Explains Reason for Ticket—That a quantity of slips found on the persons of a number of Chinamen at 87 Second street, who were arrested several days ago on a charge of playing lottery, contained a diary or a record of jobs done by Ah Toy, a servant for Judge O'Day, and the plan made yesterday afternoon before Judge Tawell in defense of the men arrested, and the case was dismissed. SAY CORNELL ROAD ASSESSMENT UNJUST

Otto J. Kraemer, as attorney for 13 property owners along the Cornell road between Lovejoy and Quimby streets, will file a petition of remonstrance with the city council protesting against the assessment made by the auditor on the property for the improvement of the road. Several reasons are advanced why the assessment is unfair, the principal one being that the owners whose property is least benefited are assessed as much and in cases more than the one who receives the most benefit.

In making the improvements on the road it was necessary to build 460 feet of concrete retaining wall ranging from five to 15 feet in height. The wall cost \$10,000 and it is alleged that it is already badly cracked and was faulty in construction. It was necessary to make large fills and cuts in places.

The property owners are indignant over the matter and are determined to have their wrongs righted. The remonstrances will probably be filed Wednesday. The owners who have signed petitions are: Henry Hahn, Waldo A. Avery, Jr., Julius Kramer, Walter E. Honeyman, C. R. Cater, D. M. Watson, Frank L. Biewert, Virginia De Lano Slocum, Joseph Clossett, Ralph A. Fen-ton, M. W. Hunt, May W. O'Reilly, and Lattie H. Clary.

RELATIVES OF 8 GIRLS KILLED AT CHEHALIS ARE AWARDED \$7659.35

(United Press Lensed Wire.) Olympia, Wash., Nov. 21.—The state industrial insurance commission awards \$7659.35 to the relatives of the eight girls killed in the Imperial Powder mill explosion at Chehalis. Under the law it will come out of funds paid by the powder industry in the state and the Dupont company, the largest of the three powder plants, says it will refuse to pay its assessment, as it would be paying the largest portion of the bill made by its rival company.

WHIPPING IN PUBLIC SCHOOLS

EAST SIDE URGED AS PLACE FOR AUDITORIUM

Dan Keliher and C. C. Hall of the East Side Business Men's club addressed the Sellwood board of trade

and Commercial club at a joint meeting last night on the propriety of locating the proposed public auditorium on the east side of the river. By unanimous vote the Sellwood people adopted a resolution approving the location of the auditorium in accordance with the views of Mr. Keliher and Mr. Hall. It was stated that it requires two hours for the residents of Sellwood to reach the Gipsy Smith meetings, and that since the temporary auditorium is near the site recommended by the jury of architects, it serves as a demonstration that the public auditorium should be located more centrally.

Making It a Real Pleasure to Buy VICTROLAS and VICTOR Records

Nothing that we can say will add to the high reputation of the VICTROLA. The last word has been said as to the excellence of these wonderful instruments. Anyone who has ever heard one is ready to admit that, taken as the latest type of what it stands for and what it actually performs, the VICTROLA is the most wonderful, the most enjoyable and the most useful musical instrument of which the world has ever had any knowledge.

JEAN DE RESZKE I have tried the records and have found them really wonderful reproductions of my singing. NELLIE MELBA It reproduces the human voice with such a degree of perfection that it seemed to me these artists were actually singing in my ears. ADELINA PATTI I am indeed satisfied with my new records. They are magnificent and I congratulate you on the great improvement you have made in the past year. ENRICO CARUSO The reproduction of the selections I sang for you are wonderfully life-like—they reproduce the natural quality of the human voice. MARCELLA SEMBRICH I am delighted with all my records. They fully repay me for the care and trouble I took to make them. EMMA JAMES I cannot begin to say how delighted I was when the Victor reproduced my voice and I cannot too greatly commend you on the great improvement you have made in the past year.
