Been Brisk Throughout the Week.

> Sortland Wholesale Market. loffes market very firm. Poultry market continues weak. Butter and cheese firm. Egg market steady. Vanl and pork firm. Potatoes sell for shipping. Fish new pientiful.

Business on Front street has been brisk all week, and all lines excepting pouttry are cleaning up well. The pouttry market has been somewhat weak for several days owing to heavy receipts and an urdinary demand. Commission men look for a better movement next week, and it is expected the stock now on hand will be pruity well cleaned up by the und of the week unless receipts become abnormally heavy. The demand for ducks is not very brisk, but young ones command from the to 160, while old bring about 160. There are no guesse in the market, nor have turkeys begun to come in yet.

COFFEE MARKET STRONG

The consumption of coffee appears to be increasing at a rapid rate for coffee prices are steadily climbing. It was announced this morning that Arbuckis coffee had advanced a cent per pound, bringing it to like whereas under normal conditions it would be about 12c. While the one cent advance is of no great importance, it is significant in that it illustrates the trend of the coffee market, which has been climbing steadily for a year or more.

FISH NOW PLENTIFUL

Wholesale fish dealers report all kinds of fish plentiful, but rasor clams are still out of the market because of the hief tides and stormy weather that has prevailed for some time. Crabs are now in season and plentiful.

POTATOES FOR SHIPPING

Oregon potatoes are now being bought for shipping, and it is said that dealers pay a cent a pound for fancy shipping stock. The price on Front street to re-tailers is \$1.25 per hundred, and the market is reported firm.

GRAPES SELL WELL

The movement in grapes has been active all week, and while yesterday stocks, were large, the sales of this morning cut a deep hole. Receipts from California will probably be light for the next few days on account of the heavy rain in the grape growing districts in California a few days ago. The wet weather interfered with picking.

CAULIFLOWER RECEIPTS

Receipts of cautiflower were more liberal today than for some time. The heads are quoted at \$1.26 a dozen. Cabbage is moving slowly. Celery and lettuce of fine grade are now to be bad.

APPLES AND PEARS

Apples and pears of ordinary quality are being quoted on Front street at prices ranging from 75c to 22, according to quality size and color.

FORECAST FOR SHIPPERS

Protect shipments as far north as Seattle against minimum temperatures of about 50 degrees; northeast to Spokane, 50 degrees; southeast to Boise, 35 degrees; south to Siskiyou, 25 degrees, Minimum temperature at Portland tonight, about 52 degrees.

The judge inspected public buffdings at St. Faul, St. Louis, Chicago and other places where he had a chance, and returns very proud of Portland's new county building. Much attention was also given to road building, and the judge was driven over many miles of highway in order to gather ideas of how roads are being built in the middie west. He says Illinois is behind in this respect, but that Missouri and Indiana are doing excellent work. idea gained, he says of great value-how to build the highways not traveled extensively as cheaply as possible -is to macadamize about 12 feet in the center. This, with sufficient grading, makes a spiendid thoroughfare.

The real object of Judge Cleeton's trip was to visit his father, who is so years old, and lives at Lancaster, Mo.

We have made arrangements with the Meier & Frank company for a series of lectures and demonstrations on the economical uses of gas, conducted by Mrs. Edna Howard Baker, an expert in the culinary department and on the uses of gas. These lectures and demonstrations will be held at the Meier & Frank store on Tuesday and Friday afternoons, on the fourth floor, Fifth street side in the stove department, beginning October 3 and continuing until further

The ladies are cordially invited to attend these lectures, as we feel that a great deal can be learned from the lectures and demonstrations on the economical uses of gas for cooking. Should you have any trouble with your gas range and not be able to get results, Mrs. Baker will call by appointment and go into details, explaining and demonstrating how to operate your gas range to get the best results, also prepare and cook on the gas range some special dish that you have been unsuccessful with.

Mrs. Baker's services are free to our customers. Call Main 6500 and ask for the Demonstrator.
