

NO ACCOUNTING OF McNAMARA FUNDS AT PRESENT TIME

Darrow Asserts That \$190,000 Was Contributed to Dynamiters' Defense and All of It Was Used.

(United Press Leased Wire.)
Los Angeles, Jan. 6.—That there will be no immediate accounting of the funds contributed by labor for the defense of the McNamaras was the statement today by Clarence Darrow, chief counsel for the convicted dynamiters. Darrow declared that while he is working consistently on the report which will be made to the American Federation of Labor, his progress is slow because of the magnitude of the task. "Approximately \$190,000 was contributed to the fund," said Darrow, "and we have used all of it. The accounting for all the detailed expenditures is no small task."
"I have not received what is coming to me in fees," Darrow continued, "but I have other important men connected with the defense. We had many high salaried men, including attorneys and investigators. Witnesses came from all parts of the country, and the expense was heavy. There can be no question that the entire subscription was expended, but because of the ramifications of the case, the task of tabulating is large. The report, however, will be made in due time, and every dollar will be accounted for."
Job Harriman, associate counsel for the McNamaras, declared he is ready to render his report.
"Darrow turned over to me about \$5000," Harriman said. "This was used for office rental and to pay the office force. I can show where every penny entrusted to my care was placed, and I am ready to do so at any time."

LOCAL CHINAMEN PLAN CELEBRATION

Progressives of the local Chinese colony last night prepared a program and completed arrangements for a great celebration to be held January 15 here in honor of the birth of the world's newest republic, China, still the land of the poppy, but no longer the land of the queue.
President Lee Quin of the Portland branch of the Young China association, says no expense will be spared in making the celebration a success. Nearly all the large Chinese business houses will close in honor of the day. Invitations have been extended to all the prominent city, county and state officials to attend the parade and a grand banquet to be held in the evening.
One of the features of the event will be a parade through the city streets. This procession will start at 1 o'clock in the afternoon from the Chinese mission between Third and Fourth streets on Davis.
Leading the parade will be a platoon of police, followed by Chinese boys bearing banners, "In honor of our president, Dr. Sun Yat Sen."
Three Chinese on horseback will be next in line. One will carry a United States flag, another the flag of the Chinese republic's navy, and the third the flag of the army.
A 16 piece band will follow the horsemen.
Forty Chinamen dressed in the uniform of the Chinese republican army, will march next and these will be followed by 24 Chinese girls in the costumes of red cross nurses. These will ride in automobiles.
Marching next in files of two will be several hundred members of the Young China association.
After these will come 50 little Chinese girls and boys carrying American flags and singing patriotic American songs. Following the juvenile choir will be another band of 16 pieces and after this will come 100 automobiles conveying prominent citizens of the state. Fireworks in the evening between 7:30 and 8:30 will precede the main banquet. Besides this banquet there will be half a dozen others at various cafes in Chinatown.
The celebration had been planned for tomorrow, but was postponed on account of the disagreeable weather.
Alcohol can be economically manufactured from the refuse of the henequen plant after the sisal hemp is extracted, a process for the purpose having been invented by a Mexican planter.

S. P. ASKS HILLSBORO FOR ELECTRIC ROUTE

(Special to The Journal.)
Hillsboro, Or., Jan. 6.—Southern Pacific officials met with the city council and asked a franchise for an electric line to the center of the city. The proposed new line leaves the main track at Sixth street and goes thence to Main, the principal business street. It runs on Main to the P. R. & N. tracks and connects with the main line again over this line. The franchise provides that cars must operate within the year and eight of Wray Agent Eddy says the present appropriation provides for completion of the line to McMinnville. Final action on the franchise will be taken next Tuesday.

Reciprocity

—We let you make our Clothes, our Shoes, our Gloves because you know how to make them better than we do.
—Let us examine your eyes and make your Glasses because you know that we know how to do these things better than you do.
—Our lens grinding plant is the most modern on the coast. Broken lenses replaced while you wait.

LORIMER INQUIRY TO BE RESUMED

Senatorial Committeemen Prepared to Take Up Investigations Monday.

(By the International News Service.)
Washington, Jan. 6.—The members of the senatorial committee that has been investigating the scandals connected with the election of Senator William Lorimer of Illinois have all returned to Washington from the Christmas holiday vacations. The committee will meet tomorrow morning, when it is expected that Lorimer himself will be called to the witness stand for examination. Official Washington is preparing itself for new revelations in the case, which has been dragging along since last spring, as it is hinted that the testimony of the "blind boys" in his own behalf will be of a nature entirely unexpected by his accusers.
There are all sorts of rumors regarding Lorimer's testimony in his own behalf, and it is now hinted that a number of men, prominent in Chicago business and social circles, whose names heretofore have not been mentioned in connection with the case will be named by the Illinois senator as having had something to do with the charges, which he claims have been trumped up against him.
The members of the committee hope to complete the taking of testimony within the next week or two. This will be good news to those who have been displeased by the way the case has been dragging along since the convening of the special session of congress last spring, when the senate passed a resolution ordering a second investigation, as new evidence had been secured since the exonerating of the Illinoisian in the first investigation.

FEDERAL GRAND JURY BRINGS 2 TRUE BILLS AGAINST J. G. LYMAN

(United Press Leased Wire.)
Los Angeles, Jan. 6.—The federal grand jury brought in two new indictments against John G. Lyman in its final report today. The indictments charge Lyman with fraudulent use of United States mails to further a Panama land deal.
The first indictment sets forth that Lyman practiced fraud in sending letters to induce people to invest in Panama lands when he had no such lands.
The second indictment charged not only fraud in this respect, but that Lyman intended to convert to his own use all money paid in for the supposed investments in Panama.
Lyman is now confined in the federal prison at McNeil's island, having been sentenced for 18 months for breaking from federal custody.

IN OREGON 3022 MILES IS UNDER COMMISSION

(Salem Bureau of The Journal.)
Salem, Or., Jan. 6.—That more money has been expended for railroad construction in Oregon since the creation of the present commission five years ago than was expended in the whole previous history of the state is shown in the annual report of the railway commission completed tonight. Today the commission exercises jurisdiction over 3022 operated miles.
"The man with a dollar to invest in railroad building has found Oregon not only a desirable but a safe place for his investment. At present the railroad is willing to concede the right of the public to demand adequate service and reasonable, nondiscriminatory rates. The extensions of the state's rail system during the past year have been marked and indicate a new day has begun in Oregon," says the report in part.
Following are some of the figures showing the business of the railroads in Oregon during the past year: Total operating revenues of all roads, \$27,650,415; total operating expenses assignable to Oregon, \$16,207,166; net operating revenue, less taxes in Oregon, \$9,870,957.

FLAG OF NEW REPUBLIC RAISED IN ONTARIO

Ontario, Or., Jan. 6.—A flag of the new republic of China was received here yesterday from the Chinese consul at San Francisco with the request that it be raised on the city flag pole under the stars and stripes. His request was granted, and the flag, which is in red with an emblem of the sun encircled by twelve rays, illustrated by triangles, floats from the Hooply flag pole in the city park. The Ontario Chinese are jubilant over the raising of this flag.

Indicted for Assault.

Grants Pass, Or., Jan. 6.—Henry Woolridge was indicted by the grand jury for assault with a dangerous weapon on John O. O'Leary, committed in Grants Pass two months ago. Two or three other indictments of minor importance were also returned.
Bootlegger Gets 30 Days and \$100.
The Dates, Or., Jan. 6.—In the justice court yesterday Ralph McCormick was convicted of selling whiskey in Cello precinct, which is dry territory, and was sentenced to 30 days in jail and to pay a fine of \$100. His attorney, Judge R. R. Butler, gave notice of appeal.

Couple, Each 71, Celebrate Golden Wedding

James Lugg and wife, who were married 50 years ago in Cornwall, England—Each hearty and happy.

Hearty and happy with the happiness of youth Mr. and Mrs. James Lugg of 521 Beacon street, celebrated their "Golden wedding" anniversary last Monday evening. Each is 71 years old. Mr. Lugg proudly wore and displayed the checkered vest that he had worn when he was married 50 years ago in England, and which he has worn at every wedding anniversary since. Mrs. Lugg proudly boasted that her eyes were almost as bright and clear of vision as when she became a wife 50 years ago. Mr. and Mrs. Lugg were born in Cornwall, England. They came to the United States in 1864 and made their home in Pennsylvania until 1876. They came to Portland in 1880. Twelve children were born of their union, one of whom only is yet living, Mrs. Max M. Smith of 180 East Twenty-eighth street north.

ONTARIO TAX LEVY IS ONLY 6 MILLS

Council Will Be Able to Continue Improvements Just as in 1910 and 1911.

(Special to The Journal.)
Ontario, Or., Jan. 6.—The tax levy for Ontario has been fixed by the city council for 1912 at six mills. A material decrease over previous levies, as the levy for 1911 was 12 mills and the levy for 1910 was 16 and 6-10 mills. This reduction in levy does not signify that the city council intends to retrench, nor does it intend to discontinue the improvements it has been making during the past two years.
This six mill levy will provide a sufficient fund with licenses to be paid into the city treasury to cover the running expenses of the city government and to provide for the building of a \$3000 city jail and put about \$2000 into a drainage system, and will also provide sufficient funds for street and other improvements. Several concrete crosswalks will be built and several blocks of sidewalks will be put in. In making the levy the city council has had set aside about \$1000 to be expended in cleaning streets and alleys. The mayor and all the members of the council think the streets and alleys must be kept clean and sanitary, and the street committee and health officer have been instructed to enforce the or-

dinances and carry out the wishes of the mayor and the council in this respect.
The increase in the assessable property in Ontario during the past year has been about \$300,000. This of course includes only a small percentage of the increase in the actual taxable property of the city, as several hundred thousand dollars in building has been put up since the assessment was made in March.
The present tax valuation of Ontario is \$1,000,000; the valuation of 1911 was considerably less than three-fourths of a million, while the valuation of 1910 will be not less than one and one-fourth million dollars.

"POLICE PLANT" IS CHARGE INTIMATED

(United Press Leased Wire.)
Los Angeles, Jan. 6.—That the defense in the case of Bert H. Conners, charged with complicity in an attempt to blow up the Los Angeles Hall of Records will base its case upon an allegation that the whole affair was a "police plant" was intimated today by persons connected with the case.
It is stated that the defense will call as a witness Policeman C. A. Abel, who arrested Conners in an alley near the Hall of Records, searching him on the spot. Abel found no explosives on his prisoner or anything to indicate a possible attempt at violence.
The result of this phase of the Conners defense, the attorneys claim will be of the utmost importance in the ensuing trial of Ira Bender and A. B. Maple, arrested on a similar charge.

CLARK'S FRIENDS HINT AT INSANITY

Murderer of Centralia Banker Said to Be Mentally Lacking.

(Special to The Journal.)
Hoquiam, Wash., Jan. 6.—That insanity will play an important part in the defense of Albert Clark, alleged murderer of Lawrence Clark, the Centralia banker whom he shot several days ago, is the information gained here today. Intimate friends of Clark state that he had a mania for gambling, and was mentally unbalanced at times. He has a brother whose mind is also slightly deranged.
Speaking of the matter, Fred Whitney, with whom Clark roomed for three years, said: "Clark was not in his right mind when he committed that deed. He has been off for some time, and we have commented on his peculiar actions."
Tony Nichols and other friends make the same statements, and say that they will go to Chehalis when Clark's trial comes up and testify in his behalf.
If a steel surface that is to be polished with emery cloth be wiped first with a light oil many of the fine particles of dirt will float away and the cloth will not gum so quickly.

Edwards' 34th Annual CLEARANCE SALE

More than three-quarters of our stock is marked with the special discount tickets described below. These discount tickets are in addition to the regular 10 per cent discount we always allow for cash. The regular price tickets remain on the goods also, so you can see what the saving is. A \$10 article with a white discount ticket will cost \$8.10, if it has a red ticket it is reduced to \$7.88, a blue ticket brings it down to \$7.50, or a green ticket makes it only \$6.75. The biggest items that go to make up the "High Cost of Living" are "High Rents" and "Advertising." When you buy here you eliminate at least half of the rent and advertising expense generally charged. For instance, the best known felt mattress in the country sold at \$15 has added to its cost \$5.65 for advertising expense on every one. You can get a better one here for \$12. Other things likewise.

- 10 Per Cent Discount ON GOODS MARKED With WHITE TICKETS
