My Dear Sir:

Mr. Roosevelt desires me to thank you for your kindness. He much appreciates your attention.

Frank Harper

Secretary to Mr. Roosevelt.

There is a notable increase in my business. I expect it from the class of work I am doing. I do not expect to get all the optical business in the city, any more than one physician could obtain all the medical practice, but my aim is to secure patronage enough to keep me reasonably busy and to give such satisfaction that my institution will be indelibly fixed in the minds of those who desire the best at moderate charges.

It is very gratifying to note that much of my patronage recently has come from parties who have been recommended to me by pleased customers. Hence I want more customers to please. All the work, from the examination of the eye to the finished lenses and fitting of glasses is done under my personal supervision. Knowing that the work is right, I do not hesitate to guarantee satisfaction. Hours 9 to 5:30. Closed Sundays.

From Elbert Hubbard

Dear Brother Thompson:

The glasses are perfect. They fit my eyes and my nose. They are quite the most satisfactory of any that I have ever worn. Love and blessings ever from,

Your obliged and sincere,
Elbert Hubbard
