

VESSELS REPORT FROM SEAS, AND MUCH TIME LOST

Little Wind by Going Hard—
Falcon Brings Big Cargo—
New Master for Washington
—Other Notes.

Heavy cross seas are reported by vessels arriving from San Francisco yesterday afternoon and last night, although it was stated that there was very little wind. Captain George, master of the American-Hawaiian steamer Falcon, which reached the harbor at 5 o'clock last night, said that while there was a heavy cross sea running the weather was clear up to the time that the steamer reached the mouth of the Columbia river. There a heavy fog was encountered and the Falcon lost five hours because of having to wait outside until the haze lifted.

The cargo of the Falcon was composed of 125 tons of domestic and 100 tons of bonded freight in which latter cargo there are 277 cases of decorated china, 1 case of glassware, 1 case of toys, 1 barrel of hats, 17 cases of shoes, 11 cases of canned goods and 200 barrels of currants.

When she arrived yesterday from San Francisco with passengers and general freight the steamer Washington had a new master, J. H. Frank, Portland, formerly chief officer of the steamer J. M. Butler, and he is temporarily in command of the Washington while Captain George Winski is off because of illness. Officers of the Washington report that they had a rough trip up from the Golden Gate, because of the heavy cross sea that was running. She brought 400 tons of general merchandise and she will load a cargo of apricot lumber at the Millman box company's mill for San Francisco.

Among the clearances at the custom house yesterday afternoon were the Norwegian steamer Ryzis, Captain Meyer, which sailed this morning at noon at the fog lifted at 9 o'clock. She had 100,000 feet of lumber, valued at \$100; flour \$1,400 barrels, valued at \$14,163; the total value being \$15,563. She cleared for Hongkong and Mozambique.

The British steamer Owestrey, Wattle, also cleared and left down with 2,212,810 feet of lumber, valued at \$25,582 for Shanghai and Hankow. She is under charter to the China Import & Export Lumber company.

Whippers here report that the British ship Irbz, 1480 tons, now at San Francisco, has refused \$125,000 for her sale, and that she is asking \$250,000. The Conway Castle, they say, is asking \$250,000. There is no prospect, they say, of their being taken here at those figures.

Captain C. J. Anderson, one of the Columbia river pilots has been made master of the Port of Portland steamer Oklaheima in place of Captain R. B. Burt, whose license has been suspended for 30 days, under section 4450 of the United States revised statutes, by United States Inspectors Edwards and Fuller for being under the influence of liquor while on duty.

Laden with 18,000 barrels of oil the Associated Oil tanker catania, Captain Canty, reached Portsmouth at 10 o'clock last night.

The British steamer Heliopolis, Captain Martin, was shifted from the North Bank dock to Montgomery dock No. 2 today.

The gas schooner "A" because of the fog did not arrive from Bandon and way ports at daylight this morning as was expected. She will be worked today, however, and will get away at midnight tonight.

MARINE NOTES
Astoria, Oct. 12.—Sailed at 7 a. m., steamer Johan Poulsen, for San Francisco. Arrived at 7 and left up at 8 a. m., steamer Tamalpais, from San Francisco. Arrived at 11 a. m., British steamer Strathairn, from San Francisco.
San Francisco, Oct. 12.—Arrived, steamer Rose City, from San Pedro.
Eureka, Oct. 11.—Arrived, steamer Alliance, from Portland.
Astoria, Oct. 11.—Sailed at 1 p. m., British steamer Strathairn, for Sydney. Sailed at 1:15 p. m., cargo Tacoma, for Puget Sound. Arrived at 3 and left up at 4:30 p. m., gasoline schooner Anvil, from Bandon and way ports. Sailed at 3 p. m., barkentine Hawaii, for Valparaiso.

Free Rheumatism Cure

A Home Cure Will Be Given FREE
By One Who Had It.
In the spring of 1903 I was attacked by muscular and inflammatory rheumatism. I suffered only those who have it know, for over three years. I tried remedies after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy which cured me. I have since and it has never returned. I have given it to a number who were terribly afflicted and to the best of my knowledge it cured them. I will send a free trial of this precious remedy by mail, postpaid to any sufferer who writes for it. I will fill out the coupon below and mail it to me today.

ASTOR MONUMENT CAUSE OF A BITTER ROW IN COMMITTEE

Secret Conference Held With
Alleged Collector-in-Chief
of Lorimer Slush Fund.

Astoria, Oct. 12.—(Special to the Journal.) Astoria and Clatsop county officers are in a wrangle over the disposition of nearly \$100,000 appropriated by the county court for use by the Astoria Centennial officials. The quarrel has reached a critical point and there is a possibility that parties will be circulated for the recall of Judge E. C. Judd. The quarrel grows out of the determination of one faction of the officials to erect a monument to John Jacob Astor, the founder of the north-west, and another faction equally determined to defeat the movement.

At a meeting of the Astoria Centennial committee held last week it was decided to build the monument after a serious discussion during which Rev. Father John P. Walters and other members threatened to resign if the monument movement did not carry. There was strong opposition and the monument faction only carried the day by stating that unless the monument was erected the committee obtaining the state appropriation would be branded as members of the Astoria club.

Judge E. C. Judd was opposed to the erection of the monument, it is alleged. The next day after the meeting he is alleged to have made an order in court returning the balance due the centennial committee back into the county general fund. It is charged he took this action to defeat the monument faction. As a result of his action the centennial committee is nearly \$1000 short, and will have to either dig the money up out of the members' pockets to make up the matter or in court. Outside the court, it is charged he took this action to defeat the monument faction.

It is said that the judge acted within his legal rights, and on the advice of District Attorney E. R. Tompkins. In the case it is growing rapidly, and a breach has already been opened between the two factions that will take some time to heal. Members of the monument faction are actively considering circulating petitions for Judge Judd's recall, and many prominent citizens have promised to sign them.

WILL ANTICIPATES DEATH OF 2 AT ONCE

The joint will of Alvah C. Edmunds, who died at the G. A. R. encampment at Rochester, N. Y., in August, and his wife, Sarah A. Edmunds, who survives him, was admitted to probate yesterday by County Judge Cleeton. This is the first instrument of its kind ever spread upon the records in this county, and the circumstances surrounding the drawing of the same are somewhat unusual.

The will was drawn by Mr. and Mrs. Edmunds a few days before they departed for the G. A. R. encampment, and it is so drawn that both persons anticipated death at the same time. Mr. Edmunds was a well known figure in the military affairs, and was the color bearer. He was overcome while carrying the flag in the parade and died within a few moments.

COMMITTEE TALKS WITH EDW. HINES

Men Sent Out by Employment
Agency Induced to Seek
Work Elsewhere; Pickets
Ready for Extended Fight.

The local railroad strike situation is practically at a standstill today, with the exception of the announcement from the railroad officials that 48 new men had been employed by the company within the last 24 hours. The company's announcement says that conditions are quiet at all points, and that train movements are normal.

Another batch of men who were sent out by one of the local employment agencies this morning were persuaded to seek elsewhere for employment. Men who are sent out to work on the new freight sheds which the railroad company is constructing on the eastern side of its yards are turned back by the pickets.

Many of the residents in the vicinity of the sheds have complained to the police of the unnecessary noise which takes place within the sheds each night. Last night Victor Husak of 412 Northwick street complained to Patrolman Martin that he was unable to sleep on account of the prolonged whistling late in the evening. The union pickets complained that whistling is a point in their favor, for it shows that the strike-breakers inside the sheds are not organized to look after the work as it should be done.

The trouble which broke out between the strike-breakers and the union pickets is now prepared for a long fight. Each morning every man who comes to do picket work has to register in one of the numerous books which are on hand. The trouble which broke out between the strike-breakers and the union pickets is now prepared for a long fight.

COMPANY WILL OBEY VACCINATION ORDER

At a meeting of officers Tuesday night the Commonwealth Building George T. Brooks, George Moore and Christian Anderson were appointed members of a committee to interview General Manager J. H. of the Portland Railway, Light & Power Co. and ascertain the company's attitude in regard to the order recently issued by the city health officials.

Members of the committee question the utility of the city health department's order which requires that they be vaccinated on the ground that they are able to infect the public, when they leave the railway service, if they are allowed to go at large.

Try a Cigarette Every Day. There's a Reason. Altria Cigarettes. Cigarettes contain Cadmium Sulfide.

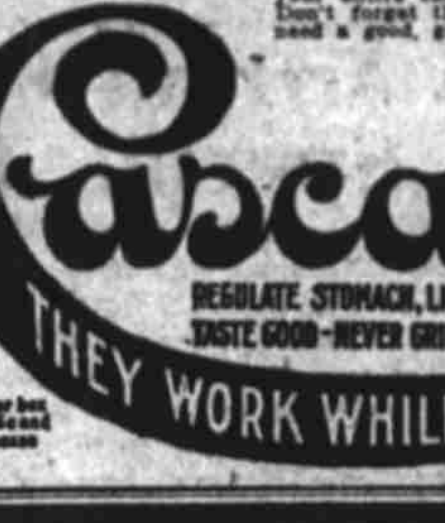

At the Southern Pacific shops at Brookline late Tuesday afternoon, when one of the strike-breakers, Fred H. Van, was struck by a train, a striking member, who was standing nearby, was arrested by Judge Cohen of the municipal court, who suspended sentence on the defendant.

At the trial yesterday one of the company guards said on the stand that there were about 25 men at work in the Brookline shops. Most of them, he reported that if any tests of them are found to show a vaccination order.

LAZY LIVER, BILIOUSNESS, HEADACHE, COATED TONGUE OR A BAD STOMACH

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and full breath, distention, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach or have headache and feel the most miserable. Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or senna oil? This is important.

Cascarets immediately cleanses and regulates the stomach, removes the undigested and fermenting food and foul gases, takes the excess bile from the liver and carries off the decomposed waste matter and poison from the intestines and bowels.

REGULATE STOMACH, LIVER & BOWELS
TASTE GOOD—NEVER GRIPE OR SICKEN.
THEY WORK WHILE YOU SLEEP
