ZEALAND LABORER BECOMES EARL OF SEAFIELD BY WILL

Rise of Nobleman From Station of Penniless Laborer to One of Wealth Reads Like Romance.

Landon, Oct. 11 .- From the profiten or a number day inherer in how femiand to being the poen-rain of an about tocome of \$400,000, hop acres of land, no police set of accentral custics and six titles, is the coding of a strange remance of the Eart of Scaffeld steen the filling yesterday of the will of his grandword, the Averager countries of Senfield, who died a few weeks high. His wife, the countings, who thus out Cindersta's Cluderolla by the change of or husband's farmore, was blue Nice 'qwagend, the daignter of a New Zean, land docur-

Although the corl got his titles as from ago on 1998, they sented bits nothing, and he has lawn practically postniest. Min father, who held the titles for only a few months, was a court baitter in Camara, New Zenland, and his mother was a Salvation Army lass. The east he new 25 years old bile mime in Mir. nones thelivie Grant and in addition to being earl of the field, he is Viscoust Beldseven, flaron Oglivie of Deakford tand Cullen, and Buren Strathspey of Mergatuspry. fout his precident title of all is Jaird of Grant, which meaus that he is head of the firrous class of Grant, which has held away in Scotland for humbrody of years.

The fact that curring recent years the earl has been rumbered among Eagland's landless years, is because when the eighth eart and leaving no children, all the property reverted to the late dowager countries. The next male de-Scendant, her newhow, was then discovgred in New Mealand, atterly ignorant of his swiate, and he died a few months after ascending to the title.

Best Known Estates.

The best known of the many estates now willed to the earl is Halmacon, near Inverness, leaved for the past few days to Bradley Martin of New York and the scene of Frederick Townsend Martin's annual parties to highland chil-fron. The Scottish estates cover vast estates in Henfishirs, Inverness and Morayshire, and include Grant cavile, Which is 600 years old Here King Edward was frequently entertained by the owager counters during the wheeting

ager countess. Another of the earl's deeds. houses and one frequently visited by royalty is Cuite: castle, in the Highlands, famous sizes the reign of Edward 1. It was stormed during the Jacobite rebellions, and was afterwards the head-Yew weeks before her death, she re- yet in sight, celved King George and Queen Mary for

TO SELL THEM TO GYPSIES the two boys, "met in the village cafe. and mother came and fetched us. The

Rheims, Oct. 28.—Two small boys, Henri Proult, aged 13, and Andre Proult, aged 6, have told the police at Rheims an extraordinary story of how they were sold to gypsies by their mother. Early one morning the boys' uncle, who is a baker at Rheims, was astight cold which had caused the queen no unrasiness, refused to respond to simple remedies and developed into a grave bronchial attack. Queen Mand is noted for her love of outdoor sports.

And mother came and fetched us. The gypsies looked at us, and after some talk they gave mother \$1.20 for the gypsies looked at us, and after some talk they gave mother \$1.20 for the three of us and took us away.

"We have been traveling about with them, selling boot laces, needles and thread, and the gypsies taught Marcelle and me to dance on stills in this stop. They were in tags and were the streets of the towns through witich we passed and to collect money. Two days ago they told us to go back to mother, saying that we were not with their mother at Ay, told their worth our keep, but they have kept incle that some weeks ago she had sold them and thair sister Marcelle, who is a track. Queen Mand is noted for her love of outdoor sports.

The give and mother came and fetched us. The gypsies looked at us, and after some talk they gave mother \$1.20 for the three of us and took us they have been traveling about with them, selling boot laces, needles and three of us and took us they have been traveling about with them, selling boot laces, needles and three of us and took us to go back or with the gypsies took of the towns through them, and that gypsies took of the towns through them. The gypsies taught Marcelle, because she is pretty." The back took of two children to the position and a search is being made gypsies and mother, said the elder of the gypsies took of the town they have kept to the position and a search is being made gypsies.
