

APPLE FAIRS ON IN HOOD RIVER, ALBANY

Fanciest Fruit Held Out to Scoop Prizes at Farmers' 3-Day Competition.

Special to The Journal. Hood River, Ore., Nov. 8.—The Hood River fruit fair, next to the yearly apple sale Hood River's largest annual event, opened this morning for three days. The fair is being held in the new hall building on the corner of First and Chest streets. The display is in the partially completed basement of this large structure, which is 100x100 feet. It is owned by a prominent local fruit grower and is the property of the Hood River Association.

Many growers have held out their best fruit for the fair. After being shown here it will be taken to Portland and entered in the exhibit of the State Agricultural Society, to be held next week. Many cash prizes have been offered as premiums here this year than formerly, and it is expected this will result in bringing out the fanciest of fancy fruit.

On Saturday the Hood River University club will hold its annual election of officers and give its customary yearly banquet. The affair will be a big one, with an elaborate dinner, music, high jinks and speaking, and will take place at the Hotel Oregon.

Albany, Or., Nov. 8.—The fifth annual Albany apple show opened yesterday in the Alco gymnasium and will continue for three days, closing Friday night.

The premium list is a liberal one.

This Shampoo Will Prevent Baldness

"Baldness," writes Mrs. Mae Martin, in the Boston News, "is frequently traced to injurious shampoos. Soaps and suds containing 'free' alkali have a tendency to rob the scalp of its necessary oil. This causes a dry, harsh, itchy condition, dandruff appears and the hair follicles are deprived of sufficient nourishment, then the hair becomes brittle and falls out.

A delightfully soothing and cleansing shampoo can be had with plain canthrox, a teaspoonful of which dissolved in a cup of hot water is plenty for a thorough cleansing of hair and scalp. This dissolves dust and dandruff and excites the tissues to healthy action; rinsing leaves the hair and scalp wonderfully clean. Canthrox shampoos will make 'stringy,' lifeless hair soft, fluffy and lustrous, even encouraging a bountiful growth."

Heading the list is that for the best country exhibit, Lion being second, and which the first prize is \$25 cash and a \$100 cup; second, \$20 and third \$15 cash.

PRINCESS PREFERS BABE TO ALL VOTES IN WORLD

(Cont'd From Last Week.) New York, Nov. 8.—Princess Orlka of Roumania, would rather have a real live, pink rosy, chubby baby than all the votes for women in the world. She so declared today, and how New York society matrons arch their brows in astonishment, and say, "What an ancient idea."

The princess might have remained in New York for a few vacations, but after she made the awful blunder she found only backs greeting her. So she starts immediately for New Foundland, where her husband is hunting. She takes with her a few quiet notions of American womanhood.

INDIANS ARE GIVEN LAND IN WILDEST OLYMPICS

(Special to The Journal.) Aberdeen, Wash., Nov. 8.—About 100 allotments of land have been made to the Indians entitled to land in the Quinalt reservation, by Allotting Agent P. H. Archer. Mr. Archer estimates it will require at least two years more to finish the work. About 2500 allotments are yet to be made, each Indian being entitled to 80 acres of land, and he is given the piece he wants, provided no one else has asked for it. As the allotment of the land includes a survey, Mr. Archer has a dozen men busy on this part of the work, which is extremely slow, as the country is so wild and the forest and undergrowth so dense. In the Quinalt river part of the reservation where Archer and his force have been working lately, it has been necessary to take in every pound of provisions on the backs of men, as the country is so heavily timbered it is impossible for horses to be used.

168 Out of 1705 Vote.

Centralia, Wash., Nov. 8.—Only 168 votes were cast at the primary election in Centralia yesterday out of a total registration of 1745, the light vote being due to the improbability of the general election on December 5 being held, for which election yesterday's nominations were made. An election will be held on November 20 to decide whether or not Centralia will adopt the commission form of government and if the issue is adopted, which present indications point that it will, the general election will be cancelled. Mayor Guerrier was nominated for reelection on the people's ticket yesterday and Albert Sears as his opponent on the citizens' ticket.

RICHTER, BLIND PIANIST, DELIGHTS BIG AUDIENCE

Francis Richter, the blind pianist, delighted a large and critical audience last night with a program of classical specialties rendered. The concert was held in the Masonic Temple, Miss. Susanna Svo-Borzenova was the assisting vocalist.

Mr. Richter demonstrated wonderful development since his former public appearance in Portland, his home city, and the technique, temperament and musical ability shines him to a place among the world's great performers on the piano. Who ever played Chopin's "Etude" No. 12, Op. 10, No. 11? Who could have given a more beautiful rendering of Beethoven's "Bonds a Capriccio," or who could have thrown more power into Liszt's wonderful "Les Jans" fantasia?

Francis Richter is destined to world wide fame if given the opportunity to be heard, and he appears ready to face the critics in the big musical centers any time.

The heavy number of the program was Chopin's sonata in B flat minor, Opus 10, which gave full way to his intensely poetical style. Wonderfully sympathetic was the reading of the funeral march and which but for its suitability for applause would have won him an ovation. He realized this and so modulated promptly into the closing presto movement. The performance of this work was a most praiseworthy achievement.

The group of Chopin numbers that followed, closing with the polonaise in A flat, by request, added to the enthusiasm already aroused and the artist was given several recalls until he finally responded with Dvorak's charming "Humoresque." For a second encore at the close of the program he played Nevin's "Gondoliers." Two of his own compositions won a storm of applause, well deserved on the merits.

Miss Svo-Borzenova sang a group of songs by Schubert, Francis Richter, Mrs. Beach and Dvorak. Both pianist and vocalist were made the recipients of many beautiful flowers.

Offer to Solve Chemical Problems.

Whitman College, Walla Walla, Wash., Nov. 8.—In addition to general courses in chemistry, the recently appointed head of the department, Dr. Clark, a university of Toronto man, offers courses in physical chemistry, advanced quantitative analysis, organic chemistry, industrial chemistry, metallurgy and assaying, crystallography and mineralogy. A limited number of students after graduation may do special research work for their M. A. degree. The object of these research investigations is to mainly to solve practical problems of direct benefit to some manufacturing or mining company of the northwest. The head of the department will be pleased to cooperate with any commercial firm having such problems awaiting solution. Dr. Clark received his Ph.D. degree from Leipzig.

Nobel Prize for German.

Stockholm, Nov. 8.—The Nobel prize for physics was awarded yesterday to Professor Wilhelm Wien of Wurzburg university. It was reported that Thomas A. Edison was slated to get the award.

Dry ties, \$5.50. Edliefson Fuel Co. •

WESTERN PINE MEN TO MEET AT LA GRANDE

Special to The Journal. La Grande, Or., Nov. 8.—The Western Pine Manufacturers' association of the Pacific northwest meets in La Grande next Saturday, and it is expected that a large number of Spokane and Portland lumbermen will be on hand. The meeting is the quarterly gathering of the company, and is not to be marked with any session of the Hot Hot or any material social features of any kind. It is expected that the lumbermen of the Spokane and Portland countries will arrive last morning and depart on the midnight train, resuming only such routine business as may come before the association. Customarily the association meets at Spokane, but this month the directors chose La Grande for the accommodation of the 67 odd resident members in this and Walla Walla counties.

TORPEDO FLEET TO STAY ON COAST FOR WINTER

(Cont'd From Last Week.) Washington, Nov. 8.—The cruises of the first and second divisions of the Pacific torpedo fleet to Hawaii had been abandoned owing to the lateness of the season and prospective stormy weather on the north Pacific. The vessels will remain on the west coast for drills and exercises. The Pacific fleet of armored cruisers, after leaving San Diego, November 14, will proceed to San Francisco and thence to Hawaii.

Air Shaft Fall Kills.

(Cont'd From Last Week.) Los Angeles, Nov. 8.—Losing his balance while putting in a window on the fifth floor of the Farmalee building, P. M. Tucker plunged 55 feet through an air shaft. He was instantly killed.

Ends Indigestion

Quickly Stops Gas, Sourness, Heaviness and All Stomach Misery.

Be fair minded—let the skeptic suffer. Take advantage of the fair and square offer being made to the citizens of Portland and vicinity.

If MI-O-NA stomach tablets do not put an end to indigestion; do not stop sourness, gas, sourness and heartburn you can have your money back. Pretty good offer, thousands of old time dyspeptics now enjoying good health have found.

MI-O-NA stomach tablets are splendid for nervousness, dizziness, sick headache, sleeplessness, sea and car sickness, vomiting of pregnancy and for morning sickness following disipation of the night before. 50 cents at druggists everywhere.

No matter how little or much you suffer, get a box of MI-O-NA tablets today and take one with or after each meal for a week. You'll be surprised at the result; that tired feeling has disappeared; the skin is clearer; the eye brighter and you feel fine every minute of the day. Booklet free from Booth's MI-O-NA, Buffalo, N. Y.
