An Astonishing Value

The character of an article does not determine the price with us. We sell kitchen chairs and mahogany furniture on a uniform percentage of profit. As an example we point to this Turkish Rocker at \$16.95. We are satisfied to sell it at this price and let you pay for it 50 cents a week. The other stores would be tempted to charge \$25 for it, just because it is a Turkish Rocker.

\$3.95
