DEPOT IS CONTRACTED AT LAKE LYTLE, OR.

(Special to The Journal.)
Tillamouk, Oc., Nov. T.—The Pacific Rallway and Mavigation company has let a contract to William Gibson to precet a station at Lake Lytle, on Garthald Reach. The building is to be Six36 feet and will have an artisr at each Akide frem the special election a general election will be held soon for the purpose of electing the official board of the new city of flearide, which will probably take office about the first of the year.

The company has just completed a freight warehouse at Wheeler, on Nehnlem Bay, and it is reported that a steel off tank with a capacity of 23,000 gallons will be built at the terminal grounds in Tillamook. The Union Oil company is supposed to be behind the latter undertaking. Word has been received here that

through service will be established by November 10. From that time there will be two express companies operating into Tillamook. The Wells-Pargo com-pany will enter this territory and the Northern, which has heretofore handled the express business, will join its local office with that of Wells-Fargo. Express is brought in by boat at this time

Saloonman Won't Be Refused.

(Special to The Journal.)
Tillamook, Or., Nov. 7.—The county
court has denied the third petition of J. J. McCormick for a saloon license. McCormick is attempting to get the right to sell liquor at Garibaldi. Remonstrances have been filed to each petition and on each occasion the court has found for the remonstrators. A fourth petition will be presented to the court in December.

The Pacific Coast relirond has been represented here by Engineer Summer and his father and is said to be backed by foreign capital. It is believed here that it is a Mill coad. At any rate, much right of way has been purchased for cash and is a number of cases both relironds have started condemnation proceedings.

tery for a time. The railroad moves are a pussle to the people locally and all that is actually known is that rights of way have been secured and options taken on a number of different tracts of land. That the Southern Pacific has secured an option on 420 acres just west of North Hend and bordering on the bay is denied by those concerned.

INTERURBAN PROPOSED IN POWDER VALLEY

Baker, Or., Nov. 7.—The Commercial club committee of an interurban railway from this city to points in the Powder River valley has reported the belief that the road cannot be operated at first except at a loss. At a mass meeting of the members of the club and residents of the city and county, many business men expressed confidence in the ultimate success of the line. It was decided that the first step line. must be taken locally and a move ment may soon be under way to secure local capital to start the project. The has been under discussion for several years but the actual work of securing data of passenger traffic and freight tonnage has required a long

Power Promised by Kay 1.

(Special to The Journal.)
Baker, Or., Nov. 7.—According to J K. Romig, of the Eagle Valley Power company, that corporation will power to this city by May 1, 1912. The original franchise under the terms of which power was to be delivered here by October 1 last, was extended a year by the city commissioners, as the comhas completed the line from the generating plant on Eagle river to the Virtue and Sanger mines, and these properties are now both being operated by electic power. It is expected the company will enter this city and surrounding territory in direct competition with the Eastern Oregon Light & Power com-

Baker Swells "Pen" Roll.

(Special to The Journal.)

Baker, Or., Nov. 7.—Twenty-two prisponers have been sentenced to the state penitentiary from this county at the present term of court, convicted or having pleaded guilty to criminal charges. Out of that number but one was a resident of Baker county, the remainder all being transients or laborers em-ployed temporarily on construction

HOOD RIVER IS LATEST TO AGITATE COMMISSION

(Special to The Journal.)
Hood River, Or., Nov. 7.—Backed by
the Hood River Men's Improvement league, a number of prominent busi-ness and professional men of Hood River are advocating commission government for the city. The league is arranging for a debate on the subject between representatives of the hill and lowntown sections of the city. Among those interested in the movement are City Superintendent of Schools E. E. Coad; Professor L. B. Gibson, principal of the high school; Rev. H. A. Macdon-ald, pastor of the Unitarian church, and Rev. J. R. Hargreaves of the Baptist church. The movement has gained some ground on account of the fact that as yet it has been impossible to get candidates to accept nominations for city offices at the election next month.

Yakima Hikers Cross Columbia.

(Special to The Journal.)— Hood River, Or., Nov. 7.—Nelson B. Snyder and Olin Offield, two young residents of North Yakima wno are on a walk across the continent, arrived here today. Snyder and Offield walked stross from Yakima to the Columbia river, crossing at White Salmon. They expect to take a route through Oregon to California and across New Mexico and Arizons. Their destination is New York city. On the way they are advertising the resources of the Yakima country under the direction of the Yakima Commercial club. In the hatbands of each there is printed in black letters on a yellow background "North Yakima, Wash."

DECIDED IN 4 MINUTES; THE DEFENDANT LOSES

A case involving \$14 in which the attorney asked a \$35 fee was decided in a minutes yesterday morning by Judge McGinn of the circuit court. The suit was that of O. P. Bliss against P. O. Marks. Bliss charged Marks had not paid for work done on his house. Marks replied that faulty material was used. He further replied that the job was not

Judge McGinn heard the testimony of the plaintiff and immediately gave a verdict for the defendant. The judge said such trivial cases had no place in occupying the time of the circuit court and should have been brought in the justice court, if brought at all. Attorney T. J. Hewitt represented Bilss and Attorney Thad Vreeland appeared for Marks. Attorney Bliss asked that his client be awarded \$14 and that the court allow \$55 attorney fees. The judge denied both

We Get a Slap

The big coffee trust, made up of Brazilian growers and American importers, has been trying various tactics to boost the price of coffee and get more money from the people.

Always the man who is trying to dig extra money out of the public pocket, on a combination, hates the man who blocks the game.

Now comes a plaintive bleat from the "exasperated" ones.

The Journal of Commerce lately said: "A stirring circular has just been issued to the coffee trade." The article further says:

"The coffee world is discussing what is to be the future of coffee as a result of the campaign of miseducation carried on by the cereal coffee people. We have before us a letter from one of the largest roasters in the South asking what can be done to counteract the work of the enemies of coffee.

"The matter should have been taken up by the Brazilian Gov't when they were completing their beautiful valorization scheme."

nounce Postum and works into a fine frenzy, because we have published facts regarding the effect of coffee on some people.

The harrowing tale goes on.

Where a few years ago averybody drank coffee, several cups a day, now we find in every walk in life people who imagine they cannot drink it. (The underscoring is ours.) Burly blacksmiths, carpenters, laborers and athletes have discontinued or cut down the use of coffee; as there is not a person who reads this increase in population during the and will not be able to find the past three years, coffee shows an same conditions existing among his appalling decrease in consumption." own circle of acquaintances, is it not well for the Brazillans to sit up and take notice?"

Isn't it curious these bur-

ly" strong men should pick out coffee to "imagine" about? Why not "imagine" that regular doses of whiskey are harmful, or daily slugs of morphine?

Then the article proceeds to de- | the heart and steadily tear down | money in America, rather than send | caffeine, in coffee, worked discomor more of the dozens of types of diseases which follow broken-down nervous systems, many people don't know it.

> But it remained for the man who has coffee, morphine or whiskey to sell, to have the supreme nerve to say: "You only imagine your disorders. Keep on buying from me."

Let us continue to quote from his article.

"Notwithstanding the enormous

.

Then follows a tiresome lot of statistics which wind up by showing a decrease of consumption in two years of, in round figures, two hundred million pounds.

tacks on us and the Brazilian sneers cut off about two hundred million at Americans who prefer to use a pounds of coffee when they found If "imagination" makes the car-fiene in coffee clog the liver, depress drink and incidentally keep the ity of cases) that the subtle drug

the nervous system, bringing on one the millions to Brazil and pay for an fort and varying forms of disease. article that chemists class among the drugs and not among the foods.

> Will the reader please remember, we never announce that coffee "hurts all people."

Some persons seem to have excess vitality enough to use coffee, topacco and whiskey for years and apparently be none the worse, but the number is small, and when a sensible man er woman finds an article acts harmfully they exercise some degree of intelligence by dropping

We quote again from the article:

"These figures are paralyzing but correct, being taken from Leech's statistics, recognized as the most reliable."

This is one of the highest con pliments ever paid to the level-head ed, common sense of Americans who

Brazilian

Coffee

Grower

Some people haven't the character to stop a habit when they know it is from coffee to Postum for, when made according to directions, it comes to table a cup of beverage, seal brown color, which turns to rich golden brown when cream is added, and the taste is very like the milder grades of Old Gov't Java.

Postum is a veritable food drink and highly nourishing, containing all the parts of wheat carefully prepared to which is added about 10 per cent of New Orleans molasses, and that is absolutely all that Postum is made of.

Thousands of visitors to the pure food factories see the ingredients and how prepared. Every nook and corner is open-for every visitor to carefully inspect. Crowds come dally and seem to enjoy it.
