ANNUAL JANUARY Clearance Sale

Great Overstocks Must Be Disposed of Before We Close Our Books for the Business Year

The "Store of Best Values" believes that it shouldn't "dilly-dally" about a matter so vitally important to the interest of the public and itself as an Annual Clearance, and that is why right at the start we cut prices fearlessly, for there can be no question that what is worth doing at all is worth doing with might and main. Quick and decided action is called for at this eventful period in our business year, and our energies and resources have been taxed to the utmost to assure in advance that the clearance would be radical, absolute and showing no favor toward any one department of the store. That is why everything has been reduced, and that accounts for the great crowds of satisfied purchasers which have filled the aisles of the Roberts Bros.' establishment during the week just past.
