

## COKE RECALL DEAD; INTEREST IS LOST

Constituents Now Believe if Coke Erred, He Did So in Good Conscience.

(Special to The Journal.)  
Roseburg, Or., Sept. 6.—The movement for the recall of Judge Coke, which was instigated shortly after the McLallen murder trial last May, seems to have lost interest. Although shortly after the movement was started it was the sole topic of discussion in this part of the state, it is now seldom mentioned and is probably discussed more in Portland than here.

Judson King, who was here recently investigating the recall, found that while many believe Judge Coke erred, it was considered a conscientious blunder without ulterior motive, therefore not a case that would justify a recall. A large percentage of the citizens of this district have taken this attitude.

The work of circulating the petitions has been temporarily suspended because of the illness of Attorney E. L. Cannon, who is managing the campaign. Mr. Cannon has been confined to his bed for some time with typhoid fever.

It is said the petitions contain about 3000 signatures at present. Over 4000 signatures are required before an election can be called. Lack of funds with which to circulate the petitions, it is said, is not the cause of the present inactivity, but the movement seems just to have lost interest.

The excitement from the McLallen trial having died down, the people have had time to think the matter over thoroughly, and have apparently decided that the recall is not justified in this case.

### Club Women Prepare Program.

(Special to The Journal.)  
Roseburg, Or., Sept. 6.—The visiting delegates to the annual convention of the State Federation of Women's clubs, which will be held in Roseburg, October 17, 18 and 19, will be well entertained if the present plans of the women of Roseburg are carried out. The women have outlined a general program of entertainment, and appointed committees to have charge of the arrangements for their entertainment. Indications are that the convention will be largely attended.

### Eastern Klicikat Grass Scaled.

(Special to The Journal.)  
Sundale, Wash., Sept. 6.—A soaking rain for the past 24 hours has stopped all threshing in this part of Klicikat county. No damage is likely to occur and great good to pastures will follow. With 76 of an inch this early in the month, compared with 20 in 1909, and 22 in 1910, during the same month, the hope is felt that the rainfall, which for three years has been light, will again return.

### Want Ohio River Improved.

Cincinnati, Ohio, Sept. 6.—"Nine-foot stage from Pittsburg to Cairo all the year round" is the slogan of the 2000 delegates from the commercial bodies of Ohio valley cities to the annual convention of the Ohio Valley Improvement association, which opened in Cincinnati today.
