HOLDS NATIONALS
TO FEW POP HITS

Chief Pitches Remarkable Game, While Gothamites Change Twirlers and Catchers—Farce After Fourth.

(United Press Leased Wire.)
Shibe Park, Philadelphia, Oct. 26.—The Philadelphia Athletics are again world's champions. By a score of 13 to 2 the Mackmen today defeated the New York Giants after a game in which the National league leaders were simply slaughtered.

All the craft of Ames, Wiltse and Marquand failed to win the game, but the Athletics, while Big Chief Bender, on the American league team, although scored on in the first inning, held the Giants in the hollow of his hand until the last half of the ninth, when they were virtually presented with a run for charity's sake.

Double Scores Thomas.
In the third inning Lord's double scored Thomas for the first Athletics fly and Lord took third. Then came the sequence play. Bender dropped Wiltse's throw of Collins' grounder and

FORMER MRS. INMAN
NOW COUNTESS CZAKY,
COUNT IS A BANK CLERKNoble and Bride Announce Marriage
in Chicago; He Drops Name of
Smith and Moves Into Apart-
ments Occupied by Wife.(Special to The Journal.)
Chicago, Ill., Oct. 26.—"Countess Maud Howard Bryan-Inman-Czaky" (that is the way it was written today when the former wife of R. D. Inman, lumberman, of Portland, Or., and her noble bank clerk husband made the official announcement that they had been married.)

The count, who has been known as Smith since he came to Chicago, has moved into the apartments at 2508 Lakeview avenue, where his bride has been making her home for some time. His name today appeared in the letter box at the apartment.

Rumors and announcements that the couple were married were circulated in New York some time ago.

PITCHER JACK COOMBS
INJURED DURING GAME(United Press Leased Wire.)
Philadelphia, Oct. 26.—Pitcher Jack Coombs is seriously ill here today from injuries received in yesterday's game in New York. Doctors are in attendance. In the sixth inning Coombs' elbow caught in a hole in the pitcher's box and when he delivered the ball he felt a terrific jar. Despite his pain the Iron Man continued pitching until the tenth inning, when Trainer Chadwick advised him to quit. Physicians say an operation is unnecessary.

MYSTERY SURROUNDS
RAILROAD HEAD'S END(United Press Leased Wire.)
Boston, Oct. 26.—Mysterious circumstances developed today in connection with the death here yesterday of Lowrey W. Goode, aged 55, president of the Cairo & Norfolk railroad. The death was not reported to the police until today, although the body was found yesterday by Lowrey Goode Jr., immediate cremation, requested in a paper found among the dead man's effects, will be delayed.

Many Divorces Caused by Elopements

(United Press Leased Wire.)
Washington, Oct. 26.—Forty per cent of all divorces are the result of runaway marriages, and 20 per cent from marriages wherein one of the persons is under 21, according to district court statistics.FRAUD BY WHICH HUNDREDS OF CHINESE ARE
ILLEGALLY IN U. S. UNEARTHED BY BONHAMPortland Immigration Inspector Discovers System Involving
False Notary Seals, Fake Telegrams and Forged
Signatures; Instances in Portland.(Special to The Journal.)
Astoria, Or., Oct. 26.—After nine years, during which time records in the United States immigration offices have gathered dust while hundreds of Chinese have been unlawfully in the country and obtained a status which makes it hard to deport them, R. F. Bonham, inspector in charge of the United States immigration office at Portland, has unearthed a system whereby Chinese were smuggled into Portland and other coast cities under the very noses of the officials.

The system includes fake notary seals, forged signatures and other documents used by the conspirators to defraud customs officials. It has not been in practice, however, since the immigration service was severed from the customs service in 1908, but before that time it was employed all over the United States. Recently Inspector Bonham received a request from immigration officials in Chicago to investigate the signature of a man named Hutchinson and two witnesses in Portland. A Chinaman was held in detention in Chicago on the belief that he was unlawfully in the country. Mr. Bonham went to Portland, but could find no trace of either the notary or witnesses.

MANCHU PRICES
FREE FROM PEKING
WITH CHILD RULERMembers of Royal Family and
High Federal Officials Hurry
From Capital to Town of
Yit Haw.GOVERNMENT SOLDIERS
PLOT TO KILL GENERALOwn Troopers Plan Assassina-
tion of Yen Tchang, Defeat-
ed Imperial Commander.(United Press Leased Wire.)
Shanghai, Oct. 26.—It is reported here that General Li Yuen Hung and his rebel army is preparing for an immediate advance on Peking. The road to the capital was opened when the revolutionists overwhelmingly defeated General Yen Tchang's imperial forces, and General Yuen Hung has practically easy access to the walls of the capital.

San Francisco, Oct. 26.—In a panic at the unmistakable signs of a revolutionary outbreak in Peking, the Manchurian royal princess with the child emperor and many high government officials are in flight from the capital to the town of Yit Haw, 150 miles away, according to a dispatch received by the Chinese Press from its Hongkong correspondent today.

A plot to assassinate General Yen Tchang, whose force of 20,000 men was badly defeated by the rebels Tuesday, is reported to be growing among the soldiers of his command, which made a feeble resistance to the rebels and is apparently honeycombed with revolutionary sentiment.

A large body of imperialist troops in the province of Qui Chow have mutinied to a man and by casting their strength with the revolutionists, any other cable have gained complete control of the state.

It is reported that Ku Ken province, one of the southeastern states, is in the hands of the rebels. The cities of Sian Pu and Pu Chow, in Sian Si province are reported to have been captured. The reported surrender of Admiral Sah, in command of the fleet of gunboats operating on the Yangtze Kiang, is confirmed by cables received by local Chinese papers.

GERMAN OFFICERS
HELPING MANCHUS;
JAPAN WATCHFUL(United Press Leased Wire.)
Tokyo, Oct. 26.—Charges that Germany is interfering in the Chinese revolution and that officers of the Kaiser's army, under pretense of being attaches, are really leading the government forces in an effort to save the throne of the Manchus created a great sensation here today and are likely to culminate in serious international complications.

While no official announcement has yet been made of the matter, it is stated

POLICE PRY INTO
HER PRIVATE LIFE
FOR MURDER CLUEEfforts to Solve Mystery of the
Killing of Woman—Doctor
Takes Officers on Hunt Into
Her History.(United Press Leased Wire.)
Indianapolis, Oct. 26.—Efforts of the police to fathom the mystery of the death of Dr. Helen Knabe, former state bacteriologist and pathologist, who was found, almost nude, in her room with her throat cut, are centered today upon her private life.

This is an extraordinary one, and every detail of her private life will be investigated, said Detective Captain Holt. "This is apparently one of the most brutal murders in the history of Indiana."

Had Offended Many Persons.
Dr. Knabe in recent years had offended many persons, it is said, by her erratic temperament and blunt manner. The skill with which her throat was cut and the completeness of the slayer's precautions to cover all traces, indicate that he was a person of superior intelligence.

Augusta Knabe, a cousin of the dead physician, late yesterday filed a bill in court, late yesterday, filed a bill in court, late yesterday, filed a bill in court.

I loaned my cousin a large amount of money, the exact sum of which I do not care to state, said Augusta Knabe. "She said she would repay me whenever she found herself able."

"GREATEST TRIAL"
HALTED WHILE NEW
VENIRE IS CALLEDFinal Hearing of McNamara
Held Off Until New Troop
of Talesmen to Try Them Is
Obtained.(United Press Leased Wire.)
Hall of Records, Los Angeles, Oct. 26.—Because the original venire called in the McNamara murder case had been exhausted, and there was a question of the legality of "borrowing" veniremen from other departments of the superior court, the trial was suddenly interrupted this morning and an adjournment taken until 10 o'clock tomorrow. At that time it will be decided whether to go ahead with veniremen from the other departments or wait until an entirely new venire is summoned.

Absolutely no progress was made today, one taleman being eliminated and Judge Bordwell reserving decision on a renewed challenge interposed by the defense against an opinionated venireman.

Judge Bordwell finally decided to call a new venire of only 40, and the sheriff was directed to have them in court tomorrow at 9 o'clock to present exemption excuses. He said he would not borrow any men from the other departments because all of them had been in service a long time and it would be an injustice to force them to stay longer.

Judge Bordwell also said he called a small venire first to lessen the sheriff's work and secondly because it had been found inadvisable to have so large a venire as was called in the first instance around the courtroom.

With the initial panel exhausted, with only four possibilities as jurors secured, the trial was resumed today, when Attorney Clarence Darrow took up the examination of E. L. Essley, a transfer man of Whittier, the last of the first panel drawn in this case.

Those who had hoped that some actual progress had been made in the

ZAPATISTA FORCE
EXPECTED TO GIVE
FIGHT TO FEDERALSFive Hundred Government Sol-
diers Go Out to Check 2000
Rebels, Now 4 Miles From
City of Mexico.

Mexico City, Oct. 26.—Thousands gathered in the streets here today to discuss the proposed sending of a petition asking the return of Porfirio Diaz to Mexico. It is thought probable the deposed president will be asked to return.

Mexico City, Oct. 26.—With the Zapatista rebel army within four miles of the capital, three states already controlled by them and others on the verge of rebellion, Mexico today is facing the greatest crisis since the Diaz resignation.

Practically defenseless, with the federal troops either fighting to prevent invasion from Guatemala or scattered over the republic engaging Zapatista rebels, subjugation of the capital seems imminent.

News of the expected battle between 500 federalists who have advanced to check 2000 rebels is awaited momentarily. The engagement is believed to be in progress and the struggle in the streets apparently hope for a Zapatista victory, as they gathered about the city hall and hissed the Maderista officials and shouted "Vivas" for the rebels.

Francisco Madero and his cabinet claim that the government will have the rebellion crushed within five days after the inauguration, which has been set for November 6.

The Zapatista forces overthrow the federal troops in the battle outside the city the inauguration will never be held, as the handful of federal troops remaining here would either capitulate or fall under the advance of the Zapatistas. The rebels are today declared to have surrounded the capital during the night and are thought to be slowly approaching. Wire communication with the scene has been severed, however, and the only communication is by trolley car.

ESPEE LINES IN
OREGON IN CHARGE
OF LOCAL OFFICEPresident Sproule Announces
Administration of Lines to
Come From Portland Under
His Jurisdiction.

Administration of the Southern Pacific lines in Oregon will be done from the Portland office under the jurisdiction of President William Sproule with headquarters in San Francisco. This was announced this morning by President Sproule.

The chief executive of the Southern Pacific arrived this morning accompanied by Vice President J. C. McCormick, in charge of traffic. Yesterday Vice President E. E. Calvin, in charge of operation, arrived and this afternoon and for several days perhaps, President Sproule of the S. P., and President J. D. Farrell of the O. W. R. & N., and the vice presidents will hold conferences in regard to the separation of the administrative offices of the two Harriman properties. Presidents Sproule and Farrell held a long conference this morning.

"You can say," stated President Sproule, "that the administration of the Southern Pacific lines in Oregon will be done from the Portland offices, under my jurisdiction."

"We regard Oregon a very important field and deem it most satisfactory to have the administrative offices in Portland. We want to be closely in touch with the people. I will spend several days here making my preliminary investigation, but will often come to Portland in the future so as to keep closely in touch with conditions and the public. I cannot say who will be placed in charge of the S. P. lines here; that is one of the matters I am now considering."

THOUSAND MEN SWARM
TO ATTACK JUDGES AT
COEUR D'ALENE TRACKDecision Believed to Be Wrong and
Which Saved Bookies From Go-
ing Broke, May Be Beginning of
the End of Idaho Race Track Sports

Coeur d'Alene, Idaho, Oct. 26.—Aroused to a state of frenzy by the act of the judges in awarding first place to Mona Canonman in the sixth race at the Alton course yesterday afternoon, when they believed Enfield had won by over a head, a thousand men jumped over the fence into the track and made for the judges' stand.

Sheriff McFarland and a large force of deputies intervened and with bluffs and drawn guns forced the crowd back and saved the officials from hard usage. Enfield is considered the fastest horse on the ground and has been a constant winner. The bookies have lost heavily on some of his races by giving odds against him, as they were doing yesterday. The act of the judges is said to have saved the bookies from going broke.

The incident is considered of such a flagrant nature, that it will stimulate in legislative action to prevent pool selling and race track betting in Idaho.

EASTERN MILLERS PURCHASE FIFTY CARLOADS
OF PACIFIC NORTHWEST BLUESTEM WHEATBecause of Shortage of Crops in Other Sections and Excel-
lent Character of Cereal Grown Here, Big Buyers Now
Turning Attention to This Field.

The east is after Pacific northwest wheat. During the past few days 50 carloads have been sold for that destination by local parties.

The wheat was of the bluestem variety and is a favorite with millers in the world, have been trying to purchase wheat from this section. Owing to the short crop of the better quality at home, they have been forced to look elsewhere for supplies and the bluestem of the Pacific northwest fills their needs in this respect.

Up to this time the bids of the eastern millers have been from 2 to 3 cents a bushel below the prices asked on the Pacific coast; therefore, no business resulted until the past 24 hours.

It is stated that samples of northwest bluestem have recently reached better than expected that deals were closed at once for 50 carloads. In order to study the situation better several of the eastern mills have dispatched representatives to Oregon and additional purchases may be expected.

Eligible wheat was generally quoted at 84 cents a bushel for track delivery at water by local buyers today.

Inferno "Home, Sweet Home."
(United Press Leased Wire.)
Alameda, Cal., Oct. 26.—While showing "Hell's Inferno" on a moving picture screen here, considerable discord was created when the pianist played "Home, Sweet Home."
