**Run to Cover** When I began my advertising campaign against the quacks and fake doctors, some of the "specialists" seemed to take offense at my statements. No doubt "the shoe pinches," or they would not try "to coverup" by boldly announcing their methods of doing business and trying to convince the unsuspecting public that they are the only legitimate specialists in Portland. I repeat, I am the only LEGITHATE EXPERT specialist in Portland, who owns his office and equipment, advertises his full and correct name, publishes his recent and true photograph and personally conducts his office. I do not hide under a false name nor publish a false picture, nor make a false statement of any kind.

My services should not be compared with the quacks

My services should not be compared with the quacks and fake doctors who advertise one thing and do another—who promise impossible 5 day cures—who are often compelled to pay some unfortunate doctor a few dollars for the use of his name which is put forth in brazen letters as THE specialist of the office—who boildly advertises to "guarantee cures or refund every dollar paid," and many other schemes to get patients into his office and who, after getting his patient's money and dosing and drugging his system for weeks and months, turns him out minus his money, ruined in health and not a dollar refunded. These "specialists" depend solely upon false promises to get their business and hire inexperienced doctors to consult, examine and treat their patients. In offering my services to the afflicted—the result of 18 years' experience in aliments of men—I am giving you the BEST that can be had anywhere. My reputation for the past 18 years can leave no doubt as to my ability, honesty and integrity and should be sufficient to convince the most skeptical that I am the FOREMOST and LEADING Specialist in Portland. I do not make false promises. I possess skill and experience acquired in such a way that no other can share it and should not be classed with the specialist who attains the name specialist—and name only—after a few months' experience.

A thorough investigation should be made by every alling man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desired to be cured. I make no misleading statements or unbusinesslike propositions; neither do I desire to be particularly independent. I would like to have you for a patient if you will come to me on a strictly professional basis, accepting inducements that I offer, which are my ability, 18 years' successful experience, time-saving treatment and cure of certain diseases.

VARICOSE VEINS I daily demonstrate that Varicose Veins can be cured in nearly all cases by one treatment in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly reestablished, instead of the depressing conditions.
