Are You

Are you paying him exorbitant prices for medicine? Does he employ thoroughly up-to-date and scientific methods, which would be approved by the regular family doctor? If you cannot answer these questions favorably to yourself, come and have a confidential talk with me about your case. It will cost you nothing.

WHITE IS STRONG FOR VACCINATION

Blames Prejudice Against It for Smallpox Epidemic at Toledo, Or.

(Special to The Journal.)

Newport, Or., Nov. 21.—A mass meeting of the citizens was held here at the call of Mayor George H. Wilcox to discuss the smallpox situation in this section of the county. Alarm at the situation and indignation at the way it has been handled brought out a record attendance and drastic measures were taken.

The first case appeared at Toledo three weeks ago, and little attention was paid to it. Soon there were 17 mild cases there, and while nearly all public places except the postoffice were closed at first, hardly any quarantine regulations were enforced, and people came and went as they pleased. Where parties were notified that they were under quarantine no officer was placed to see that the regulations were observed. In one case the people were removed from the building and the empty building quarantined, and in another it is said the occupants were notified that the building was to be quarantined and advised to move out.

One family which had been exposed moved to Newport and tried to place its children in school, and another family, being refused passage on the train, came in over the wagon road.

Dr. Calvin S. White, state health officer, says the epidemic of smallpox at Toledo, in Lincoln county, is due to lack of vaccination resulting from the prejudice many people there have against it, and to utter lack of proper quarantine regulation being imposed upon those affected with the disease.

Dr. White was at Toledo last week and found 17 cases of smallpox. He placed all of them under quarantine. Since his visit the officials of Toledo have taken the situation in hand and have appointed special quarantine officers to see that the regulations are enforced.

"A majority of the 17 cases I found at Toledo were mild," said Dr. White today. "Infection came primarily from the construction crew on the railroad, working under the supervision of John McGee, who has had the disease. These men, while still scaling, attended the skating rink and the moving picture shows.

"The first of the cases resulting from the contamination were a young woman cashier at the skating rink and the manager of the moving picture show. Ivan Kennison, a stage driver, stopping at the hotel, was infected, then two other cases resulted in addition.

"A quarantine of five days of the hotel and insufficient fumigation followed, after which Edna Cusick was allowed to return to school. Her teacher and a dozen or more others were infected. With the exception of one, all were mild cases.

"Fred Post, a member of the railroad bridge crew, who was isolated and quarantined by Dr. Davis of Albany, broke quarantine and went to his home in Newport. His two children, I am informed by the train crew, are now suffering from the disease.

"In every instance investigated, in not one single case had the victim ever been vaccinated. There was considerable antagonism from vaccination, and the articles from the alleged Dr. McCormick and Dr. D. O. Powell had been read and were produced as authority against vaccination.

"I do not think Newport has anything to fear from Toledo, as the cases there will be properly looked after now."

GRANT NOT CANDIDATE FOR DISTRICT ATTORNEY

City Attorney Frank S. Grant, in a letter written from Chicago, declares emphatically that he is not a candidate for the office of district attorney. During the past few days there has been talk of running Mr. Grant against District Attorney Cameron, in a proposed recall election. Following is Mr. Grant's letter:

"I am advised by wire that I am being talked of as a candidate for district attorney. Under no circumstances will I run for the office. I want to stay where I am, if the people are willing. As city attorney, I have many important matters under consideration and I desire to finish the task I have undertaken. It may be that certain interests do not want me to remain in the office of city attorney?

"You can say for me that I am satisfied with my present job and don't want the district attorneyship. I expect to be home November 28."

Mr. Grant is looking over the oil tank situation in Chicago and expects to gather some data which will be of use to the city council here in settling the vexatious oil problem that has presented itself in Portland.

CHAMBERLAIN GIRL APPEARS AGAINST TAR-FEATHER TRIO

(Continued from Page One.)

the girl to the rendezvous, and later testified to the same effect.

Chester Anderson, a laborer, was the star witness yesterday. He said he had never heard any gossip about Miss Chamberlain. He said that on the day of the "tar party" he was at Clark's mill. "Sherrill Clark or Mr. Simms," he said, "asked me to take Miss Chamberlain out that night; they wanted to tar her, they said. I said I wouldn't."

Anderson admitted he arranged with Ed Ricord, the barber, to "take her out." He found Ricord sitting in front of his barber shop, and made the proposal to him.

"I'm game," said Ricord.

Tell of Tarring.

Then Anderson and Alf Lendermuth told of the tarring. They said two of the "gang" held up Ricord's buggy with a toy pistol. Ricord ran for cover, hiding near where other members of the "gang" were concealed. Miss Chamberlain was taken out of the buggy and stripped of her clothing. "She hollered," they said. Her lower limbs were tarred and feathered, and the two gangsters disappeared. Ricord reappeared, helped Miss Chamberlain put her clothing on, and took her home.

"What does it all mean" she asked.

"I reckon," replied the barber, "that it means you'd better get out of the country."

An Unsentimental Opinion.

From the Peoria Herald-Transcript.

J. F. Fanning, progressive and thrifty farmer of the Delavan neighborhood, was a caller at the office of the Herald-Transcript Saturday. Mr. Fanning voiced a platform frequently advanced by this newspaper when he expressed a wish that something might be done to stop the slaughter of birds in Illinois.

"As a farmer of many years' experience," he said, "I have had occasion to note the good service performed on the farm by the birds. If I could have my way about it, there would be an absolute prohibition against the killing of any birds in this state for the next five years. When the birds are exterminated, or materially reduced in number, the farmer's only protection against insects is gone. The blackbird, according to my personal observations, is one of the worst foes the insect pests have; even the crow, which is made a special target for bird slaughterers, pays for his board and keep many times over in his greed for insect pests. I think the farmers in northern Illinois who have lately organized for crow hunts are making an expensive mistake."

The sparrow is hardly a farmer's proposition, as it inhabits the cities by preference, but even this generally denounced bird, Mr. Fanning believes, gives far more than he takes.

OUR EXCLUSIVE METHODS

Our exclusive Methods are your greatest hopes for a complete cure, if you are afflicted with any Blood Disease, Nervous and Vital Decline, Piles, Kidney, Bladder, Special and Chronic Diseases peculiar to MEN. You are wasting money and endangering your health in treating with ordinary specialists. Our systems of treatment have established their reliability by permanently curing cases that had been unsuccessfully treated by other physicians.

REMEMBER—That in treating with us you cannot lose anything, because we do not charge for failure, but only for permanent cures. Therefore, you should certainly, in duty to yourself, INVESTIGATE OUR METHODS, which are totally different from those of any other specialist, before you place your case elsewhere.

Our charges are the most reasonable of any reliable specialist west of New York, and we will arrange terms so that any man can place his case with us and receive a cure.

Remember, we have been here for years, are permanently located, incorporated and licensed under the laws of Oregon to conduct and operate a Medical Institute, Sanitarium and Hospital for the treatment of Men's Ailments. Our staff of physicians are graduates from the leading colleges in Europe and the United States.

CHARGE FOR CURES ONLY

Many patients have told us after we cured them, that they hesitated at first to come on account of never having received relief elsewhere, and they had almost become so skeptical as to think there was no cure for them. We want an opportunity to treat just such men, and it makes no difference about the financial part, as we never accept pay for our services until we accomplish a cure, if there is any doubt about the case being curable by our methods, provided we are satisfied the patient is sincere and reliable.

NERVO-VITAL DEBILITY.

There is certainly no victim of Nervo-Vital Debility or Male Weakness but what hopes to be rejuvenated some time. You should not lose your grip on life because inferior remedies have failed to benefit you. My special treatment for this trouble, varied and modified to suit each individual case, is an unfailing cure to which a vast army of restored men today owe their sturdy health and happy condition in life. Under it all disagreeable symptoms soon disappear.

VARICOSE VEINS

are usually found on the left side. Symptoms—aching or pain in groin or back, nervousness, weakness, loss of vitality, lack of ambition and wasting. We cure varicose enlargement by one treatment in one visit, without a severe surgical operation or suffering, or keeping you away from business.

Obstruction, Straining, Pain in Back, Enlarged Glands, Nervousness, Swelling, Uric Acid.

We can stop these symptoms right away and they won't come back, because the cause of them is done away with by a cure being effected. We don't use strong, painful, injurious injections that do great harm. Our method cures without pain, gives immediate benefits and a lasting cure.

SPECIFIC BLOOD POISON
