"A Pillow for the Body"

—that means the tuftless comfort of a **SEALY MATTRESS**

The Sealy is a mattress made to give to your entire body the same comfort that you now give only to your head. Not a tuft in it. It's "a pillow for the body"—a big, buoyant, undulating body pillow that conforms to every curve, every position of the sleeper. It takes up the weight evenly, inducing complete muscular relaxation and soundest sleep. Let us show you this wonderful "insomnia cure." We're sole agents.
