Murdock to Command.  
(United Press Leased Wire.)  
Washington, Oct. 27.—Movements of American warships protecting the interests of the United States in Chinese waters will be under the command of Rear Admiral Murdock, who sailed from Manila for Shanghai today. Admiral Murdock's hasty departure is the result of preparations made at Washington to meet possible emergencies. The general staff of the army had its attention called to the Chinese situation and plans were immediately made for placing troops now in the Philippines in readiness for instant transportation to China. Simultaneously Admiral Murdock was ordered to take command of the American ships patrolling Chinese waters.

### GOLD DUST makes clean, healthy homes

Gold Dust acts like magic on dirty floors, doors and woodwork. You do not have to bend until your poor back is nearly breaking in an effort to scour and scrub away the dirt. Add a heaping teaspoonful of Gold Dust to a pail of water and the Gold Dust Twins will do the rest.

Gold Dust makes floors and doors spotlessly white. It searches out dirt, germs and impurities from every crack and crevice. Gold Dust makes home—"sweet"—home. Save your strength by calling Gold Dust to your aid.

"Let the GOLD DUST TWINS do your work"
