

### EMPIRE BUILDER SCOLDS BANKERS

James J. Hill Says Heads of  
Institutions Must Take  
Initiative to Win.

(Called From Lead Wire.)  
Springfield, Ill., Oct. 12.—Bankers of  
Illinois in convention here were scolded  
by James J. Hill last night. The rail-  
road builder's complaint was based  
on the bankers' failure to form a bank-  
ing policy for the country.  
Mr. Hill advised the bankers to take  
up the Aldrich plan and make it their  
own enterprise, free from federal con-  
trol.  
"Shape your own association for your-  
selves, and ask congress for authority  
under wise legislative regulations, where

such may be necessary, to do this thing,  
instead of surrendering your rights as  
well as your obligations for all time to  
a political party," he said.  
"It is doubtful if any plan created by  
law is a controlled financial system  
has great success. At the best it must  
wait for years.  
"The banks will vanish as soon as  
they are compelled to show that every  
dollar of their capital stock has been  
paid for in cash or property such below at  
a fair valuation."
