

JAMES J. HILL WILL OPEN CLARKE FAIR EARLY TOMORROW

Louis Hill Does Not Say if North Bank Will Be Electrified From Vancouver to Portland, Referring to Gray.

(Special to The Journal.) Vancouver, Wash., Oct. 2.—The second annual Clarke county harvest show will be opened in person by none other than James J. Hill. The invitation was extended to Mr. Hill and his son, Louis Hill, president of the Great Northern, by a representative of the Clarke County Fair association.

The Hill special arrived over the North Bank at 8:15 o'clock last night, and stopped a few minutes at the local yards, while the switch was made to the Northern Pacific tracks, to Seattle. A number of business men and newspapermen boarded the train in the yard, and were received most cordially by Louis Hill.

"Dad is not feeling very well tonight," he explained, "as he took cold a day or so ago on the trip, and he did not expect to see anybody in Vancouver, so he has gone to bed."

"Yes, we will be pleased to go to the Clarke county fair, and will come back Wednesday morning at 10 o'clock, and then I will be in the city for the rest of the week. I have nothing to do with that Mr. Gray is the man to see. James J. Hill must be in Springfield, Ill., by October 11, and as he has much to do in that time, he will be kept very busy."

Louis Hill was dressed in high topped shoes, negligee shirt, broad brimmed tan colored hat, and a rough suit of clothes, well fitted for traveling in the central Oregon country through which they have passed.

STUDENT GOVERNMENT WINS SO FAR AT O. A. C.

(Special to The Journal.) Oregon Agricultural College, Corvallis, Or., Oct. 2.—The first week of college work has passed without a single instance of hazing and student self government has thereby successfully passed its most critical and trying period. When the system was inaugurated last year it was predicted that it would certainly fail during the first days of the college year when students were just returning to the institution after the long vacation and when they were considered particularly ungovernable.

CAPTAIN HAINES FREED; HIS FATHER MEETS HIM

(United Press Leased Wire.) Ossining, N. Y., Oct. 2.—Captain Peter C. Haines Jr., sentenced to the penitentiary for manslaughter in connection with the shooting of William E. Annis, whom he accused of violating the sanctity of his home, was released from Sing Sing today. His father, General C. Haines, accompanied him to the family home.

"Ninety-Three" The Story of a Famous Name and How It Originated.

The foremost dermatologist in France, Dr. Sabourand, of Paris, and Professor Unna, Hamburg, Germany, discovered that a microbe caused baldness. To prove their theory, Dr. Sabourand injected a guinea pig with some of these microbes and in comparatively short time the animal was denuded of every hair that was on its body.

Some eminent histologists and chemists were employed by the United Drug Co., Boston, Mass., to find the means of destroying these microbes and a remedy that would create a new growth of hair where the hair roots had not been entirely destroyed.

Clarke County's Harvest Festival Opens Tomorrow

Main pavilion of Clarke County Fair, at Vancouver.

(Special to The Journal.) Vancouver, Wash., Oct. 2.—Buildings for the second annual show of the Clarke County Fair association are completed for the big event of October 4, 5 and 7. Exhibits are coming in and the big building for them, which is 200 feet long and 74 wide, will be crowded.

The fair association has put up substantial buildings and improvements, to cost more than \$4000 for the first year. The first harvest show was given in the city last year, and the attendance was above 30,000. The farmers and fruit growers and livestock men were themselves surprised at what had been accomplished, and this year, with the grand start of last year, and encouraged by the county commissioners, who appropriated \$2000 for premiums, in addition to what has been given by the business men and individuals—\$5000 in all—a much better exhibit will be made.

It is expected that not less than 40,000 people from Clarke county, Cowilla, Skamania, southwestern Washington, Portland and Oregon, will visit the great harvest show here this year.

On Wednesday, the opening day, the fair will be visited by the Admen's club of Portland, which will take lunch on the grounds. It has a program of stunts it will pull off during the afternoon.

Thursday is reserved for newspaper men from southwestern Washington and Oregon.

Friday is the Portland Rotary club's day, and also the day for the Sunday school convention of Clarke county.

All the public and Sunday school children of the county will be admitted free of charge on Friday and there will be children's games, pony race, merry-go-round and many amusing things for them to do.

The Iowa club will be organized in the pavilion on Friday afternoon.

Saturday, Portland day, Portland Automobile club day, will bring the largest attendance, no doubt. The Commercial club of Portland for the past several days has been putting little slips announcing the Clarke county fair at the plates at lunch time in the club.

The Portland Automobile club will come over, as many as can, in machines, and parade around the field.

The Portland Railway, Light & Power company has put 200 cards on the ends

of the Portland streetcars, advertising the fair. The Northern Pacific and the Spokane, Portland & Seattle railroads have given reduced fares on the main lines from Chehalis and Centralia on the north, and Clifton, Lyle and Goldendale on the east, and all intermediate points. The fare will be one and one-third fares for the round trip.

There will be six bands, all from Clarke county. The bands from Vancouver, La Center, Camas, Washougal, East Mill Plain and Ridgefield will furnish music all day and during the evening. The fair grounds will remain free and happy. There will be daily balloon ascensions and parachute leaps, a merry-go-round for the children, pony show, a large dance hall and fine floor, a wild west show, free, greased pole climbing exhibitions, and a string of amusements from an amusement company.

An aviation wedding will be held on Saturday afternoon, when Henry Claassen will marry Miss Nina Stanley, Rev. H. S. Templeton of the First Presbyterian church, officiating. The couple will be given enough furniture to start housekeeping at once.

Claims of the Blake-McFall company and the Pacific Paper company for damages sustained by the breaking of a water main on Fourth street were not allowed. The main is said to have been broken by the vibrations due to the passing of Southern Pacific trains.

CHARGES OF FRAUD IN LAND CASE DENIED

Denial of all charges of fraud in the acquisition of land now held by the East Side Land company of Marshfield is made in an answer filed in the United States court in the case of Christian Herrmann against that company, John F. Hall, L. D. Smith, Henry Sengstaken and others. The land formerly was owned by Dora Herrmann, wife of the plaintiff, and was sold through John F. Hall, her attorney in fact, while she was in Germany. Hall became administrator of her estate after her death, and it was alleged he took advantage of his position to sell the land for an inadequate price and to take some of it for himself.

The answer denies Hall, and says the price of \$4400 received for the land was all it was worth in 1905, when it was sold, and was even more than Mrs. Herrmann had offered to take. Hall says he consented to take a very small part of the land after the deal had been made.

This Husband's Troubles. (United Press Leased Wire.) Los Angeles, Oct. 2.—After quitting his job to get married, H. Dubler, 26, a bridegroom of a day, awoke today to find himself minus wife as well as position.

CITIES OF VALLEY WILL HEAR TAFT

(Salem Bureau of The Journal.) Salem, Or., Oct. 2.—For the purpose of looking into the details of the arrangements made for President Taft's stay in Salem, L. A. Connell, a secret service man and advance agent for the president, spent the day here yesterday going over the city with Congressman Hawley. Careful arrangements were made for police regulations against cranks or assassins.

15 Minute Stops Now Scheduled at Chief Places Between Salem and Portland.

It was announced yesterday afternoon that Taft would make 15 minute stops to speak at the leading Willamette valley cities south of Salem, including Albany, Roseburg, Grants Pass, Eugene, Medford and Ashland. He will arrive in Salem early and leave at 11 o'clock a. m., giving him a good opportunity to see the people of western Oregon on his way southward. Connell is in Portland today after the arrangements there. Congressman Hawley will board the Taft special at Vancouver, Wash.

REPORT TIMBER BEING CUT ON THE BULL RUN

The city water board, at its meeting yesterday afternoon, instructed Superintendent Dodge of the water department to investigate a report that homesteaders on the Bull Run reserve are cutting timber and thereby endangering the city water supply. The city council recently adopted a resolution, asking the board to buy several claims on the reserve in order to prevent the cutting of timber.

The board awarded a contract for 500 fire hydrants to the Caldwell Machinery company for \$19,310. Hoge & Swift submitted a lower bid but did not guarantee as fast a delivery as the other firm. The board will probably take steps to obtain dockage facilities on the water front for the receiving of large shipments of supplies that come by water.

CLAIMS OF THE BLAKE-MCFALL COMPANY AND THE PACIFIC PAPER COMPANY FOR DAMAGES SUSTAINED BY THE BREAKING OF A WATER MAIN ON FOURTH STREET WERE NOT ALLOWED.

The answer denies Hall, and says the price of \$4400 received for the land was all it was worth in 1905, when it was sold, and was even more than Mrs. Herrmann had offered to take. Hall says he consented to take a very small part of the land after the deal had been made.

THIS HUSBAND'S TROUBLES.

(United Press Leased Wire.) Los Angeles, Oct. 2.—After quitting his job to get married, H. Dubler, 26, a bridegroom of a day, awoke today to find himself minus wife as well as position.

With tears streaming down his cheeks Dubler appealed to Assistant District Attorney Shannon for a complaint against "John Doe" for stealing his wife. Dubler says he married a widow named Mrs. Pearl Miles, aged 48, and alleges that while he was away buying furniture with which to set up housekeeping his wife went away with a man 26 years old.

SOLDIER, SLINKING NEAR MAGAZINE, SHOT DOWN

(United Press Leased Wire.) San Francisco, Oct. 2.—Shot, fatally, it is believed, while stealing toward a powder magazine at the Presidio yesterday, Private W. McKenzie, Twenty-fifth Coast artillery, is not expected to survive. He was close to the "Explosive IF" magazine when he was shot by a sentinel. It is now said that a for-

sign power had instigated McKenzie to obtain a sample of the famous explosive, which is supposed to be more powerful than other kinds possessed by the nation. A similar attempt was made by a private of a company at New York last August.

McKenzie was not in uniform when shot. No incriminating papers have been discovered among his effects as yet.
