

SULZER SAYS CONGRESS WILL UPHOLD HEBREWS

(United Press Leased Wire.) Washington, Dec. 6.—"Congress will force the abrogation of the treaty of 1832 with Russia," declared Congressman William Sulzer of New York at the White House here today. Sulzer claims that there is a strong sentiment against Russia for violating the terms of the treaty in denying admission to that country of American Jews with proper passports, and that congress will be able to consummate the abrogation of the treaty, irrespective of the attitude of President Taft. "Victor Berger, the Socialist congressman from Milwaukee, also took a decided stand against the attitude of Russia. "We have a conclusive case against Russia for violating the treaty," declared Congressman Sulzer. Victor Berger, the Socialist congressman from Milwaukee, also took a decided stand against the attitude of Russia. "Why does not President Taft give the Russian ambassador to the United States his passport and especially on the bill, our ambassador, the agent for the largest trust, from St. Petersburg?" demanded Berger. "Our good friends, the Japanese, have seen to it that there is no Russian fleet. Our navy ought to be powerful enough to prevent the landing of Cossacks in Alaska."

SIX BIG FEATURES PUT ON AT THE MAJESTIC

The Majestic theatre for the balance of this week presents an exceptional bill of six big features. The special engagement of Harry Mayo, late of the Empire City quartet, offers an extremely attractive bill. His first appearance will be this evening. "In Humanity's Cause" is a strong feature story of love and war, wherein the life of an army officer was saved by the infusion into his veins of the blood of another. The strange results end in a tragedy that is fatal to both. The engagement of the Majestic quartet will be continued indefinitely on account of their increasing popularity, and for the balance of the week they will be heard in "Moonrise," by Pache, and also "I Want a Girl," by Von Tilzer. Two excellent numbers will yet be produced. The Ambrosia company produced the prize winning film, "The Golden Wedding." "The Lineman and the Girl" is another comedy drama telling the tale of how a telephone company attempted to plant a pole in the front yard of a residence in an eastern city. The bill is concluded by a very funny subject, entitled "Too Much Injun."

SMALLEST WARRANT SIGNED BY RUSHLIGHT CALLS FOR 15 CENTS

The smallest warrant yet signed by Mayor Rushlight was one made out in favor of the Northwest Long Distance Telephone company this morning, the amount being 15 cents. The warrant had to go through the regular red tape channels, first being scanned by the ways and means in the claim state, and afterwards being approved by various committees and boards to go before the city auditor for signature. Mayor Rushlight signed the warrant this morning, and after the mayor's secretary, George K. McCord had affixed his initials it became real money.

SECRETARY SUBMITS WATERWAY ESTIMATES

(United Press Leased Wire.) Washington, Dec. 6.—A general program of improvement in aid of navigation throughout the country was shown today in estimates submitted to congress by Secretary of Commerce and Labor Charles Nagel for expenditures in 1913. Nearly \$2,500,000 is asked for lighthouses and lightships. This is a flat increase in the expenditures of the departments, and the sums suggested are: Puget sound, Washington, \$45,000. Pearl harbor, Hawaii, \$80,000. Cape St. Elias Alaska, \$115,000. Anacapa island, California, \$100,000. Point Loma, California, \$17,500. Point Pinos, California, \$30,000. Kaula point, Hawaii, \$15,000. These improvements are considered essential for the immediate needs of navigation. The following improvements were recommended to be undertaken "as resources permit": Orford reef lighthouse, Oregon, \$150,000. Richardson's rock, California, \$140,000. Santa Cruz, California, \$35,000. Santa Barbara, California, \$3000.
