I am an expert specialist and treat ailments of men
exclusively. I own my own office and equipment and pubexclusively. I own my own office and equipment and publish my own photograph, and personally supervise the treatment of all patients from the time they come to me until I discharge them as cured. Although my time is fully occupied from early morn until late at night in looking after the wants of my patients, and in administering my special treatment for Blood Poison. Varicose Veins and Hydrocele, I always take pleasure in consulting with new patients.

In offering my services to the afflicted—the result of 18 years' experience in ailments of men—I am giving you the BEST that can be had anywhere. My reputation fon the past 18 years can leave no doubt as to my ability, honesty and integrity and should be sufficient to convince the most skeptical that I am the FOREMOST and LEADING specialist in Portland. I possess skill and experience acquired in such a way that no other can share it and should not be classed with inexperienced doctors or specialists.

A thorough investigation should be made by every alling man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical

VARIOUSE VEINS

with these diseases you may have more complications than are presented by any other diseased organ. By my searching illumination of the bladder I determine accurately the disease and by microscopical examination and urinalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

SPECIFIC BLOOD POISON SCIENTIC BLOOD POISON

Scientific treatment only should be used in combating this loathsome disease. I cure Blood Poison by the new German Remedy which I introduce directly into the blood, purifying it, neutralizing and expelling poison from the system. New blood thus formed supplies and rebuilds the tissues in such a way that the patient recovers his normal state of health, strength and soundness.

my DIRECT TREATMENT FOR WEARNESS

That disorder commonly known as weakness has for years and generations baffled the efforts of physicians, yet to this very day a majority of doctors, specialists not excepted, are attempting to overcome

it by methods that have been in constant use and have always failed for half a century. They dose the system with powerful stimulants and tonics, calculated to restore nervous force or strength that is not and never has been lacking, with the result that the functions are temporarily excited to the positive detriment of the patient. Weakness is only a symptom resulting from many local conditions and is curable by local treatment only, without the giving of a single integnal dose, which demonstrates the absolute accuracy of my understanding and treatment of this disorder. In years I have not met with a single failure and I have entire confidence in my ability to cure all cases that come to me for treatment. I am equally certain that no treatment other than that which I have perfected can completely and permanently restore strength and vigor.

NO MONEY REQUIRED TO COM-
