiting his brother, John Y. Richardson, for a few days prior to his departure for the Philippines to join his regiment.

Mrs. G. W. Hollister, 715 Ivan street, has as her house guests until September 15, her mother and father, Mr. and Mrs. J. M. Kiehl; her sister, Miss Florence Kiehl, and her brother and his wife, Mr. and Mrs. Roy C. Kiehl, all of Pasadena, who are starting on a world tour which will not be completed for two years. They sail from Seattle the eighteenth, on the Minnesota for Yokohama. They will visit the Durbur in India in December, the Holy Land and other interesting places in the old world. In southern France they will have a villa and make it their headquarters, going from it on the many side trips.

## Helpful Hints on Hair Health

### Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, the articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never use anybody else's hat. Many a hatband is a resting place for microbes. If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that if it does not produce the results we claim, this remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases. Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scold at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at The Owl Drug Co., Inc., Cor. 7th and Washington Sts.

## FIRST LOVES

Written for The Journal by Darra Mora. HE IS GOING away to college this fall. For two years they have been boy and girl comrades with at high school. He is 21 and she is 18. They were engaged, of course, and the girl writes that she hesitates to announce their engagement. She is going to wait, and better to abandon any such idea altogether. It isn't fair to either party, and especially to the girl. Four years of college and then two or three years of hard work before the young man will be in a position to marry. That is six years for the girl to do nothing but wait; six years to stand by all those covenants that an announced engagement implies.

High school romances are the prettiest, sweetest romances that ever come into our lives, because they are fresh and pure and airy. But that which is ideal this year may not seem the same in a couple of summers. When a sweetheart goes east to college, it means that he will come into contact with a new element in human life, a new viewpoint, new modes, and, yes, I must say even though it hurts—new loves. There never was a college boy yet who didn't get a fever. It isn't fair to the girl to be tied at home at the age of 21. In the next few years the boy will grow into a man. He will develop. He will change more than his high school sweetheart can ever understand. It will be an entirely different person at the end of four years.

And the girl must make the most of her youth. To be engaged to a boy 3000 miles away is not the happiest

that about. They will do the British Isles and sail from Liverpool. They will be joined in New York by the girl, who will tour the United States with them. R. C. Kiehl will be the correspondent for the southern California papers on the trip.

Mrs. Charles Kohn and her daughter Miss Florence Kohn have returned from the Canadian Rockies, where they passed the summer months.

Mr. and Mrs. Joseph Goldsmith (Miss Amy Sellar) of San Francisco, are being felicitated upon the birth of a son. Mrs. Goldsmith is a sister of Mrs. Fredrick Sellar.

Mr. and Mrs. C. W. Miller, their daughter, Miss Agnes Miller, and Miss Grace Kern, will sail from Seattle the 14th of this month for China, on the beginning of a trip around the world. They will stop in Singapore, Calcutta, Ceylon and interesting continental points. They expect to be gone about a year.

## Questions and Answers

Dear Miss More: Can you tell me some becoming styles of hair dressing for a girl 15 years old, 5 feet and 5 inches tall, with a medium full face, and who wears her dresses about two inches above her shoes?

Also, can you tell me how to prepare a cucumber neck bleach and a good remedy for bleaching the arms and face? What do you think of buttermilk as a remover of tan?

IRENE.

I send by mail some styles of hair-dressing that will be becoming. There is nothing better than buttermilk to remove tan. Wash your face and neck in it several times a day and let it dry without wiping off. Use fresh buttermilk every day until results have been obtained. Three or four applications will not remove the tan. Two or three weeks of constant work will be necessary. You can use the juice of the cucumber the same way as the buttermilk, but it is not so good. If you are badly tanned and your skin has become hard looking, a good remedy is oatmeal paste. Boil the oatmeal until soft and smooth and of rather stiff consistency, then work into paste with sweet oil oil. Spread the paste on at night and leave until it hardens. Cover it well with a cotton cloth to prevent getting it on the bed covering. I send by mail the Austrian neck bleach.

Dear Miss More: Please send me a reliable recipe for canning tomatoes.

C. L.

I am sending you two good recipes by mail, either of which is reliable if the tomatoes are kept in the dark.

Dear Miss More: Kindly tell me what will remove iodine stains from bed linen.

MRS. K.

Put the stained portion in a vessel and pour diluted carbolic acid over the spot. It will disappear like magic.

Dear Miss More: Can you furnish me with a green tomato pickle?

M. M.

A recipe such as you want appeared on this page Monday, September 4.

**Good Health Clubs.**

The formation of good health clubs in the elementary schools is an innovation which is bound to bear practical fruit. A good health club in a large school in Alabama has formulated the following pledge for its members:

1. To be as regular in my habits as I can, to rise at the same hour, retire at the same hour, eat my meals at the same hour each day and not to eat between meals.
  2. Never to sleep in a room without having at least one wide open window.
  3. To choose food that is nourishing and to stop eating when I have enough.
  4. To drink at least eight glasses of water each day, two before breakfast and two before dinner, two after school and two before retiring.
  5. To walk and sit with head and shoulders well up and chest expanded.
  6. To fill my lungs with fresh air before each meal.
  7. To spend as much time in the sunshine as possible each day.
  8. To avoid strong stimulants of any kind.
  9. To brush my teeth every night and morning.
  10. To bathe frequently, so as to keep all the pores in my body open.
- In connection with the study of school hygiene, much attention is given to the temperature and air of the schoolroom. During the past year a series of interesting experiments in schoolroom temperatures was made. It was indicated by these that a highly heated room is productive of many bad results. Children do their best work in a cool room. Dust in the school atmosphere also has been pronounced injurious in many ways, and for this reason floor oil, vacuum cleaners and many other devices for the abolition of dust have been introduced into the public school.

## The Kitchen

Below will be found three choice recipes for piccalilli that have been contributed by readers of The Journal. Also one for green tomato pickle.

**Sweet Green Tomato Pickle.**  
16-pound larid pall or one-half box green tomatoes; wash, slice and salt; let stand 12 hours; one-half dozen medium dry onions, 3 green peppers, cut fine; 1 teaspoon mustard, 1 teaspoon ginger, 1 teaspoon black pepper, 1 teaspoon cloves, all ground; 1 pound brown sugar. Put layers of tomatoes, onions and peppers in porcelain kettle, alternately with spice and sugar until full; cover with best cider vinegar and let simmer one-half hour. Will make about six pints.

**Piccalilli No. 1.**—One peck of green tomatoes. Chop the tomatoes and soak in salt and water over night; drain thoroughly and put into cold vinegar. You can leave your tomatoes in cold vinegar and add these other ingredients when convenient, but when you do, pour off the old vinegar and put on fresh. The other ingredients are six red peppers, six onions, one pound sugar, three teaspoons whole cloves, three of whole allspice. Chop the onions and peppers before they are put into the tomatoes. The peppers are the little capsicum.

**Piccalilli No. 2.**—One peck of green tomatoes, one-half peck of onions, three or four cabbage heads, chopped fine; one cup of salt, mix well, let stand over night. In the morning drain off the liquid. Let one quart of vinegar and two quarts of water come to a boil and pour over the ingredients. Let stand two hours; then drain again. Now to six green peppers, chopped fine, and seven or eight bunches of celery, chopped fine, add one cup of white mustard seed, two tablespoons of turmeric, 6 or 7 cups of sugar and four quarts of good vinegar. Let boil until tender; stir often to prevent scorching, seal in glass jars. If green peppers can not be obtained let celery stalks and celery stalks and one cup of celery seed. I have made it with red peppers and celery seed with good results.

**Piccalilli Recipe No. 3.**—One peck green tomatoes, one dozen large onions, one large head cabbage, one small root horseradish, one-half dozen red peppers, one ounce of white mustard seed, one pound brown sugar, one handful of mixed pickling spices. Enough good cider vinegar to cover. Slice tomatoes, sprinkle with salt and let stand over night. Chop cabbage, onions, peppers and horseradish root fine, sprinkle with salt and let stand over night. In the morning drain off all juices, chop tomatoes fine. Mix all together with mustard seed and spices; heat vinegar to boiling point with sugar. Pack mixture in stone crock or glass jar and pour hot vinegar over. Seal up jars and put in a cool place.

**SEARCH FOR "MONA LISA" EXTENDS TO AMERICA**

(United Press Leased Wire.)  
New York, Sept. 6.—Search for the famous painting, Mona Lisa, which was stolen from the Louvre in Paris, is now being conducted in this country. Information leaking from the custom house today says that the picture is believed to have entered America through a Canadian port and to have been shipped west, where a millionaire is said to be negotiating for it.

## ABUNDANCE OF SOFT, FLUFFY HAIR AND NOT A PARTICLE OF DANDRUFF

Get a 25 cent bottle of Danderine and try this—stops hair falling out.

Danderine dissolves every particle of Dandruff like snow beneath the blazing sun, cleanses, purifies and invigorates the scalp; forever stopping itching and itching hair.

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not be itchy, but what will please you most will be after a few weeks' use, when you will actually see new hair fine and downy at first—yes—but really new hair—sprouting all over the scalp.

A little Danderine will immediately

double the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and soft and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you surely can have beautiful hair and lots of it if you will just try a little Danderine.

When a rich old bachelor gets sick his kin folks are willing for him to try nearly anything except the pretty nurse cure.—Galveston News.

## MISS WHEALDON GIVEN FAREWELL BY Y. W. C. A.

Members of the board of directors of the Young Woman's Christian Association and officers of the institution gathered in the parlors recently to bid farewell to Miss Martha Whealdon, who is to leave to attend the national training school of the association at New York. Until the arrival of Miss Lena James, Miss Whealdon was acting general secretary of the association. Mother Roberts, who has just returned from a visit with her son in Seattle, was also an honor guest of the afternoon. Mother Roberts was matron of the association until last March.

## TOO MUCH PUBLICITY CAUSES HER TO CALL OFF DIVORCE DINNER

(Special to The Journal.)  
New York, Sept. 4.—Because of the publicity given to her plans for a farewell dinner on the eve of her departure for Nevada, where, according to her announcement, she is to begin suit for divorce, Mrs. Oscar A. Turner, who lives at the Waldorf-Astoria, announced that she had recalled the invitations extended to members of the Reno divorce colony in New York.

## HE FINDS TIGHTS BEST FOR WOMEN BATHERS

(Special to The Journal.)  
Washington, Sept. 6.—Dr. W. B. Hudson, superintendent of the Washington municipal "bathing beaches," is of the opinion today that the skirtless bathing suit for women is acceptable at his institution. Dr. Hudson goes further than this and recommends that women wear the jersey and tights of the masculine bathing outfit. Furthermore, he has declared against stockings, and says "women are welcome at his beach sans stockings as well as skirts."  
"It is absurd to expect a woman to go swimming with a regalia sufficient to keep her warm on the coldest day," says Dr. Hudson. "I think the fewer clothes a woman wears, the better off she is, as long as she conforms with the ideas of decency. The howls for more clothes for women swimmers is the result of overzealous critics."
