**Sailor Turns Headst.**—William Garnett, a diminutive Austrian sailor, driven by extreme cruelty to desert his ship in San Francisco, found worse luck when he arrived in Portland. For three days he walked the streets hungry, and last night he attempted to hold up two women at Seventh and Madison streets, from whom he secured a few pennies, and then became so dazed at his bold deed, that he stood without resistance when held by a policeman and arrested. The man Porter and arrested the man Garnett. The affair has been taken up with the British consul and it is likely that charges against the sailor will not be pressed, but he will be returned to Manchester, England, from where he sailed on the first boat leaving here. The boy is but 17 years of age and is extremely small.

**Bishop Seeding.**—Bishop Seeding's fifth anniversary as bishop of Oregon was celebrated Friday, the feast of St. Michael and All Angels. Early services were held in all the churches, and a meeting of the city clergy was held at the pro-cathedral of St. Stephen, at which the opportunities for city mission work were discussed. The bishop entertained the clergy at luncheon, served in the parlor of the Imperial hotel. On behalf of the clergy, the Rev. William Powell, the oldest priest in the diocese, congratulated the bishop and outlined what had been accomplished during the last five years.

**Says Condition Sanitary.**—D. T. Van Tine, principal of the Buckman school, takes exception to the published statement that the drinking places and toilets of the Buckman school were found to be unsanitary and unclean by Dr. Calvin S. White, the state health officer, when he recently made a tour of inspection of all the public schools of the city. "These places are as clean as they can be made," said Professor Van Tine. "The criticism of them seems unjust to me. I did not see the state health officer when he was here, and if he had any fault to find he did not report it to me."

**Pipe Causes Explosion.**—While M. D. Hawse, a painter at 192 Union avenue, was washing the overalls in some inflammable concoction, at 10 o'clock last night, he lighted his pipe and an explosion followed which resulted in a blaze and a fire alarm being turned in. The blaze was extinguished before the department arrived.

**Shippers and Transportation Companies Attention.**—We are prepared to execute on favorable terms the new bonds required by the trustees of the various railroads to secure the payment of freight charges. To avoid penalty action should be taken at once. James M. Wood & Co., Railway Exchange Building, Phone Main 47, A-1901.

**Building Inspector Deputies.**—Mayor Rushlight this morning appointed A. S. Loepsch and Guy Thornton deputies in the office of building inspector. The men headed the eligible list furnished by the civil service for vacancies in the position to which they were appointed. The mayor appointed N. R. Crounce assistant clerk of the municipal court.

**Clock Witness Against Man.**—In order to convince the court that the saloon was open after midnight, according to

### QUOTH THE PESSIMIST

"If the mayor wants to find out how I run the city, he ought to go around some of them cheap boardin' houses infested by loafers."

The clock in the place, Patrolmen Gill and Griffith, who at 12:15 a. m. yesterday morning arrested N. J. Borglund of Front and Salmon street and took the clock from the wall as evidence. Six men were in the saloon drinking with the proprietor when Gill and Griffith walked in. The six men were lined up by the two patrolmen and compelled to walk across the floor and those who were able to walk along a crack without getting their feet tangled were allowed to go. Of the six, but two could make the test and the others were arrested for being drunk. This morning Borglund was fined \$100.

**Thief Looked In.**—A thief whom it is believed was locked in the Acme cafe when the place was closed last night, robbed the cash register of \$18 and made his escape. Thomsen and Mahorn, proprietors of the place, reported the robbery this morning.

**Want Streets Vacated.**—The park board today filed a petition to the city council asking for vacation of a dozen more streets that would, if opened, run

through Mount Tabor park. As the city owns more than two-thirds of the property on both sides of the streets, the property will become part of the park when the vacation ordinance is passed.

**Entruder Try Window.**—Faith Henderson of 1571 East Thirty-first street reported to the police this morning that a man attempted to climb into her room through a window, but because a chair was in the way and rattled as the intruder attempted to raise the window, she awakened and frightened the man away.

**Burglar Breaks Window.**—An attempt was made early yesterday morning to invade the home of E. T. C. Stevens of 787 Hoyt street, but the noise awakened the young son of the family and he spread the alarm. An investigation showed that a basement window had been broken in but the prowler departed without searching for loot.

**Rowdies Stone Car.**—The crew of the Brooklyn car No. 51 reported to Patrolman Sig Meyers at 10 o'clock last night that four men had stoned the car at Grand avenue and Grant street and the patrolman was asked to make the next trip and root the rowdies if the attack was renewed. Four men were in the gang, according to the conductor.

### PRESIDENT STARTS WEST: BIDS OMAHA FAREWELL

Omaha, Neb., Oct. 2.—President Taft started westward today at 10:30 o'clock. Despite the rainy weather, a large crowd was at the station to wish him farewell.

### AUSTIN RESCUERS HINDERED BY RAIN; RECOVER 36 DEAD

(Continued from Page One.)  
 year-old son, who became entangled while playing near a barbed wire fence. The residence of M. McCloskey, undermined by the flood, toppled over, making three complete turns and taking Mrs. Mansuy and her boy in its wake. None of the occupants of the house were hurt.

The body of Mrs. George Rantz, clapping that of her baby, was found

three miles from here today. An inquest will be held tomorrow.

Austin has twice been destroyed prior to the great disaster. Structures examining the wreck of the dam testify that the town probably never will be rebuilt.

Only a cement walk, two blocks long, remains of the town of Austin today. Foundations of residences are obliterated and dozens of freight cars, loaded with paper from the Bayesian mills, are in tumbled heaps miles down the valley. All liquor has been dumped into the creek to keep it from inebriating who might start to loot the ruins.

Mass was celebrated today by Rev. Father F. W. O'Brien in the house of Dan Collins, on the hillside above the pathway of the torrent. A man of 40 is dead today as a result of the mental strain he underwent. He arrived yesterday, found that all his family were dead, wandered aimlessly for some time, and then took his life.

When the water struck the residence of J. Van Lawler, the father grabbed his youngest child, the mother seized an older child. The father and baby survived, but the rest of the family is among the missing.

W. G. Robinson, night watchman at the paper mill, was standing at a four story window when the water came. A moment later he found himself standing in the first floor of a tailor shop across the street.

### STEEL SPAN WILL BRING TRADE ACROSS OWYHEE

Vale, Or., Oct. 2.—The Coast Bridge company of Portland, has received the

contract for supplying the steel and other building material for the new steel bridge to be erected next summer over the Owyhee near the Watson school house. The steel will cost \$2100, and will arrive in Vale next May, when the ranchers of the Watson and Red Butte districts, 25 miles south of this city, will haul the material to the bridge site free of charge. Work will be started in July, when the swift Owyhee has lowered. Engineer A. E. Fox of Boise will supervise the building of the span for the county.

### GAS IN YOUR STOMACH NOT ALWAYS DYSPEPSIA—IT'S NERVOUSNESS

Your Nerves very often make your Stomach Irritable. It refuses to work; food does not digest and Gas forms. That's one kind of Dyspepsia, the Nervous kind, and this kind you can cure only by a Remedy that acts directly on the Stomach Nerves. Balmann's Gas-Tablets do this to perfection. They are made especially for Gas. They act on your Stomach Nerves, they quiet the irritable, rebellious gas forming Stomach, and not only relieve, but cure Gas permanently. Really it seems a pity if you suffer from Gas in the Stomach and Bowels not to try Balmann's Gas Tablets. These peculiar tablets are sold for \$50 a bottle by nearly every druggist. If not in stock tell him to get them for you from his wholesaler, or send \$50 in silver, stamps or money order to Balmann's Pharmacy, 140 Sutter street, San Francisco.
