

TRAMPS 478,000 MILES IN 14 YEARS

For 14 years Julius Rath, a St. Louis newsboy, has been trudging over the face of the earth. He was selected in 1897 by the St. Louis club from among 100 newsboys to undertake the contract of walking 500,000 miles in 18 years.

"I left St. Louis 14 years ago without a penny," he said. "I had a suit of overalls, a cap, a pair of shoes and a dog. The conditions of our agreement is that I shall walk 500,000 miles in 18 years, shall neither work, beg, steal or borrow, but at the end of the 18 years I must return with \$1000 in cash. If I am successful I am to get \$30,000."

Rath says he has never attended school a day in his life. When asked if he was not anxious to get back to his old home he replied:

"Yes, my father has died and my brother has been killed since I left. I received word that my mother is in the hospital. But I don't suppose I will ever be contented to settle down any place. The wanderlust in me is too well cultivated."

He now has with him his fifth dog, four others having worn themselves out tramping. The dog was given him by an Eskimo at Cape Nome, Alaska.

In each city he visits he is required to secure the signatures of the mayor, city clerk and chief of police. He has filled 251 books with these signatures. Among the notables who have given him their signatures are Queen Victoria, King Edward, the late President McKinley and ex-President Roosevelt, and Admiral Togo.

He has filled 500 books with the events of his life which have been sent to the board of education of Washington, D. C., to be placed on file. He has worn out 484 pairs of shoes. He expects to end his walking expedition at San Francisco at the Panama exposition in 1915.

SAYS MEN STAND TO LOSE BY STRIKING

J. M. Davis, general superintendent of the Pacific division of the Southern Pacific, said yesterday that he does not believe there will be a strike of men employed by the Harriman lines.

"When I came north there were no serious indications of a strike," said Mr. Davis, who came to Portland to testify before Commissioner Franklin K. Lane of the Interstate commerce commission in the Southern Pacific rate cases.

"The best reason why there should be a strike and be probably will not be a strike of the men on our lines is that we pay no a higher wage scale than is paid almost anywhere else.

"I have never believed there would be a strike, because I believe the men stand to be more injured than the railroad."
