TRADERS MYSTIFIED BY SITUATION IN TURKEYS; STOCK QUOTED HIGHER

Sales Are Made as High as 27 Cents Per Pound in a Limited Way, But the Bulk of Purchases Are From 24 to 25 Cents Per Pound Today.

> Portland Wholesale Market, Eggs steady to firm. Chickens higher.

Turkey market mysterious. Dressed veal scarce. Baby pigs sell high. Jap oranges arrive. Salmon from Tillamook. Butter and cheese firm.

The turkey situation, while outwardly showing extreme strength, is rather de-ceiving in appearance. Fancy dressed birds have sold along Front street as high as 27c a pound during the past 24 hours and at the same time stock of quality has brought no more than 25

It is a noteworthy fact that one of It is a noteworthy fact that one of the leading handlers of birds sold all but about two dozen of his birds, outside of the city and secured 25c to 26c a pound for them. Another leading handler received as high as 26c in a limited way but the bulk of his sales were from 24c to 25c for fancy goods. Outwardly the appearance of the trade indicates that retailers are eager buyers of turkeys. This is true in a certain particular but while anxious purchasers, its retailers are buying merely in small its, or just about half the birds they askedly purchase.

sually purchase.

is all purchase.

All retailers seem impressed with the idea that the public is not going to be an eager buyer of turkeys this year unless the price is lowered, therefore they are awaiting a change in the situation before taking hold.

Another carioad of eastern dressed turkeys, which were expected yesterday, came forward this morning. Their arrival has been kept a secret because the importer has been gradually boosting the market here for their reception.

There were only limited supplies of local stock on the express this morning.

Poor birds are hard to sell and generally speaking this class of stock is not moving very well even at 20c a pound.

SWEET POTATOES FIRMER

There is a firmer tone in the sweet potato trade in the south and prices have advanced about 20c per 100 pounds in car lots. Another car came forward to the local market this morning.

JAP ORANGES OFFERING

Japanese oranges are being offered in the local market for the first time this season Stock is generally of good qual-ity. Sales are reported at \$1.40 per ty. Sales are repo bundle of two boxes.

CALIFORNIA ORANGES EASIER

With increasing supplies of California oranges, prices are easing off somewhat and sales are being made down to \$3.50 as a rule. Quality is improving.

SILVERSIDE SALMON COMING

Silverside salmon is again coming forward from Tillamook, the railroad bringing in quite a liberal supply during the past M Hours. The fish market is quiet with most of the demand for crabs, oysters and shrimps.

EGGS AT 47 CENTS FOR BEST

Attempts to force the local egg marreported today along the street at 47c a dozen for best. Notwithstanding the higher quotations put out in some quarters by those interested in selling the eastern product, local fresh eggs can be purchased at the price printed by The Journal.

LIMA BEANS HIGHER AGAIN

A further advance of 1/4c a pound has been forced in the price of lima beans all along the coast, owing to the greater demand and curtailed offerings. White beens are firmer but prices are unchanged.

PLENTY OF FRUITS HELD The fresh fruit trade is well supplied

with offerings, and practically no improvement is noted in prices. Grapes are in plenty and peaches are being fered everywhere, Bananas are in supply as are cranges and apples. FORECAST FOR SHIPPERS

Weather bureau sends out the following notice to shippers:

"Protect shipments as far north as Seattle against minimum temperatures of about 42 degrees; northeast to Spokane, 30 degrees; southeast to Boise, 15 degrees; south to Sisklyou, 32 degrees. Minimum temperature at Portland to-night, about 38 degrees."

ADVANCE IN CHICKENS WITH IMPROVED CALL AND SUPPLY IS LIGHT

With Springers Going at 13 Cents and Hens Bringing a Premium Over This; Geese Are Scarce.

Trade in the chicken market is at an advance of fully ic on the street today.

With the better prices ruling in the turkey trade, receivers of fowls generally have been asking more money. Springs are today quoted firm at 13c a pound and are firm at that figure, while extra fancy hens will bring a premium over this.

extra fancy hens will bring a premium over this.

Ruceipts of chickens have dropped off suddenly, and while the big retailers have been prepared for an ordinary emergency, none had expected turkeys to rule so high. Therefore this will force a larger percentage of the trade into the chicken market.

Receipts of dressed chickens have been almost as small during the past few days as have live birds. Most of the dressed stock has a poor appearance.

the dressed stock has a poor appearance, due to improper picking. This results in a lower price than the stock is actually worth.

Gense were never so scarce for Thanksgiving as this season, and a further advance has been forced in the price.

DOUGLAS TURKEY SUPPLIES Estimated 10,500 Birds Have Been

Shipped From the County. Roseburg. Or., Nov. 28.—It is estimated that 10,500 turkeys were shipped from Douglas county for the Thanksgiving trade this year. An additional 2500 will be eaten in Douglas county for Thanksgiving, and this will increase the number to approximately 13,500. This is the lowest number that has been sold for many years.

for many years.

About 7000 of these turkeys were shipped from Oakland and other points in Douglas county, and about 3500 from Roseburg. Most of them were shipped to San Francisco. At an estimate of each turkey averaging 10 pounds in weight, 105,000 pounds of turkeys were shipped from this county, netting the growers more than \$21,000.

DRESSED VEAL IS VERY SCARCE ALONG STREET AND PRICE IS BOOSTED

Market Is Up Fully a Cent a Pound Trade Hard to Start With a Fair Of- Market Reaches 13 1/2 Cents a Pound Practically No Supplies Are Avail-With Talk of 14 Cents Being Paid by One Buyer Who Was Squeezed; Baby Hogs Sell Somewhat Better.

There was a sharp advance in the price of dressed yeal along Front street

price of dressed veal along Front street today. Supplies were nominal, while trade needed quite heavy stocks.

Sales were made generally at 13 ½c for the few that came and one report was that a fraction above this was squeezed out of one buyer. However, the commission trade generally is quoting 13 ½c as the top.

Far the greater per cent of the veal that has entered the Front street trade pacently have been of heavy size—and rough stock at that. This therefore has forced receivers to shade quotations and sales were generally made around 11@ 12 ½c a pound, according to quality.

There is still quite liberal marketing of dressed hogs along the street and this is keeping prices at practically the same range they have held at for about a week.

Baby hogs have been in quite fair sup-

a week.

Baby hogs have been in quite fair supply and the price has ranged from 15c to 17c a pound, or much better than had been expected.

New York, Nov. 28 .- There was a fair showing of strength in most securities today but the major portion of the list was higher. St. Paul, Union Pacific and Amalgamated Copper and United States Steel, common, were the leaders of the upward movement.
